The Curse at the Confluence LP Anthony, 2016-01-05 “It is of small consolation to us that the white-man will ultimately be the arbiter of his own eventual ruin. But since there is nothing we can do to stop him, I have designed, and now propose, a curse. Like a disease, my curse has been engineered to do its damage over time. Its purpose is to disrupt and prevent lasting social harmony and prosperity by undermining the stability of their society and the productivity of their industries. It will cause great social unrest and upheaval. It will affect climate, making winters bitter and summers unbearably hot. Biting and stinging insects will feast on their flesh and rodents will infest their dwellings, spreading disease among them...Their children will die in the womb in great numbers, and at birth with great frequency. Their elderly will experience protracted years of agonizing suffering. Foreign species of plants, animals, and fish will invade, choke out, and dominate these waters and lands. In time, they will see their own populations dwindle and will be helpless to stem the tide that will make them the minority...This slow poison will permeate every aspect of their existence, and just as we are now powerless to stop them, they too will be powerless. One day they will learn what we have done to avenge ourselves, but only after the damage is complete. Then, my brothers, they will have no choice but to acknowledge the injustices they have inflicted upon us.” Peter Sursile is stressed. By day he finds himself beset by the troublesome behavior of his petulant young fiancée, Eliza, and by the unrelenting pressure to write his PhD thesis, which is all that stands between him and the future he rightly deserves. But deciding on just the right topic has proven to be easier said than done. By night, a vivid recurring nightmare of a horrific train wreck, and a mortally injured woman in the wreckage who hauntingly repeats the phrase Peter...it's time has plagued his sleep for weeks. Yet even after an unnerving encounter with an ancient, white-maned Shaman, he remains stubbornly convinced that these and other strange happenings are merely stress-related. But something he hears during his run-in with the Shaman compels him to research a certain upstate New York town, and for his effort is seemingly rewarded with what appears to be the thesis topic he's been looking for. However, revelations surrounding the inspiration for his research lead him to Binghamton, NY where sudden unprecedented violence has brought the city to its knees. His journey exposes the true purpose of his nightmare, reveals the identity of the woman in the wreckage, and explains the nature of events which will likely destroy the city if left unchecked. But success is far less certain than the consequences should he fail to reveal a 19th century curse to its 21st century victims. *The Curse At the Confluence* is proud to be the first novel of its kind to be set primarily in the Binghamton, New York area.

Citizen Coors Dan Baum, 2001-04-10 Name by Jonathon Yardly of the Washington Post as one of the best books of 2000, *Citizen Coors* combines a monumental business story with a heartrending tale of family strife and a sweeping vista of American politics in the last half of the twentieth century. From the moment when the dstitute Prussian Adolph Coors stows away to America in 1868, through the creation of the Heritage Foundation, to the global expansion of the billion-dollar Coors Brewing Company, the Coors family triumphed by iron-willed commitment to its own values -- values that ironically prove the family's undoing on both the business and political fronts. Acclaimed writer Dan Baum captures it all, from Adolph's Prohibition-provoked suicide to the banishment of an heir-apparent for marrying without permission. Baum vividly depicts the genius, eccentricity, and tragic weaknesses of the remarkable Coors family.

The Archy McNally Series Volume Two Lawrence Sanders, 2018-10-30 The Palm Beach private eye is back—in three more adventures by the #1 New York Times–bestselling author and “master of suspense”

(The Washington Post). In his long-running, New York Times–bestselling mystery series set in South Florida, Edgar Award–winning author Lawrence Sanders gave readers “his most delightful character”—a charming playboy turned Palm Beach PI by the name of Archy McNally (Chicago Tribune). McNally’s Caper: In this New York Times bestseller, Griswold Forsythe II wants to know which greedy, conniving relative is making off with the family treasures, including an original Picasso and an irreplaceable Edgar Allan Poe first edition. Suspects abound, including the sexy Forsythe women who all seem to find McNally irresistible. But things take a nasty turn when Griswold is murdered. McNally’s Trial: In the past six months, Whitcomb Funeral Homes in southern Florida has shipped out five hundred dead bodies. Why are so many caskets leaving the Sunshine State and being airlifted to New York, Boston, and Chicago? Called in to investigate, McNally’s about to blow the lid off a most unusual case in this New York Times bestseller. McNally’s Puzzle: Hiram Gottschalk, the owner of the Palm Beach shop Parrots Unlimited, fears for his life. He turns to McNally after someone slashes a photo of him and his late wife and then wrings the neck of his beloved pet bird. Turns out he was right to be scared. When his client is stabbed in his sleep, McNally’s determined to ruffle some feathers to find the killer.

Then It Fell Apart Moby, 2019-04-30 *Featured in The Times' 'Best Books of the Year So Far' 2019* Somehow this chronicle of a long, dark night of the soul also involves funny stories involving Trump, Putin, and a truly baffling array of degenerates.' Stephen Colbert***What do you do when you realise you have everything you think you've ever wanted but still feel completely empty? What do you do when it all starts to fall apart? The second volume of Moby's extraordinary life story is a journey into the dark heart of fame and the demons that lurk just beneath the bling and bluster of the celebrity lifestyle. In summer 1999, Moby released the album that defined the millennium, PLAY. Like generation-defining albums before it, PLAY was ubiquitous, and catapulted Moby to superstardom. Suddenly he was hanging out with David Bowie and Lou Reed, Christina Ricci and Madonna, taking ecstasy for breakfast (most days), drinking litres of vodka (every day), and sleeping with super models (infrequently). It was a diet that couldn't last. And then it fell apart. The second volume of Moby's memoir is a classic about the banality of fame. It is shocking, riotously entertaining, extreme, and unforgiving. It is unedifying, but you can never tear your eyes away from the page.

