The Emerald Light in the Air Donald Antrim, 2014-09-02 Nothing is simple for the men and women in Donald Antrim's stories. As they do the things we all do—bum a cigarette at a party, stroll with a girlfriend down Madison Avenue, take a kid to the zoo—they're confronted with their own uncooperative selves. These artists, writers, lawyers, teachers, and actors make fools of themselves, spiral out of control, have delusions of grandeur, despair, and find it hard to imagine a future. They talk, they listen, they hope, they dream. They look for communion in a city, both beautiful and menacing, which can promise so much and yield so little. But they are hungry for life. They want to love and be loved. These stories, all published in *The New Yorker* over the last fifteen years, make it clear that Antrim is one of America's most important writers. His work has been praised by his significant contemporaries, including Jonathan Franzen, Thomas Pynchon, Jeffrey Eugenides, and George Saunders, who described *The Verificationist* as one of the most pleasure-giving, funny, perverse, complicated, addictive novels of the last twenty years. And here is Antrim's best book yet: the story collection that reveals him as a master of the form.

**All I Love and Know** Judith Frank, 2014-07-15 Told with the storytelling power and emotional fidelity of Wally Lamb, this is a searing drama of a modern American family on the brink of dissolution, one that explores adoption, gay marriage, and love lost and found. For years, Matthew Greene and Daniel Rosen have enjoyed a quiet domestic life together in Northampton, Massachusetts. Opposites in many ways, they have grown together and made their relationship work. But when they learn that Daniel's twin brother and sister-in-law have been killed in a bombing in Jerusalem, their lives are suddenly, utterly transformed. In dealing with their families and the need to make a decision about who will raise the deceased couple's two children, both Matthew and Daniel are confronted with challenges that strike at the very heart of their relationship. What is Matthew's place in an extended family that does not completely accept him or the commitment he and Daniel have made? How do Daniel's questions about his identity as a Jewish man affect his life as a gay American? Tensions only intensify when they learn that the deceased parents wanted Matthew and Daniel to adopt the children—six-year-old Gal, and baby Noam. The impact this instant new family has on Matthew, Daniel, and their relationship is subtle and heartbreaking, yet not without glimmers of hope. They must learn to reinvent and redefine their bond in profound, sometimes painful ways. What kind of parents can these two men really be? How does a family become strong enough to stay together and endure? And are there limits to honesty or commitment—or love?

**Painted Horses** Malcolm Brooks, 2014 Catherine Lemay, a young archeologist surveying a Montana canyon in the 1950s ahead of the planned construction of a major dam, meets a former mounted cavalryman who shows her the beauty in the stark landscape around her.

Before, During, After Richard Bausch, 2014-08-12 From the recipient of the PEN/Malamud Award, the Literature Award from the American Academy of Arts and Letters, and the Rea Award for the Short Story: a gorgeously rendered, passionate account of a relationship threatened by secrets, set against the backdrop of national tragedy. When Natasha, a talented young artist working as a congressional aide, meets Michael Faulk, an Episcopalian priest struggling with his faith, the stars seem to align. Although he is nearly two decades older, they discover in each other the happy yearning and exhilaration of lovers, and within months they are engaged. Shortly before their wedding, while Natasha is vacationing in Jamaica and Faulk is in New York attending the wedding of a family friend, the terrorist attacks of September 11 shatter the tranquillity of the nation's summer. Alone in a state of abject terror, cut off from America and convinced that Faulk is dead, Natasha makes an error in judgment that leads to a private trauma of her own on the Caribbean shore. A few days later, she and Faulk are reunited, but the horror of that day and Natasha's inability to speak of it inexorably divide their relationship into "before" and "after." They move to Memphis and begin their new life together, but their marriage quickly descends into repression, anxiety, and suspicion. In prose that is direct, exact, and lyrical, Richard Bausch plumbs the complexities of public and personal trauma, and the courage with which we learn to face them. Above all, *Before, During, After* is a love story, offering a penetrating and exquisite portrait of intimacy, of spiritual and physical longing, and of the secrets we convince ourselves to keep even as they threaten to destroy us. An unforgettable tour de force from one of America's most distinguished storytellers.

After five hectic years of retirement from Lord’s Chapel, Father Tim Kavanagh returns with his wife, Cynthia, from the land of his Irish ancestors. While he’s glad to be at home in Mitford, something is definitely missing from his life: a pulpit. But when he’s offered one, he decides he doesn’t want it. For years, he believed he had a few answers. Now he has questions. How can he possibly help Dooley’s younger brother, Sammy, make it through the fallout of a disastrous childhood? Could doing a good deed for the town bookstore be the best thing for his befuddled spirit? And who was riding through town in a limo? Not Edith Mallory. Then an editorial in the weekly Muse poses a question that sets the whole town looking for answers: Does Mitford still take care of its own?

Butterworth IV comes the first Clandestine Operations novel—featuring a new kind of threat and a different breed of warrior. In the first weeks after World War II, James D. Cronley, Jr., is recruited for a new enterprise that will eventually be transformed into something called the CIA. For a new war has already begun against an enemy that is bigger, smarter, and more vicious: the Soviet Union. The Soviets have hit the ground running, and Cronley’s job is to help frustrate them, harass them, and spy on them any way he can. But his first assignment might be his last. He’s got only seven days to extract a vital piece of information from a Soviet agent, and he’s already managed to rile up his superior officers. If he fails now, his intelligence career could be the shortest in history. Because there are enemies everywhere—and, as Cronley is about to find out, some of them wear the same uniform he does...

