**Movies and Music** Martin Gitlin,2019-08-01 Movies and music have come a long way thanks to technology, from watching movies on the big screen at a theater and listening to big vinyl records on a bulky record player to streaming hundreds of movies and music wirelessly with just a click of a button. In Movies and Music in the Disruptors in Tech series, readers will discover how technology has and continues to disrupt the movie and music industries. Series includes a table of contents, tech-forward sidebars, a timeline, glossary, index, and author biography.

**On-Demand Culture** Chuck Tryon,2013-07-18 The movie industry is changing rapidly, due in part to the adoption of digital technologies. Distributors now send films to theaters electronically. Consumers can purchase or rent movies instantly online and then watch them on their high-definition televisions, their laptops, or even their cell phones. Meanwhile, social media technologies allow independent filmmakers to raise money and sell their movies directly to the public. All of these changes contribute to an “on-demand culture,” a shift that is radically altering film culture and contributing to a much more personalized viewing experience. Chuck Tryon offers a compelling introduction to a world in which movies have become digital files. He navigates the complexities of digital delivery to show how new modes of access—online streaming services like YouTube or Netflix, digital downloads at iTunes, the popular Redbox DVD kiosks in grocery stores, and movie theaters offering digital projection of such 3-D movies as Avatar—are redefining how audiences obtain and consume motion picture entertainment. Tryon also tracks the reinvention of independent movies and film festivals by enterprising artists who have built their own fundraising and distribution models online. Unique in its focus on the effects of digital technologies on movie distribution, On-Demand Culture offers a corrective to address the rapid changes in the film industry now that movies are available at the click of a button.

*33 Movies to Restore Your Faith in Humanity* Roger Ebert,2012-05-08 In this e-book exclusive, the Pulitzer Prize-winning film critic presents reviews of 33 films that showcase the power of the human spirit. *The Science Fiction Film in Contemporary Hollywood* Evdokia Stefanopoulou,2023-07-27 The Science Fiction Film in Contemporary Hollywood focuses on the American science fiction (SF) film during the period 2001-2020, in order to provide a theoretical mapping of the genre in the context of Conglomerate Hollywood. Using a social semiotics approach in a systematic corpus of films, the book argues that the SF film can be delineated by two semiotic squares -the first one centering on the genre's more-than-human ontologies (SF bodies), and the second one focusing on its imaginative worlds (SF worlds). Based on this theoretical framework, the book examines the genre in six cycles, which are placed in their historical context, and are analyzed in relation to cultural discourses, such as technological embodiment, race, animal-human relations, environmentalism, global capitalism, and the techno-scientific Empire. By considering these cycles -which include superhero films, creature films, space operas, among others-as expressions of the genre's basic oppositions, the book facilitates the comparison and juxtaposition of films that have rarely been discussed in tandem, offering a new perspective on the multiple articulations of the SF film in the new millennium.

The Internet and Instruction Ann E. Barron,Karen S. Ivers,1998-06-15 Students can explore a variety of subjects with these cross-curricular Internet activities. Designed for educators and students, this guide to telecommunications and the Internet demystifies the technology and provides relevant, feasible, and easy-to-implement ideas and activities for the classroom. Expanded coverage of Web resources and cross-curricular activities are available in this new edition. Projects (arranged by subject area), encourage students to explore the Internet and help them learn in a variety of areas. **How to Make and Sell Your Film Online and Survive the Hollywood Implosion While Doing It** Scott McMahon,2015-04-15 Steven Spielberg has said, There's going to be an implosion ... mega budget movies are going to go crashing into the ground ... and that's going to change the paradigm. If the Hollywood implosion does come to fruition ... then where do aspiring filmmakers go to make a living? This unique Survival Guide written by Scott McMahon, founder of FILM TROOPER, is designed to help the über independent filmmaker navigate the terrain of direct distribution and how best to sell a digital product online. There are a lot of books on how to make a movie and how to be part of the Hollywood machine; but this step-by-step guide will show you, the über independent filmmaker, how to bypass all of that and get to the heart of making and selling digital products (your film) directly to an online audience ... and survive the Hollywood implosion while doing it.