A Glass Half-Empty Nathan Baine, 2020-11-12 Matt is an unemployed loner with an alcohol problem. He spends his days and nights frequenting the same local bar near his apartment in search of his next drink. All is business as usual, until one fateful day when he is forced to come face to face with his own demons, love, lust, and a jukebox. Along Matt's journey, his fellow bar mates—as well as a burgeoning love interest—guide Matt through a hectic day in his neighborhood pub that changes everything. *A Glass Half-Empty* rings with as much brutal truth as an alcoholic's recovery memoir. that community is self-destructive. Now, Matt must navigate his life and control his addiction all while clinging to the company of friends.

The Echo of Footsteps Sylvia A. Witmore,2010-11 This novel brings back Max & T.G. Schaffer and Chase & Shannon Westmore as well as NASCAR history at The Rock in Rockingham, N.C. The protagonist is a dance instructor named Megan Garrison. The first time she realizes that there's someone stalking her, is the third consecutive night she has heard the echo of footsteps following her; she steps into the building's shadow to see who is coming up behind her. She can tell it's a man because of his build and height but he is wearing a baseball cap pulled low on his face and in the shadows of early twilight she cannot identify him. Megan comes into contact with a race driver named Ryan Anderson who is determined to win her affection; thus the struggle begins with the Schaffers and the Westmores trying to arrange a romance; Megan fights her growing attraction to Ryan but they come together as a turbulent couple struggling to control the evident passion between them as they try to catch a vicious killer who has already murdered one woman on the main street in Hamlet in front of a new bar called the Sports Connection and he has now set his sights on Megan as his next victim. Ryan tries to protect her but it's difficult to ward off violence when the unknown catalyst is so determined to take the life of a pretty, successful young woman.

The guardians and protectors find themselves in a race against time to attain their full power and protect their beloved Sanctuary from destruction. Sign Wars Robert Goldman,Stephen Papson,1996-05-21 Television has become so saturated with commercials that it is difficult at times to tell the different images apart, much less remember or care about them. But, on closer look, television commercials can tell us a great deal about the interplay of market forces, contemporary culture, and corporate politics. This book views contemporary ad culture as an ever-accelerating war of meaning. The authors show how corporate symbols or signs vie for attention-span and market share by appropriating and quickly abandoning diverse elements of culture to differentiate products that may be in themselves virtually indistinguishable. The resulting sign wars are both a cause and a consequence of a media culture that is cynical and jaded, but striving for authenticity. Including more than 100 illustrations and numerous examples from recent campaigns, this book provides a critical review of the culture of advertising. It exposes the contradictions that stem from turning culture into a commodity, and illuminates the impact of television commercials on the way we see and understand the world around us.

Tough As They Come Travis Mills, Marcus Brotherton, 2016-10-25 Thousands have been wounded in the wars in Iraq and Afghanistan. Five have survived quadruple amputee injuries. This is one soldier's story. Thousands of soldiers die every year to defend their country. United States Army Staff Sergeant Travis Mills was sure that he would become another statistic when, during his third tour of duty in Afghanistan, he was caught in an IED blast four days before his twenty-fifth birthday. Against the odds, he lived, but at a severe cost—Travis became one of only five soldiers from the wars in Afghanistan and Iraq to survive a quadruple amputation. Suddenly forced to reconcile with the fact that he no longer had arms or legs, Travis was faced with a future drastically different from the one he had imagined for himself. He would never again be able to lead his squad, stroke his fingers against his wife's cheek, or pick up his infant daughter. Travis struggled through the painful and anxious days of rehabilitation so that he could regain the strength to live his life to the fullest. With enormous willpower and endurance, the unconditional love of his family, and a generous amount of faith, Travis shocked everyone with his remarkable recovery. Even without limbs, he still swims, dances with his wife, rides mountain bikes, and drives his daughter to school. Travis inspires thousands every day with his remarkable journey. He doesn't want to be thought of as wounded. "I'm just a man with scars," he says, "living life to the fullest and best I know how."

SEAL Team Six Howard E. Wasdin, Stephen Templin, 2011-05-10 The New York Times bestselling book that takes you inside SEAL Team Six – the covert squad that killed Osama Bin Laden SEAL Team Six is a secret unit tasked with counterterrorism, hostage rescue, and counterinsurgency. In this dramatic, behind-the-scenes chronicle, Howard Wasdin takes readers deep inside the world of Navy SEALs and Special Forces snipers, beginning with the grueling selection process of Basic Underwater Demolition/SEAL (BUD/S)—the toughest and longest military training in the world. After graduating, Wasdin faced new challenges. First there was combat in Operation Desert Storm as a member of SEAL Team Two. Then the Green Course: the selection process to join the legendary SEAL Team Six, with a curriculum that included practiced land warfare to unarmed combat. More than learning how to pick a lock, they learned how to blow the door off its hinges. Finally as a member of SEAL Team Six he graduated from the most storied and challenging sniper program in the country: The Marine's Scout Sniper School. Eventually, of the 18 snipers in SEAL Team Six, Wasdin became the best—which meant one of the best snipers on the planet. Less than half a year after sniper school, he was fighting for his life. The mission: capture or kill Somali warlord Mohamed Farrah Aidid. From rooftops, helicopters and alleys, Wasdin hunted Aidid and killed his men whenever possible. But everything went quickly to hell when his small band of soldiers found themselves fighting for their lives, cut off from help, and desperately trying to rescue downed comrades during a routine mission. The Battle of Mogadishu, as it became known, left 18 American soldiers dead and 73 wounded. Howard Wasdin had both of his legs nearly blown off while engaging the enemy. His dramatic combat tales combined with inside details of becoming one of the world's deadliest snipers make this one of the most explosive military memoirs in years.
