Magellan William Jay Jacobs, 1994-01-01 Traces the life and voyages of the Portuguese explorer who circumnavigated the world

Turtles in Our Wake Sandra Clayton, 2012-01-03 Most people at some point long to escape - from the weather, the commute, the routine. Sailing off in a forty-foot boat called Voyager comes at a price, however. Indeed, for David and Sandra Clayton it meant selling their house and possessions with a lifetime's collection of memories and emotions attached to them. But the result proved life-enhancing. With her eye for detail and vivid descriptions, Sandra carries the reader with her through some of the

Mediterranean's loveliest islands. Charmed by tranquil anchorages, ancient harbours and the people they meet, they also develop a fascination with the sea and its wildlife. And, whilst questioning the things we value and the nature of happiness, this book reveals the growing and sometimes amusing inter-dependence of two people alone at sea. This is the sequel to the popular *Dolphins under my Bed*, which charted Sandra and David's first long journey: a 2,000-mile voyage from England, down the Atlantic coast and into the warm waters of the Mediterranean.

The Ocean Voyager and Me Di Beach, 2014-07-18 An amazing adventure, a voyage for the mind, the heart, and the senses, illustrating vividly what can happen when you risk everything to follow your heart. Di Beach' flowing prose and superb command of the English language makes this book an unputtdownable pageturner that sweeps the reader along to the final pages which will bring tears to the most jaundiced of eyes. Not the usual subject matter of a pageturner but a thoughtful and exquisitely written tale of a voyage both actual and virtual. An enthralling chronicle of a rebellious teenager discovering freedom, fearlessness and the secrets of a non-aligned life. Unable to suppress her adventurous spirit, Di Beach takes the extreme step of suing her parents for legal independence. When she flees to Uganda and marries Rod, a wild genius of a man, little does she know just where that daredevil attitude will lead. Tirelessly intrigued by new experiences, Di's descriptions are vivid: exploring Africa, building a boat on a small Islamic island, sailing across oceans, and learning to cook everywhere she goes. She continues her adventures on an Andalusian mountainside where she runs a small boutique hotel. The intrepid travellers who find this amazing oasis are fascinated by her tales and seduced by her food. And for her next adventure, who can tell.

Magellan, Or, The First Voyage Round the World George Makepeace Towle, 1879

A Voyage in the Sunbeam Brassey Anna, 2023-07-30 First published in 1878, *A Voyage in the Sunbeam* is a journal detailing the Brassey family's voyage around the world. Annie Brassey delights in the mild Tahitian and Hawaiian breezes, shivers in the Japanese cold, and swelters in the Arabian heat. She struggles to keep down her breakfast sailing through the Straits of Magellan, and boldly marches her children up to the caldera of an active Hawaiian volcano. She suffers many hardships, but Brassey is undaunted, retaining a childlike wonder in the sights she sees. Contains hand-drawn illustrations from Hon. A. Y. Bingham.

Cruising the Latin Tapestry W.E Welbourne,2013-10-12 Cruising the Latin Tapestry is a travelogue and adventure story of the MV Voyager's circumnavigation of South America in early 2013 as experienced by the author and his partner. It provides an interesting insight into the extraordinary beauty and colourful vigour of Latin America that a traveller can expect by visiting this fascinating continent.

Voyage of the Harrier Julian Mustoe,2015-04-07 One of the most important ocean voyages in history was the circumnavigation of the world by the survey ship HMS Beagle in the early 1830s, with Charles Darwin aboard as ship's naturalist. Darwin's account, published in 1839 as *Voyage of the Beagle*, has never been out of print. *Voyage of the Harrier*, is the story of the first detailed re-enactment ever made of the Beagle's famous voyage. Between 2001 and 2012 the author in his small sailing yacht Harrier went to nearly every port used, and almost every anchorage visited, by the Beagle. Harrier's voyage was guided in detail by Robert FitzRoy's Narrative and Darwin's Beagle Diary. The Beagle's voyage involved much labourious survey work and it saw the beginning of Darwin's personal development as a scientist. Harrier's voyage included a shipwreck and an attack by smugglers in the Timor Sea. The author's book, *Voyage of the Harrier*, combines accounts of the Beagle and Harrier voyages in such a way that the two voyages cast light upon one another. Together, the two narratives help to illuminate the world.
