Perspectives in Politics and Discourse Urszula Okulska, Piotr Cap, 2010 The volume explores the vast and heterogeneous territory of Political Linguistics, structuring and developing its concepts, themes and methodologies into combined and coherent Analysis of Political Discourse (APD). Dealing with an extensive and representative variety of topics and domains - political rhetoric, mediatized communication, ideology, politics of language choice, etc. - it offers uniquely systematic, theoretically grounded insights in how language is used to perform power-enforcing/imbuing practices in social interaction, and how it is deployed for communicating decisions concerning language itself. The twenty chapters in the volume, written by specialists in political linguistics, (critical) discourse analysis, pragmatics, sociolinguistics, and social psychology, address the diversity of political discourse to propose novel perspectives from which common analytic procedures can be drawn and followed. The volume is thus an essential resource for anyone looking for a coherent research agenda in explorations of political discourse as a point of reference for their own academic activities, both scholarly and didactic. Politics in today's world consists of almost continuous interconnected talking and writing in a constantly expanding media universe. This comprehensive collection of papers edited by Urszula Okulska and Piotr Cap helps readers to get a hold on the flow of discourse that constitutes politics today. Indispensable for anyone seeking perspectives for understanding the language of politics and research methods for probing beyond the surface.

To the Ramparts Ralph Nader, 2018-08-28 America's number one citizen Ralph Nader's latest book shows us how unchecked corporate power has led to the wrecking ball that is the Trump presidency. Nader brings together the outrages of the Trump administration with the key flaws and failures of the previous administrations—both Republican and Democratic—that have led our nation to its current precipice. It's all in the details and Ralph Nader knows them all. Trump didn't come out of nowhere. Bush and Obama led the way. Writing as a Washington, DC, activist and people's advocate for over fifty years—someone who has saved more lives and caused more impactful legislation to be enacted than almost any sitting president or legislator—Nader shows how Trump's crimes and misdemeanors followed the path of no resistance of the Obama, Bush and Clinton regimes, which ushered in the extreme rise of corporate power and the abandonment of the poor and middle classes.
