### **The Qur'an and the Bible** Gabriel Said

Reynolds, 2018-01-01 While the Hebrew Bible and the New Testament are understood to be related texts, the sacred scripture of Islam, the third Abrahamic faith, has generally been considered separately. Noted religious scholar Gabriel Said Reynolds draws on centuries of Qur'anic and Biblical studies to offer rigorous and revelatory commentary on how these holy books are intrinsically connected.--Dust jacket.

Status and Preservation of Hadith: Answering the contentions of orientalist, Christian missionaries and modernists on Hadith Syed

Nooruzuha Barmaver,2021-05-25 Muslims believe hadith to be an authority and explanation of the Quran. The task of preserving hadith was taken by Allah himself by means of the Sahabah, the Tabieen and then from generation to generation through unique discipline of hadith sciences. The Sahabah understood that the Prophet (ﷺ) was the final messenger sent for mankind and that the task of preserving his teachings would fall upon their shoulders. Prophet (ﷺ) instructed them to spread his teachings to those who were absent. They used to give great concern to sitting with the Prophet (ﷺ) to hear aḥadith from him as much as possible. They would tell each other what they had learnt from the Prophet (ﷺ). The Prophet (ﷺ) also warned them in strong words about narrating anything from him which is not authentic. At the same time, Prophet (ﷺ) had also warned, that it is a major sin to hide knowledge, whenever it is asked for. Prophet (ﷺ) did not restrict himself to giving sermons, he (ﷺ)

(عليه وسلم) also guided the Sahabah practically. Whenever they learnt anything from the Prophet ( صلى الله عليه وسلم) they spared no effort to bring it into practice. A Large number of the Sahabah wrote down ahadith and compiled Sahifas (booklets) after hearing them from the Prophet ( صلى الله عليه وسلم). A number of young companions devoted themselves to attaining knowledge and then passed it down to the following generations. Tabieen followed the example of Sahabah in preserving ahadith, for example, Urwah bin Zubair (nephew of Aisha), Nafi Mawla of Abdullah bin Umar and Thabit bin Aslam al-Bunani spent forty years with Anas bin Malik. Also, Amra bint Abdirrahman grew up with Aisha learning ahadith. Like the Sahabah, the Tabieen also collected and compiled ahadith in booklets which were incorporated in books by the next generation and most of those that survive today are in that form as part of other larger books like Musnad Ahmad, Saheeh al-Bukhari, Saheeh Muslim, four Sunan and so on. Scholars of ḥadith from the time of the Tabieen developed the science of al-Jarḥ wa Tadeel. This is the science of examining the narrations of different narrators to make a determination about their trustworthiness and thus authenticity of their narrations.

**Meeting Muhammad** Omar Suleiman, 2022-05-31 “My eyes have never seen anything better than you. No woman has ever given birth to anyone as beautiful as you. You were created free from all flaws. As if you were created exactly as you wished. – Hassan Ibn Thabit (RA) Allah has never sent a Prophet except that Prophet had a beautiful face and a beautiful voice. In the case of the Prophet Muhammad (PBUH) as Ali (RA) said, “I’ve never seen anything like him, before him or after him”. However, as stunning as the Prophet Muhammad (PBUH) appearance was, his character was even more strikingly beautiful. Do you ever wonder what it would be like to be in the presence of Prophet

Muhammad صلى الله عليه وسلم, as his companions were? What would it be like to see him, to host him in your home, pray behind him, and have him as a teacher and friend? Through 30 beautifully detailed chapters with narrations from companions, take a journey from only knowing about him to knowing him and loving him and feel what it was like to be a companion of his in this life and strive to be companions of his in the next.

*The Scribes Of The Prophet* □ Muhammad Mustafa Al-Azami ,2020-07-28 The Scribes of the Prophet SAW, provides an extensive list of those Companions who had the honor of acting as scribes to the Messenger of Allah SAW in his differing capacities as a conduit of Revelation and head of the nascent Muslim State.

