Trading on Corporate Earnings News John Shon,Ping Zhou,2011-03-09 Profit from earnings announcements, by taking targeted, short-term option positions explicitly timed to exploit them! Based on rigorous research and huge data sets, this book identifies the specific earnings-announcement trades most likely to yield profits, and teaches how to make these trades—in plain English, with real examples! Trading on Corporate Earnings News is the first practical, hands-on guide to profiting from earnings announcements. Writing for investors and traders at all experience levels, the authors show how to take targeted, short-term option positions that are explicitly timed to exploit the information in companies’ quarterly earnings announcements. They first present powerful findings of cutting-edge studies that have examined market reactions to quarterly earnings announcements, regularities of earnings surprises, and option trading around corporate events. Drawing on enormous data sets, they identify the types of earnings-announcement trades most likely to yield profits, based on the predictable impacts of variables such as firm size, visibility, past performance, analyst coverage, forecast dispersion, volatility, and the impact of restructurings and acquisitions. Next, they provide real examples of individual stocks-and, in some cases, conduct large sample tests-to guide investors in taking advantage of these documented regularities. Finally, they discuss crucial nuances and pitfalls that can powerfully impact performance.

Options Trading Crash Course William Rogers,George Evans,2021-07-25 If you've always wanted to learn how Options Trading works and understand every aspect of it in a short time to achieve the desired profits, then keep reading. Would you like to make major stock market profits, only having to invest hundreds of dollars, rather than having to spend years and thousands of dollars methodically investing? What if you could earn an ROI of 40%, 50%, or even 100%? Would you like to earn regular income on a weekly basis from the stock market? All of this and more is possible while trading options. Sadly, few individual traders understand what options are even if they know they exist. Options trading has long been seen as too hard for the guy or gal off the street to understand, and it has long seemed to be an insider’s game. What if I told you that anyone can trade options and earn significant profits doing so? In this book you are going to find the exact same steps professional options traders use to earn consistent profits from the stock market. Maybe the best news is that you can do it at any level or time commitment that fits your lifestyle. Want to earn \$500 a month in profit? Or maybe \$1,000 a month, or \$10,000 a month? You could even be thinking about earning \$100,000 a month. The most exciting thing about options, is that you can earn all of these and more, and you can do it using different trading methods and without having to sink in a large amount of capital to get started. In this book you will learn: Why you only need a few hundred dollars to get started. How to earn a massive profit with a huge ROI on stock market price moves. Ways to earn money on declining stock prices. The joys of earning an income from options each and every single week. You may even be able to quit your job! The different types of options there are – we’ll demystify calls and puts for you. The most common options trading strategies used on the markets by professionals. Learn all about the Iron Condor and Iron Butterfly. Find out how people are earning regular income from vertical spreads. Discover the joys of “selling naked”. And much, much more! So, don’t delay another minute. Find out how you can become a successful trader in the world of options contracts. You will find it not only to be easy to learn but truly rewarding to see yourself putting practical information to work for you. Best of all, you don’t need an advanced degree in business or finance. Everything you need to get started is right here. Download this book today and begin your new career as an independent options trader. We are confident that you will hit the ground running. Many others have done it, too. You can take full advantage of this lucrative opportunity to escape the rat race and be well on your way to financial independence. All you need is a little nudge in the right direction. So, here it is! Don’t wait any longer. Let’s get started on making the most of the opportunities the stock market has to offer, Scroll Up and Click the BUY NOW Button to Get Your Copy!

Why Investors Should Trade Options Around Earnings Announcements John Shon,Ping Zhou,2011-03-16 This Element is an excerpt from Trading on Corporate Earnings News: Profiting from Targeted, Short-Term Options Positions (9780137084920) by John Shon, Ph.D., and Ping Zhou, Ph.D. Available in print and digital formats. Two Line Description How to trade options before earning announcements — and profit whether the market raves or rages! Text Excerpt We’ve all seen perplexing market reactions to earnings announcements, but would you have guessed that this happens 40% of the time? Even if you predict the right direction of an earnings surprise, it’s still easy to lose money with a directional bet. So how can you profit from an earnings announcement? You use an options trading strategy called a “straddle.”

Trading Options for Edge Mark Sebastian,2017-11-20 If you have experience in option trading, or a strong understanding of the options markets, but want to better understand how to trade given certain market conditions, this is the book for you. Many people have some knowledge of trading strategies, but have no idea how to pull it all together. Mark Sebastian’s latest book will teach trade evaluation, using Greeks, trading various spreads under different market conditions, portfolio-building, and risk management. Sebastian’s approach will help traders understand how to find edge, what kind of trade under what conditions will capture edge, and how to create and successfully hedge to help you build your own personal Goldman Sachs or Merrill Lynch. The book demonstrates how to structure a portfolio of trades that makes more money with less risk. Fundamentals of Options Market Michael Williams,Amy Hoffman,2001-01-09 Options are an investment vehicle that can enhance virtually any investment philosophy. Fundamentals of the Options Market provides a clear, concise picture of this global marketplace. Using examples drawn from contemporary financial news, this completely accessible guidebook describes why and how these versatile tools can be used to hedge risk and enhance return, while explaining popular products including listed stock options, index options, and LEAPS.