*The King: A Novel* Kader Abdolah, 2015-10-27 A hypnotic page-turner about the grinding gears of historical change and ruthless palace intrigue in Persia, c. 1848. The King, young Shah Naser, takes to the throne of Persia at a turning point of history: he inherits an enchanted medieval world of harems, eunuchs, and treasures as well as a palace of secret doors, sudden deaths, and hidden agendas. Within the court is danger enough: outside all manner of change threatens—industrialization, colonization. Russia and England conspire to open the King’s empire; his mother and his vizier take opposing sides. The poor King—almost an exact contemporary of Queen Victoria—is trapped. He likes some aspects of modernity (electricity, photography) but can’t embrace democracy. He must be a sovereign: he must keep his throne. The King cannot face change and he cannot escape it. With this gleaming and seemingly simple story, breathlessly paced and beautifully told, Kader Abdolah, the acclaimed Iranian émigré novelist, speaks of deeper truths. A novel which has many timely things to say about eras of change and upheaval, *The King* is an unforgettable book.

**Mr. Tall** Tony Earley, 2014-08-26 In *Mr. Tall*, his first story collection in two decades, Tony Earley brings us seven rueful, bittersweet, riotous studies of characters both ordinary and mythical, seeking to make sense of the world transforming around them. He demonstrates once again the prodigious storytelling gifts that have made him one of the most accomplished writers of his generation. In the title story, a lonely young bride terrifyingly shares a remote mountain valley with a larger-than-life neighbor, while the grieving widow of *The Cryptozoologist* is sure she's been visited by a Southern variant of Bigfoot. *Have You Seen the Stolen Girl?* introduces us to the ghost of Jesse James, who plagues an elderly woman in the wake of a neighborhood girl's abduction. In *Haunted Castles of the Barrier Islands* a newly empty-nest couple stumbles through an impenetrable Outer Banks fog seeking a new life to replace the one they have lost, while *Yard Art* follows the estranged wife of a famous country singer as she searches for an undiscovered statue by an enigmatic artist. In the concluding novella, *Jack and the Mad Dog*, we find Jack—the giant killer of the stories—in full flight from threats both canine and existential. Earley indelibly maps previously undiscovered territories of the human heart in these melancholy, comic, and occasionally strange stories. Along the way he leads us on a journey from contemporary Nashville to a fantastical land of talking dogs and flying trees, teaching us at every step that, even in the most familiar locales, the ordinary is never just that.

*The Dog* Jack Livings, 2014-08-05 A collection set in the shifting landscape of contemporary China explores its cultural and social fault lines to reveal a nation dominated by Communist-driven hardships and features such protagonists as a miserly former peasant, a Uyghur gangster and a marginalized journalist.

**Heroes Are My Weakness** Susan Elizabeth Phillips, 2014-08-26 New York Times bestselling author Susan Elizabeth Phillips is back with a delightful novel filled with her sassy wit and dazzling charm. He's a reclusive writer whose imagination creates chilling horror novels. She's a down-on-her-luck actress reduced to staging kids' puppet shows. He knows a dozen ways to kill his characters with his bare hands. She knows a dozen ways to kill an audience with laughs. But she's not laughing now. Annie Hewitt has arrived on Peregrine Island in the middle of a snowstorm and at the end of her resources. She's broke, dispirited, but not quite ready to give up. Her red suitcases hold the puppets she uses to make her living: sensible Dilly, spunky Scamp, and Leo, the baddest of bad guys. Her puppets, the romantic novels she loves, and a little bit of courage are all she has left. Annie couldn't be more ill prepared for what she finds when she reaches Moonraker Cottage or for the man who dwells in Harp House, the mysterious mansion that hovers above the cottage. When she was a teenager, he betrayed her in a way she can never forget or forgive. Now they're trapped together on a frozen island along with a lonely widow, a mute little girl, and townspeople who don't know how to mind their own business. Is he the villain she remembers, or has he changed? Her head says no. Her heart says yes. It's going to be a long, hot winter.

*Skin of the Wolf* Sam Cabot, 2015-08-04 It was shocking enough for Father Thomas Kelly to discover a community of vampires. Even more so was that two colleagues, art historian Livia Pietro and scholar Spencer George, were among them. Now they're working together in New York City. When Spencer is attacked in Central Park by a wolf, they're plunged into a world where Native American lore and the doctrines of the Catholic Church have collided, resulting in a catastrophic revelation: the wolf is a shapeshifter and he is searching for a sacred mask with power that, badly wielded, could destroy millions of lives.

*Five Days Left* Julie Lawson Timmer, 2014-09-09 “A beautifully drawn study of what is at risk when you lose control of your own life. Unique, gripping, and viscerally moving—this impressive debut novel heralds the arrival of an extremely talented writer.” —Jodi Picoult, New York Times—bestselling author of *Leaving Time* Destined to be a book club favorite, a heart-wrenching debut about two people who must decide how much they’re willing to sacrifice for love. Mara Nichols is a successful lawyer, devoted wife, and adoptive mother who has received a

life-shattering diagnosis. Scott Coffman, a middle school teacher, has been fostering an eight-year-old boy while the boy’s mother serves a jail sentence. Scott and Mara both have five days left until they must say good-bye to the ones they love the most. Through their stories, Julie Lawson Timmer explores the individual limits of human endurance and the power of relationships, and shows that sometimes loving someone means holding on, and sometimes it means letting go.