The Oxford Handbook of Chinese Cinemas Carlos Rojas,Eileen Chow,2013-03-13 What does it mean for a cinematic work to be Chinese? Does it refer specifically to a work's subject, or does it also reflect considerations of language, ethnicity, nationality, ideology, or political orientation? Such questions make any single approach to a vast field like Chinese cinema difficult at best. Accordingly, The Oxford Handbook of Chinese Cinemas situates the term more broadly among various different phases, genres, and distinct national configurations, while taking care to address the consequences of grouping together so many disparate histories under a single banner. Offering both a platform for cross-disciplinary dialogue and a mapping of Chinese cinema as an expanded field, this Handbook presents thirty-three essays by leading researchers and scholars intent on yielding new insights and new analyses using three different methodologies. Chapters in Part I investigate the historical periodizations of the field through changing notions of national and political identity -- all the way from the industry's beginnings in the 1920s up to its current forms in contemporary Hong Kong, Taiwan, and the global diaspora. Chapters in Part II feature studies centered on the field's taxonomical formalities, including such topics as the role of the Chinese opera in technological innovation, the political logic of the Maoist film, and the psychoanalytic formula of the kung fu action film. Finally, in Part III, focus is given to the structural elements that comprise a work's production, distribution, and reception to reveal the broader cinematic apparatuses within which these works are positioned. Taken together, the multipronged approach supports a wider platform beyond the geopolitical and linguistic limitations in existing scholarship. Expertly edited to illustrate a representative set of up to date topics and approaches, The Oxford Handbook of Chinese Cinemas provides a vital addition to a burgeoning field still in its formative stages.

**The Movie Lovers' Club** Cathleen Rountree,2011-02-09 Large screen TVs and full-line DVD services have liberated movie lovers from fear of parking and stale popcorn. Across the country, movie lovers are staying in and creating their own version of book clubs — but without the homework. The Movie Lovers’ Club — the only guide for movie nights with friends — motivates readers to form their own Lovers’ Club clubs to explore the more than 100 excellent film suggestions, summaries, critical reviews, and insider anecdotes. Author Cathleen Rountree offers a year’s worth of must-see classic, contemporary, independent, and foreign films and provocative discussion questions to keep the cinematic conversation lively. With everything readers need to know to start a Movie Lovers’ Club, the book’s selections run the gamut and include powerful films such as To

Kill a Mockingbird, Henry and June, and Real Women Have Curves. Whether you need advice for a political group, a girls’ night out party, or a band of indie film devotees, movie watching reaches new depths with ideas on where, when, and how to launch a film group.

*Amateur Filmmaking* Laura Rascaroli,Gwenda Young,Barry Monahan,2014-02-27 With the advent of digital filmmaking and critical recognition of the relevance of self expression, first-person narratives, and personal practices of memorialization, interest in the amateur moving image has never been stronger. Bringing together key scholars in the field, and revealing the rich variety of amateur filmmaking-from home movies of Imperial India and film diaries of life in contemporary China, to the work of leading auteurs such as Joseph Morder and Péter Forgács-*Amateur Filmmaking* highlights the importance of amateur cinema as a core object of critical interest across an array of disciplines. With contributions on the role of the archive, on YouTube, and on the impact of new technologies on amateur filmmaking, these essays offer the first comprehensive examination of this growing field.

*Writing the Comedy Movie* Marc Blake,2015-12-17 A practical guide to creating the comedy movie, referencing its subgenres, history, and tropes, along with exclusive interviews with craft practitioners--

**Remaking the Movies Digital Content and the Evolution of the Film and Video Industries** OECD,2008-05-05 Analyses the impact of digital content creation, distribution and use on value chains and business models of the film and video industry and explores the policy implications of these changes to identify how digital content may affect the function and position of participants in the industry.

**Ebert's Bigger Little Movie Glossary** Roger Ebert,2013-07-30 An expanded glossary of movie clichés from the Pulitzer Prize-winning film critic. The popular film critic offers a compilation of witty and wise observations about the film lexicon, including “Fruit Cart,” a chase scene through an ethnic or foreign locale, or “The Non-Answering Pet,” referring to a dead pet in a horror movie.

