**Italians and Food** Roberta Sassatelli,2020-08-14 This book is a novel and original collection of essays on Italians and food. Food culture is central both to the way Italians perceive their national identity and to the consolidation of Italianicity in global context. More broadly, being so heavily symbolically charged, Italian foodways are an excellent vantage point from which to explore consumption and identity in the context of the commodity chain, and the global/local dialectic. The contributions from distinguished experts cover a range of topics including food and consumer practices in Italy, cultural intermediators and foodstuff narratives, traditions of production and regional variation in Italian foodways, and representation of Italianicity through food in old and new media. Although rooted in sociology, Italians and Food draws on literature from history, anthropology, semiotics and media studies, and will be of great interest to students and scholars of food studies, consumer culture, cultural sociology, and contemporary Italian studies.

Christie,2021-10-01 The papers in this volume are contributed by leading historians, art historians and archaeologists and focus on 5 key themes: the evolution of settlement patterns in the Byzantine empire; the impact of barbarian elites in Spain, Gaul, Italy and Pannonia; the role of the Church in the definition of new links between town and territories; the situation in culturally homogenous territories such as Constantinople and the minor Langbard polities; the situation in economically defined territories. Contributions include papers by Gian Pietro Brogiolo, Pablo C. Díaz, Michel Fixot, Gisela Ripoll and Javier Arce, Sauro Gelichi, Wolfram Brandes and John Haldon, Nancy Gauthier, Gisella Cantino Wataghin, Ross Balzaretti, Martina Caroli, Neil Christie, Bryan Ward-Perkins and John Mitchell.

Now, two years later, clues begin to emerge that she may be hidden among the ranks of the slaves in the Sultan's harem. But how can he be sure? And can they be reunited? With a secret rebellion rising within the Sultan's palace, danger surrounds the lovers. A lush, ancient tale of treacherous secrets, forbidden love, and murder in the Ottoman palace,The Aviary Gate is exotic historical fiction at its very best.

**Finding Europe** Anthony Molho,Diogo Ramada Curto,Niki Koniordos,2007 This is an important collection and starting point for the worthy goal of promoting a better understanding of the past that makes it less able to be manipulated for contemporary political and religious aims...Compiled out of the European past, its aim of a better understanding of traditional values ought to be useful for contemporary cultures and for the work of scholars of all cultures and continents. - Renaissance Quarterly In the last decade or so, many books have been devoted to the history of Europe.Two conceptual axes predominate in a large number of these accounts: a discourse focusing on Europe's values, and another discourse, fashioned largely in opposition to the first, which emphasizes the process of European construction. The first conceives of Europe's past teleologically, as a process by which certain values (Christian ethics, individualism, capitalism, tolerance, republicanism, due process, etc.) were affirmed and came to define European culture. The second approach rejects the discourse on values emphasizes the post-Enlightenment emergence of the concept of Europe, and the political and ideological implications in its continuous redefinitions (and re elaborations) during the past two or more centuries. This volume offers new approaches that integrate the long temporal dimension of the values-based approach, albeit devoid of its teleological element, with the constructivist interpretation.

**Wait Till I'm Dead** Allen Ginsberg,2016-02-02 Rainy night on Union Square, full moon. Want more poems? Wait till I'm dead.—Allen Ginsberg, August 8, 1990, 3:30 A.M. The first new Ginsberg collection in over fifteen years, Wait Till I'm Dead is a landmark publication, edited by renowned Ginsberg scholar Bill Morgan and introduced by award-winning poet and Ginsberg enthusiast Rachel Zucker. Ginsberg wrote incessantly for more than fifty years, often composing poetry on demand, and many of the poems collected in this volume were scribbled in letters or sent off to obscure publications and unjustly forgotten. Wait Till I'm Dead, which spans the whole of Ginsberg's long writing career, from the 1940s to the 1990s, is a testament to Ginsberg's astonishing writing and singular aesthetics. Following the chronology of his life, Wait Till I'm Dead reproduces the poems together with extensive notes. Containing 104 previously uncollected poems and accompanied by original photographs, Wait Till I'm Dead is the final major contribution to Ginsberg's sprawling oeuvre, a must-read for Ginsberg neophytes and longtime fans alike.

