The Lost Art of High Performance Driving Ross Bentley, 2017-07 Become a better performance driver with *Speed Secrets* With the promise of autonomous vehicles in our near future, and current cars equipped with all sorts of mind-boggling driver aides, many feel that the art (and science) of performance driving has been lost - or will be. But no! For every device designed to take the act of driving out of our hands, the desire to actively participate in the control of a car becomes even stronger for driving enthusiasts. One only needs to look at the number of performance cars available today to see that the desire to truly drive is still in strong demand. In *Speed Secrets: The Lost Art of Performance Driving*, Ross Bentley explains in plain language how you can become an even better performance-oriented driver, whether it's to enjoy a twisty mountain highway, to take that secret back-road route to work, or to participate in a track day on a racing circuit. From how best to use your car's controls, to cornering, to dealing with adverse driving conditions, this book will make you a better performance driver. Along the way, you'll learn what ABS, traction and stability control, self-braking systems, and semi-automatic transmissions do and how best to incorporate them into your driving. *Speed Secrets: The Lost Art of Performance Driving* will help you understand your car well and be an even better, faster driver. Most importantly, it will fuel your passion for driving!

Traffic Tom Vanderbilt, 2009-08-11 Driving is a fact of life. We are all spending more and more time on the road, and traffic is an issue we face everyday. This book will make you think about it in a whole new light. We have always had a passion for cars and driving. Now Traffic offers us an exceptionally rich understanding of that passion. Vanderbilt explains why traffic jams form, outlines the unintended consequences of our attempts to engineer safety and even identifies the most common mistakes drivers make in parking lots. Based on exhaustive research and interviews with driving experts and traffic officials around the globe, Traffic gets under the hood of the quotidian activity of driving to uncover the surprisingly complex web of physical, psychological and technical factors that explain how traffic works.

Encyclopedia of Stock Car Racing [2 volumes] Lew Freedman, 2013-03-14 This two-volume encyclopedia is the Daytona 500 of stock car racing books—an essential Bible that provides an all-encompassing history of the sport as well as an up-to-date examination of modern-day stock car racing. How did stock car racing become firmly entrenched in American pop culture, especially in light of the lack of interest in motorsports overall as a spectator activity in the United States? And what

has been the secret to NASCAR's financial success and growth over the last six decades? Encyclopedia of Stock Car Racing highlights approximately 250 subjects that have defined the sport since stock car racing was first organized. Organized in A-Z order, it covers all of the greatest drivers, such as Richard Petty, Jimmie Johnson, Junior Johnson, and David Pearson; the special races such as the Daytona 500 and Brickyard 400; and the famed tracks across the country, from Bristol Motor Speedway to Darlington Raceway to Talladega Superspeedway. This unprecedented resource collects information about every element of NASCAR history in one place: the early personalities who shaped the sport and set things in motion, the past greats who have now retired, and today's rising stars who continue to make stock car racing one of the most popular sports in the United States.

And De Fun Don't Done: A Les Norton Novel 7 Robert G. Barrett, 2016-01-16 NOW AN ABC TELEVISION DRAMA STARRING DAVID WENHAM AND REBEL WILSON They

don't call him Lucky Les for nothing. A ticket in a raffle and Norton was off to see to US of A-Siestasota, Florida, where it turned out hot, red hot, and it wasn't just the weather. Night club brawls, mafia hitmen, too many girls called Lori, gun crazed Americans and the whole lot washed along in a sea of margaritas. Even for Les Norton it was just too hot to handle. So it was off to 'greener' pastures-the Caribbean-for reggae, rum and Rastafarians, not to mention Sultry Delta, sweet-lipped Esme, and Millwood Downie, schoolteacher, historian and would-be stand-up comic, who helps Les trace his family tree and possibly uncover the biggest earn ever. The world is finally Norton's oyster. All he has to do is get the shell open.

Smoky Goes to Europe Kevin Amsler, 2006-11 Smoky Goes to Europe: A Travel Tale of a Marriage is the humorous story of a pet black bear who accompanies his human parents on a 17-day trip to Germany, Switzerland, Austria, and Italy. Besides staying with family living in Bavaria; the author and his wife take Smoky to explore medieval towns along Germany's Romantic Road; stroll Mozart's Salzburg; hike the Swiss Alps, discover a fairytale castle in Bavaria; renew wedding vows in a historic Italian church; and walk enough hills, steps, and streets to make the reader collapse from exhaustion. This story weaves through the history of European countries, provinces, cities, and towns, while embracing the cultures, languages, and incredible scenery of Europe in the spring. Amid the travel tales is the story of the close-knit relationship of a couple who married for the

first time later in life and have not spent a single day of that marriage apart. Testimonials from notables profiled in the book While touring Europe with the Rolling Stones, I made the acquaintance of Herr Amsler and found him to be a greatly troubled man, undoubtedly a result of the same medications I've been consuming. The book? I've never heard of it.-Wolfgang Amadeus Mozart. An artistic nightmare!-Pablo Picasso Deeply disturbing! That's all I have time to say. The partisans are coming.-Benito Mussolini. One of my aides brought this book to my attention and to the author I say this: If I ever catch you anywhere near one of my castles again, I'll have your fingers cut off with a very dull sword and mount your head above my throne.-Your humble servant, King Ludwig II. Delightfully appalling!-Napoleon Bonaparte