Full-Throttle Franchise Joshua Gulam,Fraser Elliott,Sarah Feinstein,2023-01-12 When the first Fast & Furious film was released in June 2001, few predicted that it would be a box office hit, let alone the launchpad for a multi-billion-dollar franchise. A mid-budget crime movie set around L.A.'s underground car-racing scene, featuring a cast of relative unknowns, the film became one of the surprise hits of that summer, earning more than 5 times its budget in worldwide ticket sales. 2 decades and 9 films later, Fast & Furious today ranks among the 10 highest-grossing movie franchises of all time, with a box office total of \$6.6 billion and has also given rise to an animated TV show and theme park ride. Full-Throttle Franchise is the first book to offer an in-depth analysis of the Fast & Furious, bringing together a range of scholars to explore not only the style and themes of the franchise, but also its broader cultural impact and legacy. The collected essays establish the franchise's importance in cinematic and ideological terms, linking their discussions to wider issues of genre, representation, adaptation, and industry. Topics range from stardom and performance, focusing on key actors Vin Diesel and Dwayne Johnson, to the way in which Fast & Furious intersects with dominant ideas of racial, gender, and sexual identity. Aimed at both scholars and fans, Full-Throttle Franchise seeks to uncover just what has made Fast & Furious so enduringly popular, mapping its outrageous set pieces, ever-expanding universe, and growing cast of global megastars in terms of wider cultural and industrial forces.

**Covid-19's Economic Impact And Countermeasures In China** Shi Yi Chen,Zhiqing Li,2022-07-14 The book studies the impact of COVID-19 on the Chinese economy and the country's response to policies. It examines various aspects of national macroeconomic operations, industrial shocks, changes in financial markets, regional economic order, public governance challenges. It also analyzes changes in the world economy while integrating economic, financial, industrial, and environmental disciplines.At the macro level, the book emphasizes counter-cyclical responses, with an emphasis on comprehensive measures and precise efforts. It highlights differentiated development strategies for industries and promotes structural adjustment and supply-side reform. At the micro-level, the book emphasizes enterprises' resumption of work and production and supply chain management. The book promotes the concept of integration, stressing that China's economy was and is sufficiently resilient and the importance of maintaining and improving public confidence. At the same time, it attaches importance to prescribing the correct remedies for shortcomings, strengthening weaknesses, confronting the obstacles and difficulties in economic development, and restoring social order. The studies are not restricted to the facts but also focus on transforming and upgrading a modernized socialist economy and governance in the long term.

*The Negro Motorist Green Book* Victor H. Green, The idea of The Green Book is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

**Routledge Handbook of Trauma in East Asia** Tina Burrett,Jeff Kingston,2023-04-03 This handbook explores trauma in East Asia from the nineteenth to the twenty-first century, assessing how victims, perpetrators and societies have responded to such experiences and to what extent the legacies still resonate today. Mapping the trauma-scape of East Asia from an interdisciplinary perspective, including anthropologists, historians, film and literary critics, scholars of law, media and education, political scientists and sociologists, this book significantly enhances understandings of the region’s traumatic pasts and how those memories have since been suppressed, exhumed, represented and disputed. In Asia’s contested memory-scape there is much at stake for perpetrators, their victims and heirs to their respective traumas. The scholarly research in this volume examines the silencing and distortion of traumatic pasts and sustained efforts to interrogate denial and impunity in the search for accountability. Addressing collective traumas from across East Asia (China, Hong Kong, Japan, Russia, Singapore, South Korea, Taiwan and Vietnam), this book is a valuable resource for students and scholars of Trauma and Memory Studies, Asian Studies and Contemporary Asian History more broadly.

**Connecting With Consumers** Allan J. Kimmel,2010-06-03 These are exciting times for business marketing professionals, yet the challenges imposed by ongoing social and technological developments are daunting. This book calls on marketers to make a choice: embrace the ongoing changes as opportunities for reshaping relationships with consumers, or cling to the past at the risk of becoming irrelevant.