The Divine Guide in Early Shi'ism Mohammad Ali Amir-Moezzi,2016-03-22 The Imam, the Divine Guide, is the central point around which the Shi'ite religion turns. The power of Shi'ism comes from the actions of the Imam. This title is reserved exclusively for the successors of the prophets in their mission. The author shows that from the beginning of Shi'ite Islam until the tenth century, the Imam was primarily a master of knowledge with supernatural powers, not a jurist theologian. The Imam is the threshold through which God and the creatures communicate. He is thus a cosmic necessity, the key and the center of the universal economy of the sacred. The author presents Shi'ism as a religion founded on double dimensions where the role of the leader remains constantly central: perpetual initiation into divine secrets and continued confrontation with

anti-initiation forces. Without esotericism, exotericism loses its meaning. Early Imamism is an esoteric doctrine. Historically, then, at the beginning of esotericism in Islam, we find an initiatory, mystical, and occultist doctrine. This is the first book to systematically explore the immense literature attributed to the Imams themselves in order to recover the authentic original vision. It restores an essential source of esotericism in the world of Islam.

The Orient Under the Caliphs Alfred Freiherr von Kremer, 1920 Von Kremer's *Ullurgeschichte des Orients* will be welcome to all English-knowing lovers of Islamic history and culture. Von Kremer still stands unsurpassed. He has had no competitors; he alone occupies the field. His researches patient, laborious, thorough have illumined every aspect of Muslim life. He is the most trustworthy interpreter of the social, political, economic, literary, and legal problems of Islam. The volume before us opens with an account of the death of the Prophet, and the trouble that arose over the question of succession. Faction fought faction. Heavy banks of cloud loomed up menacingly on the political horizon of Arabia. The spirit of tribal faction theretofore checked and kept in restraint asserted itself; and, in its very infancy, Islam was threatened with division, disunion, ruin and disruption. Omar saw the danger, and felt the need of prompt and vigorous action. He did as a practical and sagacious statesman would do. He settled the question of succession at a stroke; and with that the clouds rolled away, and the

danger which had confronted I slam was at once averted. -- From <https://www.amazon.co.uk> (Sep. 21, 2016).

Yousef, 2023-03-30 This book provides a comprehensive explanation for Allah's names and attributes. The author has effectively defined the attributes of Allah in such a way to ensure sufficient detail is provided for the reader, without excessively analysing and over complicating the topic. The aim and achievement of this book is to introduce God in the term in which He introduces Himself, and thereby make the approach to Him easier for willing hearts and minds. Furthermore it allows for a lighter, more pleasant and rewarding experience on the journey in reconnecting and strengthening the bond with our Creator.

**Verbal Idioms of the Qur'ān** Mustansir Mir, 1989

*Tafsīr Ibn 'Abbās* Muḥammad ibn Ya'qūb

Firūzābādī,2008 A collection of the long-unavailable tafasir, or commentaries on the Qur'an, which help to properly explain and contextualize the revelation, this series aims to make leading exegetical works--in translation, unabridged, and faithful to the letter and meaning of the Arabic--widely available for study and research. One of the most pivotal works for understanding the environment that influenced the development of Qur'anic exegesis, this volume--originally written by Abdullah Ibn 'Abbas and Ibn Ya'qub al-Firuzabadi--offers valuable insight into the circulation and exchange of popular ideas between Islam, Judaism, and Christianity during the formative phase of Islamic exegesis. In addition, the work avoids elaborate theological, philosophical, and grammatical explanations, making it easily accessible to nonspecialists.

**Welcome to Ahmadiyyat, the True Islam** Karimullah Zirvi,2010-01-01

*Not the Same God* Sam Solomon,Atif Debs,2015-12-10 This intense and carefully researched book deals with the question that is increasingly on the minds of many, Is the Allah of the Qur'an one and the same as the LORD God of the Bible? Although it may seem to some that this book is a response to the recent controversy at Wheaton College regarding what political science professor Larycia Hawkins stated in a Facebook page addressing a closely related question, Do Muslims and Christians worship the same God, (<http://www.theatlantic.com/politics/archive/2015/12/christian-college-suspend-professor/421029/> ) in reality it was completed in December 2015 on the

very eve of this controversy after a two year research effort. This coincidence, however, heightens the timeliness and underlines the importance of this issue. The book deals with this question using authoritative Islamic and Christian sources thus giving the reader a clear understanding of the Qur'anic Allah and the reasons he is not the same or even similar to the LORD God of the Bible. This book addresses the core differences, such that many will be enlightened and helped in understanding the issues objectively.
