**Anthony K. Tjan, Richard J. Harrington, Tsun-
Yan Hsieh**

Blindsight Peter Watts, 2006-10-03 Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, *Blindsight* Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Clouds over the Goalpost Lew Freedman, 2013-09-01 The pro football season of 1963 was dominated by the unexpected. In April, months prior to the beginning of play, it was revealed that two All-Star players, Paul Hornung and Alex Karras, were gambling on the sport and would be suspended from play for at least a year. Even worse, in

May, one of the league's bigger-than-life personalities, Big Daddy Lipscomb, was found dead, with police saying he perished from a heroin overdose, something those who knew him best still dispute. As play began in September, the Pro Football Hall of Fame opened its doors in Canton, Ohio, the same town where the National Football League was founded in 1921 and inducted its first class. Also, the war for players and prestige raged with the upstart American Football League trying to obtain equal footing in the public eye. On the field, it was to be the year the Chicago Bears and their aging owner-coach George Halas knew glory once more, fighting off the latest dynasty Green Bay Packers led by Vince Lombardi in a season-long chase for the Western Division title. Yet even that was overshadowed by the assassination of President John F. Kennedy. While the nation mourned and other sports leagues suspended activity, the NFL played on with its regular season that sad weekend—a choice commissioner Pete Rozelle later called the worst mistake of his tenure. *Clouds over the Goalpost* is filled with controversy not only on the field, but off it as well. From the various suspensions to an exciting championship game between the Bears and Giants, 1963 was a year that the NFL would never forget—for both the good and the bad.

The Screenwriter's Bible David Trottier, 1998 One of the most popular and useful books on screenwriting, now greatly expanded and completely updated. This edition includes a list of resources and contains approximately 100 new entries.

Heart, Smarts, Guts, and Luck Anthony K. Tjan, Richard J. Harrington, Tsun-Yan Hsieh, 2012 Examines the traits that define most people who achieve success, heart, smarts, guts, and luck, and helps readers to determine which traits they possess.

Project Hail Mary Andy Weir, 2022-10-04 #1 NEW YORK TIMES BESTSELLER • From the author of *The Martian*, a lone astronaut must save the earth from disaster in this “propulsive” (*Entertainment Weekly*), cinematic thriller full of suspense, humor, and fascinating science—in development as a major motion picture starring Ryan Gosling. HUGO AWARD FINALIST • ONE OF THE YEAR’S BEST BOOKS: *Bill Gates*, *GatesNotes*, *New York Public Library*, *Parade*, *Newsweek*, *Polygon*, *Shelf Awareness*, *She Reads*, *Kirkus Reviews*, *Library Journal* • “An epic story of redemption, discovery and cool speculative sci-fi.”—*USA Today* “If you loved *The Martian*, you’ll go crazy for Weir’s latest.”—*The Washington Post* Ryland Grace is the sole survivor on a desperate, last-chance mission—and if he fails, humanity and the earth itself will perish. Except that right now, he doesn’t know that. He can’t even remember his own name, let alone the nature of his assignment or how to complete it. All he knows is that he’s been asleep for a very, very long time. And he’s just been awakened to find himself millions of miles from home, with nothing but two corpses for company. His crewmates dead, his memories fuzzily returning, Ryland realizes that an impossible task now confronts him. Hurtling through space on this tiny ship, it’s up to him to puzzle out an impossible scientific mystery—and conquer an extinction-level threat to our species. And with the clock ticking down and the nearest human being light-years away, he’s got to do it all alone. Or does he? An irresistible interstellar adventure as only Andy Weir could deliver, *Project Hail Mary* is a tale of discovery, speculation, and survival to rival *The Martian*—while taking us to places it never dreamed of going.

To Hate Like This Is to Be Happy Forever Will

Blythe,2009-10-13 An obsessively personal history of the blood feud between North Carolina's and Duke's basketball teams and what that rivalry says about class and culture in the South The basketball rivalry between Duke and North Carolina is the fiercest and longest-running blood feud in college athletics, and perhaps in all of sports. To legions of otherwise reasonable adults, it is a conflict that surpasses athletics; it is rich against poor, locals against outsiders, even good against evil. In North Carolina, where both schools reside, it is a way of aligning oneself with larger philosophic ideals—of choosing teams in life—a tradition of partisanship that reveals the pleasures and even the necessities of hatred. As the season unfolds, Blythe, the former longtime literary editor of *Esquire* and a lifelong Tarheels fan, will immerse himself in the lives of the two teams, eavesdropping on practice sessions, hanging with players, observing the arcane rituals of fans, and struggling to establish some basic human kinship with Duke's players and proponents. With access to the coaches, the stars, and the bit players, it is both a chronicle of personal obsession and a record of social history.

