The Complete Guide to Chinese Horoscopes Zheng Weijian, 2020-01-14 The Chinese horoscope represents a tradition more than 2,000 years old. It lasts for twelve years, with each year featuring a different symbolic animal. Ancient Chinese beliefs, which persist to the current day, hold that the year of one's birth has a significant effect on one's character, which relates to the features of that year's symbolic animal. For example, a person born during the year of the mouse will be smart and wealthy, which are characteristics attributed to the mouse. Likewise, a person born in the year of the ox will be hardworking and down-to-earth, while a person born in the year of the tiger will be majestic and fierce. There are further levels of refinement to the Chinese horoscope cycle, based on beliefs related to the ancient divination text, Classic of Changes (I Ching), the Five Elements Theory (metal, wood, water, fire, earth), yin and yang, and the Ten Celestial Stems and Twelve Terrestrial Branches. These concepts, fundamental in China, are explained in this book, giving a fuller understanding of the Chinese zodiac, as well as an insight into Chinese culture. Today, a vast number of people around the world believe their zodiac animal influences their hearts, minds, fortunes and relationships. Do you know to which symbolic animal you belong, according to the year of your birth? And do you know the element and other nuances of the forces that rule your particular birth year? This knowledge can guide you in every step of life, helping you to answer such

important questions as: Who is a good partner? What kind of job is most suitable? Get to know yourself better with this handy guide.

Oriental sages have long understood the horoscope relationships among the astrological signs based on personality traits, the ancient philosophy of I Ching, and the primal forces of the Tao Compatibility (and incompatibility) are hard-wired into the brain. More than that, the evidence can be found in our chromosomes and genes. Research has revealed that the genetic structures that trigger sex development are determined by an initial positive or negative (yin/yang) charge at conception. And, this process will continue throughout our psycho-sexual (sometimes life-long) search for our missing compliment. with this eBook: complete each other Chinese sign compatibility astrology

Rats are also prosperous, entrepreneurial, obsessive, anxious, bossy, and mean. The ox is the sign of tenacity and prosperity and a symbol of fertility and muscular strength. People born under the ox are patient, contemplative, eloquent, chauvinistic, petty, and grumpy. The monkey is lively, complex, charming, diplomatic, and agile. Chinese Astrology is a scholarly work that can take a proud place in the history of archaeology and Oriental studies. Most books on Oriental thought concentrate on either Confucius or Lao Tze. Paul Carus traces an historical continuum of ideas: the Yih System, P'an-Ku, Feng-Shu Lo-Pan are all part of the history of Chinese thought.
