Vision, Courage and Service Brigadier Satish K. Issar,2021-06-15 Born in a traditional Indian middle-class family in 1921, Tapishwar Narain (Tappy) Raina rose to the pinnacle of the Indian Army in 1975. A decorated and battle-hardened soldier, Tappy Raina proved also to be a visionary Army Chief. He pushed through ground-breaking initiatives both for making the Indian Army future-ready and for the welfare of its officers and men. Equally, his quiet but firm stand against the Indian Army being drawn into the maelstrom of Indian politics during the period of Emergency was a truly signal service to India's democracy. Tappy Raina was pitched into the 2nd World War at the very outset of his army career and saw action in the Middle East, Burma and the Far East. During this period he was wounded and lost his right eye but never let this early setback affect him professionally. His finest hour as a soldier came during India's war with China in 1962. Amidst the ruins elsewhere along the borders, Brigadier Raina won laurels as a battlefield commander in Ladakh, where Indian Army blunted the Chinese PLA in the battle of Chushul. For this exemplary military leadership, Tappy Raina was conferred the country's second highest gallantry award, the Maha Vir Chakra (MVC). Later, for his contribution in the war against Pakistan in 1971, then Lt General Raina was conferred the award of Padma Bhushan. Not even sixty yet, General Raina passed away in 1980 with his boots on while serving in India's High Commissioner in Canada. Interspersed in the book are notes by Tappy Raina's wife, Ninette, which etch out some personal facets of his life and reveal his innate decency, modesty and compassion. General T. N. Raina's was an inspiring life of outstanding service to the nation, embodying vision, professional excellence and courage.

Guests of God Robert R. Bianchi,Robert Richard Bianchi,2004-09-09 While the hajj is first and foremost a religious festival, it is also very much a political event. Every large Muslim state has developed a comprehensive hajj policy and a powerful bureaucracy to enforce it. This work argues, no secular or religious authority - national or international - can really control the hajj.

Gold Coins of the World, 10th edition Arthur & Ira Friedberg,2023-12-20 The tenth edition of Gold Coins of the World expands on its predecessor, digging more deeply into new areas of collector interest, and expanding many sections. From the coins of Ancient Greece, Rome, and the Byzantine Empire, and from Afghanistan through Zanzibar, it includes the addition of many new discoveries for dozens of countries. From the 384 pages of the 1958 edition, the work has expanded to 852 pages, which have been completely revised and updated. The authors have listed more than 22,000 coin types, which are illustrated with more than 8,500 photos—now, for the first time, each one of them in color. Each country's section includes tables of weight and fineness. The market valuations are extensively revised to reflect both the higher price of gold as well as the skyrocketing demand for numismatic rarities. Valuations are now provided, for the first time, in up to three states of preservation. Many of the prices, especially for great rarities and coins in higher grades, have at least doubled. In fact, as collectors recognize the scarcity of coins in the highest states of preservation, the premium for such coins relative to lower-graded ones is escalating beyond traditional proportions. The coinage of India and the Islamic world, long dismissed by western collectors as difficult to decipher, unimportant, and lacking in value, is now the subject of intense interest, and has shown some of the most dramatic increases of all. The reader will also find a useful directory of the world's leading gold-coin dealers and auction houses. For the numismatist, banker, economist, historian, or institution of higher learning, the tenth edition of Gold Coins of the World is a book for every library, public and private.