When I Hit You Meena Kandasamy,2020-03-17 The widely acclaimed novel of an abused woman in India and her fight for freedom: "A triumph." —The Guardian Named a Best Book of the Year by the Financial Times, the Guardian, the Daily Telegraph, and the Observer Shortlisted for the Women's Prize for Fiction Longlisted for the Dylan Thomas Prize Shortlisted for the Jhalak Prize Based on the author's own experience, *When I Hit You* follows the narrator as she falls in love with a university professor and agrees to be his wife. Soon, the newlywed experiences extreme violence at her husband's hands and finds herself socially isolated. Yet hope keeps her alive. Writing becomes her salvation, a supreme act of defiance,

in a harrowing yet fierce and funny novel that not only examines one woman's battle against terror and loneliness but reminds us how fiction and stories can help us escape.

Inside the Poker Mind John Feeney (Ph. D.), 2000 Poker is a game of many skills and to become an expert poker player you need to master them all. They include selecting hands, playing position, projecting the proper image, and reading hands. However, many players who have mastered most of these skills still do poorly--at best they are small winners at lower limits. When they step up in limit and challenge the better players, they almost always fail. You see, having the skills is one thing, putting them all together is another. As the text will show, winning poker requires a lot of thinking as well as a thorough and systematic approach to the game, and that is what this book is about.

The Diversity Style Guide Rachele

Kanigel, 2018-10-15 New diversity style guide helps journalists write with authority and accuracy about a complex, multicultural world A companion to the online resource of the same name, The Diversity Style Guide raises the consciousness of journalists who strive to be accurate. Based on studies, news reports and style guides, as well as interviews with more than 50 journalists and experts, it offers the best, most up-to-date advice on writing about underrepresented and often misrepresented groups. Addressing such thorny questions as whether the words Black and White should be capitalized when referring to race and which pronouns to use for people who don't identify as male or female, the book helps readers navigate the minefield of names, terms, labels and colloquialisms that come with living in a diverse society. The Diversity Style Guide comes in two parts. Part One offers enlightening chapters on Why is Diversity So Important; Implicit Bias; Black Americans; Native People;

Hispanics and Latinos; Asian Americans and Pacific Islanders; Arab Americans and Muslim Americans; Immigrants and Immigration; Gender Identity and Sexual Orientation; People with Disabilities; Gender Equality in the News Media; Mental Illness, Substance Abuse and Suicide; and Diversity and Inclusion in a Changing Industry. Part Two includes Diversity and Inclusion Activities and an A-Z Guide with more than 500 terms. This guide: Helps journalists, journalism students, and other media writers better understand the context behind hot-button words so they can report with confidence and sensitivity Explores the subtle and not-so-subtle ways that certain words can alienate a source or infuriate a reader Provides writers with an understanding that diversity in journalism is about accuracy and truth, not political correctness. Brings together guidance from more than 20 organizations and style guides into a single handy reference book The Diversity Style Guide is first and foremost a guide for journalists, but it is also an important resource for journalism and writing instructors, as well as other media professionals. In addition, it will appeal to those in other fields looking to make informed choices in their word usage and their personal interactions.

Why Evolution is True Jerry A. Coyne, 2010-01-14 For all the discussion in the media about creationism and 'Intelligent Design', virtually nothing has been said about the evidence in question - the evidence for evolution by natural selection. Yet, as this succinct and important book shows, that evidence is vast, varied, and magnificent, and drawn from many disparate fields of science. The very latest research is uncovering a stream of evidence revealing evolution in action - from the actual observation of a species splitting into two, to new fossil discoveries, to the deciphering of the evidence stored in our genome. Why

Evolution is True weaves together the many threads of modern work in genetics, palaeontology, geology, molecular biology, anatomy, and development to demonstrate the 'indelible stamp' of the processes first proposed by Darwin. It is a crisp, lucid, and accessible statement that will leave no one with an open mind in any doubt about the truth of evolution.

