Here's the Plan. Allyson Downey,2016-04-26 Today's Corporate America appears family friendly, but even the most focused, productive women can lose out on promotions, key assignments, and inclusion in office dynamics when they have children. Downey offers an inventive and inspiring roadmap for working mothers steering their careers through the parenting years. She provides a practical how-to for negotiating leave and flex time, along with visionary advice for the difficult challenges that can arise for mothers with careers.

The Au Pair Emma Rous,2020-07-07 If V. C. Andrews and Kate Morton had a literary love child, Emma Rous' USA Today bestseller *The Au Pair* would be it. One of the most anticipated books of 2019 from Pop Sugar, Bustle, Cosmo, Parade, and Goodreads! Seraphine Mayes and her twin brother, Danny, were born in the middle of summer at their family's estate on the Norfolk coast. Within hours of their birth, their mother threw herself from the cliffs, the au pair fled, and the village thrilled with whispers of dark cloaks, changelings, and the aloof couple who drew a young nanny into their inner circle. Now an adult, Seraphine mourns the recent death of her father. While going through his belongings, she uncovers a family photograph that raises dangerous questions. It was taken on the day the twins were born, and in the photo, their mother, surrounded by her husband and her young son, is smiling serenely and holding just one baby. Who is the child, and what really happened that day?

**There's a Pair of Us** Juliene Anne,2013-04 Eleven years of marriage boiled down to one truth: the one who had promised fidelity for better or worse, who'd fathered their three children and joined her in quoting Emily Dickinson lines, had been unfaithful. For years Juliene Anne had endured the embarrassment of Lee having one too many drinks and showing too much interest in other women. But she trusted him to never go too far. Until the message she overheard that changed her life. You need to stop coming out here to California, and screwing around with my girlfriend, and screwing around on your wife, and screwing up my life. The ensuing confrontation and painful interactions that followed reinforced Juliene's perception of Lee as the problem. As they struggled to patch up their marriage, she came to a far more startling conclusion: she could choose to be happy. She could choose to love. Regardless of Lee's actions, Juliene could take steps to strengthen her contentment. This honest memoir of a marriage in tatters brings to light a major misconception throughout society: that we are helpless to resist the feelings accompanying life's troubles. Having passed

through one of the most trying tests of marriage, Juliene shares her struggles with the hope of one whose marriage has been strengthened through twenty-five years of openness and commitment. Juliene's heartfelt story reinforces the enduring bond of Christian marriage and the faithfulness of God to those who choose to trust his love.
