

Orb Rush

David S. Linthicum

Children of the Orb C. Jamison, 2018-06-11 Rush James and his brother, Chris, are plasmetric people--a unique life form born of human parents. Their blood cells are alive with alien electronic energy--and living a normal life in the human world creates havoc for those of their kind. But Rush and Chris aren't alone--there are others. After the sudden death of their parents, the Children of the Orb must find one another to survive. Rush must share his life with the only woman in the world that can keep his blood cells charged. Trulie Morgan is the positive to Rush's negative. When they touch, polarity moves energy, their passion grows, and the battle of opposites begins. Trulie's kind heart is naïve to the dangers that surround them, and Rush must learn to use her optimism and strength if he wants to claim victory, and love. But the danger is very real for all of them--both from humans and from others of their kind. As they search for the answers they're desperate to find, someone is killing humans and animals. When an attempt is made on Trulie's life, Rush is determined to get to the bottom of it--even if it means it could be one of their own--one of the CHILDREN OF THE ORB.

The Orb Hasko Starrenburg, 2004-06 The queen wants to free her subjects, and she has the orb to do it. But she cannot go herself, so two children agree to take the orb to the Trelodians.

The Orb of Azcera Tony Van Sant, 2010-03 When Agostine Brynn, a knight of King Gamaeon's army, embarks on a quest to kill the dragon that has been terrorizing his Kingdom, he unknowingly alters the fate of a galaxy he has no idea even exists. From the dragon's remains, the King's sorcerers construct a magic weapon - an orb - that will serve to protect Agostine's homeland from harm. When the orb's power proves too much for King Gamaeon to handle

however, it is up to Agostine to set things right. In the conflict that follows, the orb mysteriously vanishes from all known existence, not to resurface again until generations later. The worlds of Medieval Fantasy and Futuristic Science Fiction collide when the mystic orb is finally unearthed after thousands of years in hiding. Lieutenant Cale Tanner and his Special Ops team quickly discover the all-powerful nature of the mysterious orb after failing in their attempt to arrest its bearer, the renegade General Thadeon Marloc. It does not take long before Marloc uses his newly acquired omnipotence to rise up against the galaxy's governing power. In order to restore hope for themselves and their people, Cale and his Operatives must unlock the secrets of a world long since forgotten. What they discover defies all practical logic, and soon the lines between history and legend, between facts and myth, are quickly blurred. The Orb of Azcera follows an ensemble cast of heroes and villains through past and present as two seemingly separate time periods are suddenly and violently thrust together in a battle for ultimate supremacy.

The Orb of Binding Kyle West, 2021-02-25 Lucian has achieved the improbable with his acceptance into the prestigious Volsung Academy. Now, he must do something even more difficult: survive it. As a Novice, he must learn the fundamentals of magic while navigating Academy politics. Lucian must not only pass the grueling Trials, but survive other mages' mechanizations. But doing that is difficult when he's being left behind. But one day, Lucian makes a breakthrough that puts him on top. He's about to learn that being good is far more dangerous than being unexceptional. Expulsion is an ever-looming threat, and with it, Lucian risks losing the only place in the Worlds he can call home... Keywords associated with this series: science fiction, fantasy, space

Since their discovery ten years prior, mysterious objects known as Orbs, which grant humans mystical powers, have created worldwide chaos and leadership instability. Newly formed rebel organizations have strove to eliminate the self-proclaimed Leader of the World, but with no success. Now, three friends will join their city's local rebellion. Utilizing their Orbs, they hope to fare better than their predecessors. Note: Fully uploaded, but it could use feedback and more edits. Constructive criticism is appreciated. The Technological Age & the Orb Phenomenon Christina Rawls, 2021-12-27 The Technological Age & the Orb Phenomenon is a book about orbs or what physicist Dr. Klaus Heinemann calls spirit emanations. Anyone can get orbs on film or photo with a little patience, understanding and intention. Christina Rawls started getting orbs on film and in photos around 2007 and these photos and the orbs exploded in 2011 to the present day when she can get them regularly each time she takes photos. This book explores Dr. Rawls's current choice to leave a full time teaching position in academia in order to help others understand more about the reality of psi phenomena, mediumship, and orb photography. Book Review: So you have a blank canvas ahead of you. I congratulate you on your courage for sharing what you know as truth. -- Suzanne Gieseemann