Judas: A Biography Susan Gubar, 2009-03-30 An account of the story of the New Testament's arch-villain and his history over the past 2000 years in which Gubar links Christian anti-Semitism with Christianity's attempt to grapple with transcendent evil.

In The Court of Public Opinion James F. Haggerty, 2004-06-28 A practical guide to winning the public relations war in business In The Court of Public Opinion is a lively and practical guide for anyone involved in high-stakes litigation. Given the increasingly litigious, media-saturated business environment, companies and high-profile individuals need protection-not just in the courthouses, but in the court of public opinion. Using examples from many of the most famous cases in the past several years, In The Court of Public Opinion contains real-life strategies that CEOs, lawyers, and other executives can use when they find themselves in a high-profile lawsuit. James F. Haggerty, one of the nation's leading attorney/PR pros, offers advice on public relations strategies that will help businesses and individuals save their reputations as well as their livelihood. James F. Haggerty (New York, NY) is an attorney and CEO of the PR Consulting Group in New York. He has been working with legal and litigation issues for more than fifteen years and has been involved in many high-profile legal disputes, including the Ronald Perelman/Patricia Duff divorce and the Screen Actors' Guild strike against the advertising industry. His writing on

communications issues has appeared in The New York Times, the National Law Journal, and PR Week.

The Art of Being Human Michael Wesch, 2018-08-07
Anthropology is the study of all humans in all times in all places. But it is so much more than that. Anthropology requires strength, valor, and courage, Nancy Scheper-Hughes noted. Pierre Bourdieu called anthropology a combat sport, an extreme sport as well as a tough and rigorous discipline. ... It teaches students not to be afraid of getting one's hands dirty, to get down in the dirt, and to commit yourself, body and mind. Susan Sontag called anthropology a heroic profession. What is the payoff for this heroic journey? You will find ideas that can carry you across rivers of doubt and over mountains of fear to find the the light and life of places forgotten. Real anthropology cannot be contained in a book. You have to go out and feel the world's jagged edges, wipe its dust from your brow, and at times, leave your blood in its soil. In this unique book, Dr. Michael Wesch shares many of his own adventures of being an anthropologist and what the science of human beings can tell us about the art of being human. This special first draft edition is a loose framework for more and more complete future chapters and writings. It serves as a companion to anth101.com, a free and open resource for instructors of cultural anthropology. This 2018 text is a revision of the first draft edition from 2017 and includes 7 new chapters.

Radio Production Robert McLeish, Jeff Link, 2015-09-16
Radio Production is for professionals and students interested in understanding the radio industry in today's ever-changing world. This book features up-to-date coverage of the purpose and use of radio with detailed coverage of current production techniques in the studio and on location. In addition there is exploration of

technological advances, including handheld digital recording devices, the use of digital, analogue and virtual mixing desks and current methods of music storage and playback. Within a global context, the sixth edition also explores American radio by providing an overview of the rules, regulations, and purpose of the Federal Communications Commission. The sixth edition includes: Updated material on new digital recording methods, and the development of outside broadcast techniques, including Smartphone use. The use of social media as news sources, and an expansion of the station's presence. Global government regulation and journalistic codes of practice. Comprehensive advice on interviewing, phone-ins, news, radio drama, music, and scheduling. This edition is further enhanced by a companion website, featuring examples, exercises, and resources: www.focalpress.com/cw/mcleish.

Merchants of Doubt Naomi Oreskes, Erik M.

Conway, 2011-10-03 The U.S. scientific community has long led the world in research on such areas as public health, environmental science, and issues affecting quality of life. These scientists have produced landmark studies on the dangers of DDT, tobacco smoke, acid rain, and global warming. But at the same time, a small yet potent subset of this community leads the world in vehement denial of these dangers. *Merchants of Doubt* tells the story of how a loose-knit group of high-level scientists and scientific advisers, with deep connections in politics and industry, ran effective campaigns to mislead the public and deny well-established scientific knowledge over four decades. Remarkably, the same individuals surface repeatedly—some of the same figures who have claimed that the science of global warming is not settled denied the truth of studies linking smoking to lung cancer, coal smoke to acid rain, and CFCs to the ozone hole. Doubt is our product, wrote

one tobacco executive. These experts supplied it. Naomi Oreskes and Erik M. Conway, historians of science, roll back the rug on this dark corner of the American scientific community, showing how ideology and corporate interests, aided by a too-compliant media, have skewed public understanding of some of the most pressing issues of our era.

