❏ English to Hindi Dictionary - 6250 Daily Use Words Mocktime Publication, English to Hindi Dictionary - 6250 Daily Use Words for Beginners - English to Hindi Vocabulary Book

❏ Hindi Vocabulary Book PinHok Languages,2022-05-01 Hindi vocabulary book + Hindi dictionary This Hindi vocabulary book contains more than 3000 words and phrases which are grouped by topic to make it easier for you to pick what to learn first. On top of that, the index in the second half of the book provides you with a basic Hindi-English as well as English-Hindi dictionary which makes this a great resource for learners of all levels. What you can expect from this book: This Hindi learning resource is a combination of Hindi vocabulary book and a two-way basic Hindi dictionary: Part 1 - Topic based Hindi vocabulary book: This is the main part of the book and represents a list of chapters each containing Hindi vocabularies for a certain topic. The Hindi vocabularies in the chapters are unsorted on purpose to separate remembering them from a defined alphabetical order. You can start at any chapter and dive directly into the topics that interest you the most. Part 2 - Basic English-Hindi dictionary: The index in the second half of the book can be used as a basic Hindi dictionary to look up words you have learned but can’t remember or learn new words you need. Part 3 - Basic Hindi-English dictionary: Easy to use and with just the right amount of words, this third part finishes off with a second index that allows you to look for Hindi words and directly find the English translation How to use this Hindi vocabulary book: Not sure where to start? We suggest you first work your way through the verbs, adjectives and phrases chapters in part one of the book. This will give you a great base for further studying and already enough vocabulary for basic communication. The Hindi dictionaries in part two and three can be used whenever needed to look up words you hear on the street, English words you want to know the Hindi translation for or simply to learn some new words. Some final thoughts: Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work very well. Together with the basic Hindi dictionary parts, this vocabulary book is a great resource to support you throughout the process of learning Hindi and comes in particularly handy at times when there is no internet to look up words and phrases.

❏ Essential English / Hindi Dictionary John C. Rigdon,2017-03-01 Hindi is listed as the 4th most widely spoken language in the world. Of the 22 official languages and over 1,000 dialects of India, Hindi along with English is promoted by the government and viewed by over half the population as a link-language. Hindi is an Indo-European language spoken in India, Nepal, and by minorities in Fiji, United Arab Emirates, Trinidad, Suriname, South Africa, UK, USA and Australia. Hindi is written in the Devanagari script, shared with Nepali, Marathi and a number of other Indian languages. Devanagari is a form of alphabet called an abugida, as each consonant has an inherent vowel (a), that can be changed with the different vowel signs. Most consonants can be joined to one or two other consonants so that the inherent vowel is suppressed. The resulting form is called a ligature. Devanagari is written from left to right. Devanagari has no case distinction, i.e. no upper case letters. This dictionary contains 12,500 terms in English and Hindi with their transliteration equivalent in the Roman Alphabet. Terms are also identified according to their part of speech. We also publish a dictionary with definitions in Hindi (16,000 terms) and an unabridged English / Hindi Dictionary with 136,000 terms. See our website for pricing and availability.