**Kumba Africa** Sampson Ejike Odum,2020-11-03 'KUMBA AFRICA', is a compilation of African Short Stories written as fiction by Sampson Ejike Odum, nostalgically taking our memory back several thousands of years ago in Africa, reminding us about our past heritage. It digs deep into the traditional life style of the Africans of old, their beliefs, their leadership, their courage, their culture, their wars, their defeat and their victories long before the emergence of the white man on the soil of Africa. As a talented writer of rich resource and superior creativity, armed with in-depth knowledge of different cultures and traditions in Africa, the Author throws light on the rich cultural heritage of the people of Africa when civilization was yet unknown to the people. The book reminds the readers that the Africans of old kept their pride and still enjoyed their own lives. They celebrated victories when wars were won, enjoyed their New yam festivals and villages engaged themselves in seasonal wrestling contest etc; Early morning during harmattan season, they gathered firewood

and made fire inside their small huts to hit up their bodies from the chilling cold of the harmattan. That was the Africa of old we will always remember. In Africa today, the story have changed. The people now enjoy civilized cultures made possible by the influence of the white man through his scientific and technological process. Yet there are some uncivilized places in Africa whose people haven't tested or felt the impact of civilization. These people still maintain their ancient traditions and culture. In everything, we believe that days when people paraded barefooted in Africa to the swamp to tap palm wine and fetch firewood from there farms are almost fading away. The huts are now gradually been replaced with houses built of blocks and beautiful roofs. Thanks to modern civilization. Donkeys and camels are no longer used for carrying heavy loads for merchants. They are now been replaced by heavy trucks and lorries. African traditional methods of healing are now been substituted by hospitals. In all these, I will always love and remember Africa, the home of my birth and must respect her cultures and traditions as an AFRICAN AUTHOR.

*History in Exile* Pamela Ballinger,2003 This text asks what happens to historical memory and cultural identity when state borders undergo radical transformation. Concentrating on Trieste and the Istrian Peninsula it explores displacement from both the viewpoints of the exiles and those who stayed behind.

Goliarda Sapienza in Context Alberica Bazzoni,Emma Bond,Katrin Wehling-Giorgi,2016-06-02 The present edited collection of essays on the Sicilian author Goliarda Sapienza includes contributions from established and emerging scholars working in the field of contemporary women's writing. Essays in this volume examine Sapienza through multiple perspectives, taking into account the articulation of subjectivity through autobiographical writing and the complex representation of gender and sexual identities. Also considered here is Sapienza's oblique position within the Italian literary canon, with contributions moving beyond isolated textual analyses whilst attempting to situate the author's works within a framework of intertextual and contextual cultural references. Exploring the fertile network of explicit and implicit intersections with Italian and European literature (English and French in particular), as well as with Western philosophical thought in which Sapienza's texts are embedded, this volume will provide an overdue contribution to the belated appraisal of an author whose due recognition is, in Cesare Garboli's words, only a matter of time: "Time will work in favour of Goliarda Sapienza's works. And this is not a wish; it is a certainty."

