No One at the Wheel Samuel I. Schwartz,2018-11-20 The country's leading transport expert describes how the driverless vehicle revolution will transform highways, cities, workplaces and laws not just here, but across the globe. Our time at the wheel is done. Driving will become illegal, as human drivers will be demonstrably more dangerous than cars that pilot themselves. Is this an impossible future, or a revolution just around the corner? Sam Schwartz, America's most celebrated transportation guru, describes in this book the revolution in self-driving cars. The ramifications will be dramatic, and the transition will be far from seamless. It will overturn the job market for the one in seven Americans who work in the trucking industry. It will cause us to grapple with new ethical dilemmas-if a car will hit a person or a building, endangering the lives of its passengers, who will decide what it does? It will further erode our privacy, since the vehicle can relay our location at any moment. And, like every other computer-controlled device, it can be vulnerable to hacking. Right now, every major car maker here and abroad is working on bringing autonomous vehicles to consumers. The fleets are getting ready to roll and nothing will ever be the same, and this book shows us what the future has in store.

**Marketing Research** Carl McDaniel, Jr.,Roger Gates,2018-01-31 In Marketing Research, 11th Edition, authors Carl McDaniel & Roger Gates share their industry experience to teach students how to make critical business decisions through the study of market research. Designed for marketing research courses, the authors' practical, applications-based approach features Real Data, Real People, and Real Research, to prepare students to conduct and use market research for future careers in business. Marketing Research, 11th Edition features new trends, features and cases throughout, with updated chapters featuring new examples of companies and research firms, from Ilycaffe, the famous Italian coffee brand, Twitter, ESPN, Ford and General Motors. Co-author Roger Gates, President of DSS Research, infuses the text with a practitioner perspective, helping students learn how to use marketing research through a practical presentation of theory and practice.

Federal Register ,2013-10

George Boyle White: surveyor, colonial citizen, diarist Les Dalton,Jenny McCarthy,2014-07-03 A dedicated diarist, White compiled a detailed account of colonial life in the Hunter Valley away from its hub in Sydney. In the privacy of his diary, where ‘an opinion could be given without incurring censure’, commentaries on other colonials could be harsh, while casting himself as imposed upon by family and friends. A nervous public speaker he could, when aroused, write an abrasive letter or stir public controversy. He was fond of reading the classics, filled notebooks with quotations and quoted them in his diaries. Feeling isolated in the antipodes he followed closely news of world events. Perhaps he can best be thought of as a thwarted intellectual living in a colonial backwater. Elected to the Legislative Assembly in 1858, he chaired an inquiry with significant outcomes for land settlement. He was, said a contemporary, not only a historian, and an eyewitness, but “a prominent actor in the parts he recorded”.

**One Step Ahead** David Sally,2020-05-05 There’s been a revolution in negotiating tactics. The world’s best negotiators have moved beyond How to Win Friends & Influence People and Getting to Yes. For over twenty years. David Sally has been teaching the art of negotiation at leading business schools and to executives at top companies. Now, he delivers the proven, clear, actionable insights you need to stay competitive in an ever-changing marketplace. One Step Ahead offers the fundamental wisdom that elevates the sophisticated negotiator above everyone else. Readers will gain the advantage in everything from determining when to negotiate and deciphering a game strategically, to understanding which personality traits matter, why emotions are not necessarily to be avoided, and how to be tough and fair. You’ll learn to be round on the outside and square on the inside, how to command the idiom, why to avoid bumping into the furniture, and how to achieve mastery of the word and the number. While all of life is not a negotiation, Sally says, a negotiation incorporates all of life—One Step Ahead is for anyone and everyone who bargains, parents, manages, buys, sells, emotes, and engages. Based on cutting-edge studies and real-world results, and drawing parallels to everything from the NBA to the corner con game to Machiavelli, Xi Jinping, and Barack Obama, One Step Ahead upends conventional wisdom to make sure that you have what it takes to stay one step ahead—no matter whom you are facing across the table.
