Filled with 100 delicious, quick and easy dishes, Lisa Faulkner's latest book celebrates the joy of cooking and sharing recipes between family and friends. 'I believe that many of us cook and create by being given nuggets of inspiration. We take recipes and cook from them, and then we tweak them and add things and cook them again. That to me is the joy of cooking: sharing a love of food, a memory of why something tasted so good.' Lisa Faulkner Like most mums, Lisa Faulkner is always thinking of recipes for her family which are tasty and nourishing. Talking to other mothers and swapping recipes has been the greatest source of inspiration for her, so she invited those of her friends who are mothers to share their secrets in her brand new cookbook, From Mother to Mother. Lisa asked them what they liked to cook; what their family fallbacks are; their comfort dishes; and the meals they make for their families when time is short. This is a stunning collection of family recipes inspired by the women who know exactly what to put on the table when there are hungry mouths to feed, occasions to celebrate or when you simply want to create a delicious meal for your family to enjoy any day of the week. 2040: A Handbook for the Regeneration Damon Gameau,2019-04-23 'The future can't be predicted but it can be envisioned and brought lovingly into being.' Donella Meadows Like most of us, Damon Gameau has spent most of his adult years overwhelmed into inaction by the problem of climate change and its devastating effects on the planet. But when Damon became a father, he knew he couldn't continue to look away. So he decided to do what he does best, and tell a story. And the story became an imagining of what the world could look like in 2040, if we all decided to start doing things differently, right now. The result is the era-defining documentary 2040 - a meticulously researched plea for the adoption of community-building, energy-generating, connection-forging, forest-renewing, ocean-replenishing measures that science tells us will reset our planet's health, drive our economies and improve lives across the globe. 2040: A Handbook for the Regeneration shows us how we can stitch this magnificent vision into everyday life by engaging in activities such as cooking, shopping, gardening, sharing, working and teaching our kids. It shows us that climate change is a practical problem that can be tackled by each of us, one small step at a time, and that we can make a genuine difference - if we know what to do. Brimming with practical wisdom and even 50 delicious recipes, 2040: A Handbook for the Regeneration empowers you to become the change you want to see in the world. This is a specially formatted fixed-layout ebook that retains the look and feel of the print book. PRAISE FOR THE 2040 DOCUMENTARY '2040 is the Australian documentary everyone's going to be talking about' Mamamia 'even better than That Sugar Film!' Tom Tilley of Triple J's Hack 'In 2040, Gameau defaults to the position of inspiring people rather than alarming or overwhelming them. You leave the film wanting more, not less, of these sorts of productions.' Guardian 'a real glimpse of a greener future' Sydney Morning Herald