**Mapping Markets for Paintings in Europe 1450-1750** Neil De Marchi,Hans J. van Miegroet,2006 Over the course of the fifteenth century easel paintings edged out tapestries, frescoes and wood inlay pictures on the walls of private dwellings. Millions of such paintings were produced in the period 1450-1800, in all shapes and sizes, and across the whole range of prices. Who bought them? How were they distributed? What place did they occupy among other luxury possessions? Such questions seem to require that visual culture be treated as an integral part of family spending and commercial pursuits. This volume is the outcome of a four-year collaboration between art historians, economists, social historians and museum professionals from the US, Australia and Europe; its aim was to map the new ground identified by these and related questions, in local contexts, but with comparative and longitudinal concerns constantly in mind. The result is an entirely new matrix of the business and artistic interactions through which visual cultures in early modern Europe were formed. The editors, Neil De Marchi and Hans J. Van Miegroet, an economist and an art historian, have collaborated across their disciplines for ten years. Here they have interspersed participants' essays with brief connecting observations, to produce a text that respects disciplinary expertise while making connections across locations and across time. Much has been written about European paintings; but how markets in paintings emerged, who they served, what roles and institutions were developed that enabled them to function effectively, and how exchange affected visual preferences, have not been studied in such a deliberately wide-angled, comparative way. Mapping Markets is not only a book about paintings, but a compendium of cross-disciplinary methods and insights. It charts the state of research in this trans-disciplinary field, identifies gaps, and poses questions for scholars and students wishing to pursue further the issues raised here.

**City of a Thousand Gates** Bee Sacks,2021-02-02 WINNER OF THE JANET HEIGINGER KAFKA PRIZE FOR FICTION "The novel showcases the humanity, tragedy, and complexity of life in the West Bank. . . . The characters' interwoven lives will stay with you long after the book's denouement." —Entertainment Weekly "Sacks is an extraordinarily gifted writer whose intelligence, compassion and skill on both the sentence and tension level rise to meet her ambition. She keeps us constantly on edge. . . . City of a Thousand Gates makes a convincing case for a literature of multiplicity, polyphonic and clamorous, abuzz with challenges and contradictions, with no clear answers but a promise to stay alert to the world, in all its peril and vitality." —Washington Post Brave and bold, this gorgeously written novel introduces a large cast of characters from various backgrounds in a setting where violence is routine and where survival is defined by boundaries, walls, and checkpoints that force people to live and love within and across them. Hamid, a college student, has entered Israeli territory illegally for work. Rushing past soldiers, he bumps into Vera, a German journalist headed to Jerusalem to cover the story of Salem, a Palestinian boy beaten into a coma by a group of revenge-seeking Israeli teenagers. On her way to the hospital, Vera runs in front of a car that barely avoids hitting her. The driver is Ido, a new father traveling with his American wife and their baby. Ido is distracted by thoughts of a young Jewish girl murdered by a terrorist who infiltrated her settlement. Ori, a nineteen-year-old soldier from a nearby settlement, is guarding the checkpoint between Bethlehem and Jerusalem through which Samar—Hamid's professor—must pass. These multiple strands open this magnificent and haunting novel of present-day Israel and Palestine, following each of these diverse characters as they try to protect what they love. Their interwoven stories reveal complicated, painful truths about life in this conflicted land steeped in hope, love, hatred, terror, and blood on both sides. City of a Thousand Gates brilliantly evokes the universal drives that motivate these individuals to think and act as they do—desires for security, for freedom, for dignity, for the future of one's children, for land that each of us, no matter who or where we are, recognize and share.

Painting as Business in Early Seventeenth-century Rome Patrizia Cavazzini,2008 Painting as Business in Early Seventeenth-Century Rome offers a new perspective on the world of painting in Rome at the beginning of the Baroque, from both an artistic and a socioeconomic point of view. Biased by the accounts of seventeenth-century biographers, who were often academic painters concerned about elevating the status of their profession, art historians have long believed that in Italy, and in Rome in particular, paintings were largely produced by major artists working on commission for the most important patrons of the time. Patrizia Cavazzini's extensive archival research reveals a substantially different situation. Cavazzini presents lively and colorful accounts of Roman artists' daily lives and apprenticeships and investigates the vast popular art market that served the aesthetic, devotional, and economic needs of artisans and professionals and of the laboring class. Painting as Business reconstructs the complex universe of painters, collectors, and merchants and irrevocably alters our understanding of the production, collecting, and merchandising of painting during a key period in Italian art history.