1920 David Pietrusza, 2007 The presidential election of 1920 was one of the most dramatic ever. For the only time in the nation's history, six once-and-future presidents hoped to end up in the White House: Woodrow Wilson, Warren G. Harding, Calvin Coolidge, Franklin Delano Roosevelt, Herbert Hoover, and Theodore Roosevelt. It was an election that saw unprecedented levels of publicity — the Republicans outspent the Democrats by 4 to 1 — and it was the first to garner extensive newspaper and newsreel coverage. It was also the first election in which women could vote. Meanwhile, the 1920 census showed that America had become an urban nation — automobiles, mass production, chain stores, and easy credit were transforming the economy and America was limbering up for the most spectacular decade of its history, the roaring '20s. Award-winning historian David Pietrusza's riveting new work presents a dazzling panorama of presidential personalities, ambitions, plots, and counterplots — a picture of modern America at the crossroads.

The Jersey Devil James F. McCloy, Ray Miller, 1976 In the course of its extraordinary history, the Jersey Devil has been exorcised, shot, electrocuted, declared officially dead, and scoffed as foolishness--none of which has had any effect on it or the people who persist in seeing it! This mysterious creature is said to prowl the lonely sand trails and mist-shrouded marshes of the Pine Barrens, and emerge periodically to rampage through the towns and

cities of New Jersey and eastern Pennsylvania, leaving many communities in near-hysteria. The authors show that while a few appearances have been out-right fraud and others have likely been the result of mass hysteria, this creature has been seen by enough sane, sober, and responsible citizens to keep the possibility of its existence alive and tantalizing. Over 50,000 in print

Anomie and Violence John Braithwaite, Valerie Braithwaite, Michael Cookson, Leah Dunn, 2010-03-01
Indonesia suffered an explosion of religious violence, ethnic violence, separatist violence, terrorism, and violence by criminal gangs, the security forces and militias in the late 1990s and early 2000s. By 2002 Indonesia had the worst terrorism problem of any nation. All these forms of violence have now fallen dramatically. How was this accomplished? What drove the rise and the fall of violence? Anomie theory is deployed to explain these developments. Sudden institutional change at the time of the Asian financial crisis and the fall of President Suharto meant the rules of the game were up for grabs. Valerie Braithwaite's motivational postures theory is used to explain the gaming of the rules and the disengagement from authority that occurred in that era. Ultimately resistance to Suharto laid a foundation for commitment to a revised, more democratic, institutional order. The peacebuilding that occurred was not based on the high-integrity truth-seeking and reconciliation that was the normative preference of these authors. Rather it was based on non-truth, sometimes lies, and yet substantial reconciliation. This poses a challenge to restorative justice theories of peacebuilding.

Outlander Diana Gabaldon, 2004-10-26 #1 NEW YORK TIMES BESTSELLER • NOW A STARZ ORIGINAL SERIES
Unrivaled storytelling. Unforgettable characters. Rich

historical detail. These are the hallmarks of Diana Gabaldon's work. Her New York Times bestselling Outlander novels have earned the praise of critics and captured the hearts of millions of fans. Here is the story that started it all, introducing two remarkable characters, Claire Beauchamp Randall and Jamie Fraser, in a spellbinding novel of passion and history that combines exhilarating adventure with a love story for the ages. One of the top ten best-loved novels in America, as seen on PBS's The Great American Read! Scottish Highlands, 1945. Claire Randall, a former British combat nurse, is just back from the war and reunited with her husband on a second honeymoon when she walks through a standing stone in one of the ancient circles that dot the British Isles. Suddenly she is a Sassenach—an "outlander"—in a Scotland torn by war and raiding clans in the year of Our Lord . . . 1743. Claire is catapulted into the intrigues of a world that threatens her life, and may shatter her heart. Marooned amid danger, passion, and violence, Claire learns her only chance of safety lies in Jamie Fraser, a gallant young Scots warrior. What begins in compulsion becomes urgent need, and Claire finds herself torn between two very different men, in two irreconcilable lives. This eBook includes the full text of the novel plus the following additional content: • An excerpt from Diana Gabaldon's Dragonfly in Amber, the second novel in the Outlander series • An interview with Diana Gabaldon • An Outlander reader's guide Praise for Outlander "Marvelous and fantastic adventures, romance, sex . . . perfect escape reading."—San Francisco Chronicle "History comes deliciously alive on the page."—New York Daily News