Options Trading for Beginners & Dummies Giovanni Rigters, Options trading has become an appealing option for many investors today, particularly as trading volume continues to rise and investors have decided to try new types of investments. If you want to make the most of this type of investment and are interested in trying options in lieu of or in addition to other types of investments, you’ll benefit from gaining a full understanding of options and how they work.

Summary of Travis Wilkerson's 10-Minute Options Trading and ETF Investing Milkyway Media,2024-02-06 Get the Summary of Travis Wilkerson's 10-Minute Options Trading and ETF Investing in 20 minutes. Please note: This is a summary & not the original book. Travis Wilkerson's book presents an enhanced buy & hold blueprint aimed at outperforming the stock market while reducing risk. He challenges the traditional buy & hold mindset, advocating for a combination of conservative buy & hold with conservative options trading. Drawing inspiration from the F.I.R.E. movement and Warren Buffett's strategies, Wilkerson emphasizes the benefits of active trading, particularly options trading, as a means to achieve higher returns...

Just follow the simple, reliable blueprint you'll find in this book, and you'll enjoy your first profits in less than a week's time! Scroll up, click on Add to Cart and Take Your First Step Towards Financial Freedom!

The Options Trading Primer Russell A. Stultz,2019-10-28 This book introduces options and how they work—to those who are ready to learn how they work, as well as emphasizes the application of time-tested option trading rules. Buying and selling options is the fastest growing investment strategy when compared with other trading venues such as buying and selling stocks, futures, and foreign exchange currencies. Millions of investors who understand the financial leverage offered by options are earning impressive, steady incomes by buying and selling call and put options. The successful investors learn how options work. They develop watch lists of trade candidates and study price charts to find prospective trades. And they apply rules-based option trading strategies that succeed much more often than they fail. Even when they lose, their rules limit

their losses to acceptable levels. This book was written by a successful option trader. He introduces options and how they work to those who are ready to learn how they work. The book emphasizes the application of time-tested option trading rules. These rules use price charts, market volatility, key option values, and risk graphs to achieve high-probability option trading outcomes. The book also details ten option trade examples that include trade setups, entries, trade management techniques, and supporting illustrations.

10-Minute Options Trading and ETF Investing Travis Wilkerson,2023-09-15 Do you have a repeatable investing process that helps you earn above-average portfolio returns in any market environment? Have you ever wondered why so few retail investors ever manage to outperform the market? And if they try, why do so many fail? The good news is that despite what the mainstream media wants to tell you. Investing is not an impossible or complicated game only the pros can master. The secret to beating the market's long-term performance and avoiding account-crushing losses is enhanced buy-and-hold (ETFs + options trading). Think of it as buy-and-hold investing on steroids. And if you feel nervous when you hear the word options - don't worry. The book explains how to use options the way billionaire investors like Warren Buffett and Mark Cuban do. It's a safe and sensible approach to using stocks and options. Here's the reality: Trading and investing methods don't typically go hand-in-hand. Most books focus exclusively either on short-term or long-term strategies. Very few cover these mixed methods and techniques for managing investments. But that's also why so few investors can outperform the market consistently. That all changes with this book. Written by 2019 United States Investing Champion Travis Wilkerson (a.k.a. Trader Travis), this guide contains tried and tested strategies for building long-term wealth with ETF options. Here's just a fraction of what you'll discover inside: The difference between call and put options and the basics you need to know about options and ETFs before investing. The best stock for this ETF and options strategy if you want safe and stable returns. The unique way to structure your portfolio to obtain the trifecta of wealth building: growth, income, and market crash protection. We shatter the myth that options buying does not work and reveal two common reasons why investors fail when buying options. How to buy market crash insurance to prevent catastrophic investment losses when prices decline. You'll be aware of the advantages and disadvantages of using options and proof that options aren't as risky as people think. How to give your account a profit boost by taking advantage of a little-known category of long-term options used by billionaire investors. Rules for entering, exiting, managing trades, portfolio allocation, and risk management. Examples of how the blueprint worked in the previous bull market and the market crash of 2022. How to avoid the pitfalls common to first-time options traders. The simple yearly 10-minute routine of rebalancing your portfolio to maximize profits. ...Plus, free video tutorials of this strategy and six extra bonuses. If you're unfamiliar with combining traditional buy-and-hold with options trading, the book walks you through everything step by step. It's all explained in plain English, free from technical jargon-with real examples for all the concepts inside. 10-Minute Options Trading and ETF Investing was written for busy people who don't have the time to sort through hundreds of stock charts daily, looking for trades or investments. People who want high investment returns and protection against market crashes-and also only want to spend a few minutes a year managing their portfolio. So if you're looking to fast-track your path to financial freedom with minimal risk ... and generate steady returns on your assets, no matter which way the market's headed... then this book can show you how to make money by combining options with traditional buy-and-hol
