Social Innovations in Post-Soviet Countries Bakhrom Radjabov,2022-06-01 This book evaluates the evolution of social innovation in post-Soviet Central Asia, Eastern Europe and Caucasus. Following the dissolution of the USSR, organisations such as the UNDP have encouraged local communities and governments to innovate in order to find solutions to existing social problems. This book demonstrates that progress with social innovations has varied, with countries with low government support such as Uzbekistan struggling, whereas countries with better government support and a more active civil society, such as Armenia and Ukraine, have seen more positive results. Covering the period 2012-2020 and a broad range of countries, including Kazakhstan, Kyrgyzstan, Tajikistan

and Uzbekistan, Moldova, Ukraine, Azerbaijan, Armenia, and Georgia, this book provides an impressively broad-ranging critical analysis of post-Soviet social innovation. Including social innovations emerging as a result of the Covid-19 outbreak, this will be an important comparative study for researchers and practitioners working on social innovation, and to those with an interest in post-Soviet development.

China's Digital Economy: Opportunities and Risks Ms.Longmei Zhang,Ms.Sally Chen,2019-01-17 China's digital economy has expanded rapidly in recent years. While average digitalization of the economy remains lower than in advanced economies, digitalization is already high in certain regions and sectors, in particular e-commerce and fintech, and costal regions. Such transformation has boosted productivity growth, with varying impact on employment across sectors. Going forward, digitalization will continue to reshape the Chinese economy by improving efficiency, softening though not reversing, the downward trend of potential growth as the economy matures. The government should play a vital role in maximizing the benefits of digitalization while minimizing related risks, such as potential labor disruption, privacy infringement, emerging oligopolies, and financial risks.