The Orb of Chaos Vol.1 M. Ray Allen, 2014-04-21 Soliere Forrester has a plan, and that plan is to get rich. However, the details of that plan are still a bit fuzzy. His latest scheme involves him and his best friend,

Oather, venturing down into the dangerous ruins of Tyric Nor; where it is said there are riches beyond your dreams and death around every corner. His plan gets derailed when he bumps into an old friend, Serieve, who gets them swept away to another land. Suddenly, they are caught up in the middle of plot by the evil King Nicholas to assemble an ancient unholy artifact, The Orb of Chaos, that will enable him to destroy every living thing in the world. Now, they must work with the other unfortunate souls who have been stranded there --an eccentric old wizard, an elf, a priest and a particularly irritating assassin named Andrea-- and stop Nicholas before he destroys everything they hold dear. Sol knew he should have stayed in bed that morning, but alas, there's just No Rest for the Wicked. No Rest for the Wicked is a light-hearted adventure that allows readers to quickly jump into a fast paced story and escape the real world (at least for a little while). It is aimed at teens and young adults but has been enjoyed by virtually all ages of those with a curious and adventurous spirit.

The Blue Orb Suzy Vivian, 2021-10-29 Hundreds of years ago, in the land of Uranallee, there was a very powerful wizard. He was the most powerful wizard the world had seen in many lifetimes. His name was Xyrene. He was tall and

very thin. He was stooped over with age and from his lifetime of study and work in the magic arts. He had tufts of wispy white hair around his ears. He kept it short most of the time, but it had grown longer of late. He had neither the time nor the inclination to tend to his hair because he was concerned about something of greater importance. He wore a long robe of black velvet that was tied to his slender body with a gold cord. At the neck was a tall collar. Both the collar and the front of his robe were embroidered with special runes in gold thread, marking his position as the most powerful wizard of the realm. He also wore soft slippers of black velvet lined with lamb's wool. They kept his feet warm in the cold castle where he lived

The Orb Tara Basi,2018-10-28 A massive alien artifact, the Orb, abruptly appears over London. In the following decades the shock of the uncommunicative, motionless and enigmatic Orb's arrival triggers a global economic collapse leading to war. After nations fall into a new Dark Age, the Orb is worshiped as a god by the Pilgrims of the Church, triggering a genocidal religious conflict. Pilgrims' access to the Orb is controlled by the secular Orb Industries who are in a cold war with the Church for control of their deity. Under the shadow of the Orb, Peter, a renowned computer scientist, is desperate to discover who murdered his daughter and why. The authorities believe it was suicide and have closed the case. With no clues, Peter uses his skills to resurrect his daughter, who directs him to Zip, a

sixty-year-old woman who has recently been medically transplanted into the corpse of a teenage porn-star. After decades of blood and war, Zip just wants to have fun. Peter wants to prove his daughter didn't commit suicide. Together, their search for the killer will reveal the awful truth of the Orb. A revelation so shocking it brings the cold war between Orb Industries and the Church to boiling point, threatening a global conflagration.

The Orb S. L. Dwyer, 2017-04-07 Katelin's summer in the valley is interrupted when a stranger appears in the forest, and he's a Faery, like Lueraleene. Katelin has had a relationship with the Faeries for the last three years, ever since she first came to the valley and the fantasmagorical forest. Faeries are normal here in the forest, except Lueraleene is supposed to be the only one of her kind in this world. When they learn the Faerie's world, the beautiful land of Suweiland, is threatened by Wren, brother of the late Lord Brin, they must rush to home to secure the last item Wren needs to control all the magic - good and dark. His savageness has reigned for years and it is up to Katelin, along with the tall Faeires, Lueraleene and Anion, and the little Faeries to retrieve the Orb, the stone that controls all the good magic, and prevent Wren from destroying their world. Along the way they fight Wren's use of his dark magic to get into their heads and control them in order to discover where the Orb is hidden. Storms on the ocean, deadly animals from the deep sea, and mindless minions under the spell of Wren thwart their every move. If Wren isn't stopped, his power and madness will be so great, that the world of the Faeires will be forever locked in darkness and pain with no hope for the future. During their journey through the land of Suweiland to reach the Orb, Katelin finds herself falling for Anion. But he's a Faery and humans and Faeries don't mix. Sadly, she knows that at the

end of this quest, she has to return to her own home and leave him in the Faeries world. Or does she? Another summer and another adventure. Katelin can't seem to come to the valley without finding herself in a dangerous situation and rushes headlong into it without thinking twice.
