**Eyes on Target** Scott McEwen, Richard Miniter, 2015-03-31 Told through the eyes of current and former Navy SEALs, EYES ON TARGET is an inside account of some of the most harrowing missions in American history—including the mission to kill Osama bin Laden and the mission that wasn't, the deadly attack on the US diplomatic outpost in Benghazi where a retired SEAL sniper with a small team held off one hundred terrorists while his repeated radio calls for help went unheeded. The book contains incredible accounts of major SEAL operations—from the violent birth of SEAL Team Six and the aborted Operation Eagle Claw meant to save the hostages in Iran, to key missions in Iraq and Afghanistan where the SEALs suffered their worst losses in their fifty year history—and every chapter illustrates why this elite military special operations unit remains the most feared anti-terrorist force in the world. We hear reports on the record from retired SEAL officers including Lt. Cmdr. Richard Marcinko, the founder of SEAL Team Six, and a former Commander at SEAL team Six, Ryan Zinke, and we come away understanding the deep commitment of these military men who put themselves in danger to protect our country and save American lives. In the face of insurmountable odds and the imminent threat of death, they give all to protect those who cannot protect themselves. No matter the situation, on duty or at ease, SEALs never, ever give up. One powerful chapter in the book tells the story of how one Medal of Honor winner saved another, the only time this has been done in US military history. EYES ON TARGET includes these special features: A detailed timeline of events during the Benghazi attack Sample rescue scenarios from a military expert who believes that help could have reached the Benghazi compound in time The US House Republican Conference Interim Progress Report on the events surrounding the September 11, 2012 Terrorist Attacks in Benghazi Through

their many interviews and unique access, Scott McEwen and Richard Minter pull back the veil that has so often concealed the heroism of these patriots. They live by a stringent and demanding code of their own creation, keeping them ready to ignore politics, bureaucracy and-if necessary-direct orders. They share a unique combination of character, intelligence, courage, love of country and what can only be called true grit. They are the Navy SEALs, and they keep their Eyes on Target.

**Living on Target** Kevin Smith, 2009-03-19 This life-challenging book shows you how to put your life in biblical order in these four target areas: Christ, the home, the church and the world. Every person needs a spiritual target to aim for. If we aim at nothing spiritually, we can be certain we will achieve nothing of eternal value. You will learn that by faithfully determining to live on target, you will please God, experience His freedom and advance the Great Commission of making disciples. Most importantly, your experience at the judgment seat of Christ will be determined by what you aim for and practice spiritually. Says the author, "Living on Target will become a spiritual filter for how we live our lives on earth as we prepare to meet our God face to face."

Hot Target Suzanne Brockmann, 2005-11-29 Bestselling author Suzanne Brockmann knows exactly what makes hearts race and pulses pound: peril and passion. No one succeeds more brilliantly at blending these exhilarating elements in breathtaking novels of men and women forced to grapple with the deepest emotions and the highest risks. And there's no better proof than Hot Target. Like most men of action, Navy SEAL Chief Cosmo Richter never learned how to take a vacation. So when he finds himself facing a month's leave, he offers his services to Troubleshooters Incorporated. Founded by a former SEAL, the private-sector security firm is a major player in the ongoing war against terrorism, known for carrying out covert missions too volatile for official U.S. military action. But the first case Richter takes on is anything but under the radar. High-profile maverick movie producer Jane Mercedes Chadwick hasn't quite completed her newest film, but she's already

courting controversy. The World War II epic frankly portrays the homosexuality of a real-life hero-and the storm of advance media buzz surrounding it has drawn the fury of extremist groups. But despite a relentless campaign of angry E-mails, phone calls, and smear tactics, Chadwick won't be pressured into abandoning the project. Then the harassment turns to death threats. While the FBI appears on the scene, nervous Hollywood associates call in Troubleshooters, and now Chadwick has an army of round-the-clock bodyguards, whether she likes it or not. And she definitely doesn't. But her stubbornness doesn't make FBI agent Jules Cassidy's job any easier. The fiercely independent filmmaker presents yet another emotional obstacle that Cassidy doesn't need-he's already in the midst of a personal tug-of-war with his ex-lover, while fighting a growing attraction to Chadwick's brother. Determined to succeed-and survive-on her own terms, Chadwick will face off with enemies and allies alike. But she doesn't count on the bond she forms with the quiet, capable Cosmo Richter. Yet even as their feelings bring them closer, the noose of deadly terror all around them draws tighter. And when all hell erupts, desire and desperate choices will collide on a killing ground that may trap them both in the crossfire.
