Adventures in Paranormal Investigation Joe Nickell,2007-12-01 Tales of alien abductions, miraculous relics, and haunted castles have attracted believers and skeptics across the globe for centuries. Paranormal investigator Joe Nickell tackles the world's most seemingly inexplicable myths in *Adventures in Paranormal Investigation*. With four decades of experience in the field, Nickell employs skepticism and scientific analysis to pull truth from the mires of false evidence and trickery that surround both old and new legends and mysteries. Unlike authors who engage in hype and sensationalism in order to foster or debunk myths, Nickell approaches each case with a rational and scientific approach intended to find the truth. Occam's Razor—all things being equal, the simplest solution is the best one—is a principal instrument in his investigative toolbox, as well as the belief that it is the claimant's responsibility to provide the extraordinary proof required in such extraordinary cases. *Adventures in Paranormal Investigation* features Nickell's on-site explorations in unusual phenomena. Among the forty unique cases, Nickell examines mysteries ranging from snake charmers who purport to hold influence over the reptiles, to the Holocaust victims who reportedly haunt a gas chamber in Dachau, to Lake Simcoe's resident lake monster Igopogo in Canada. In addition to the case studies, Nickell analyzes how the propensity to fantasize can affect human perceptions of and belief in paranormal activity and how his personal experience with the paranormal was altered when intuition led to the discovery of a daughter he didn't know existed. More than just another myth-busting text, *Adventures in Paranormal Investigation* brings together reason and scientific analyses to explain both the phenomena and the role of human perception therein, establishing Nickell as the foremost paranormal investigator of our time.

Paranormal Activity Geralyn St. Joseph,2014-09-26 How do I know if my house is haunted? How can I tell what it is haunted by? Is it dangerous? What should I do? Paranormal Activity - What are you dealing with? What might be around you, what to do about it and more will be answered. You are not alone! Demons, Angels, Fallen Angels, Ghosts, haunting? Do I need an exorcism? What does the Bible say about these things? Every night at 3am you wake up to the sound of music, followed by the sounds of a heated argument. The first half dozen times you flew out of bed, checked the house, yelled at the neighbors, only to realize that the sound was coming from...where? You might be able to see it, or just catch glimpses from the corner of your eye. What are you dealing with?!? It seems like every time you have an argument with your teen, something breaks. It's not that they throw stuff or do anything you can put your finger on, but something always breaks. Pictures fly off the wall, their stereo [do these even exist anymore?] starts to go crazy, a glass is cracked...inside the cabinet! What are you dealing with?!? You keep feeling like someone is watching you, seeing something out of the corner of your eye and suddenly you feel really sad, but there's no reason for it. It seems that the lights keep flickering when you enter the room, but you checked them all. They aren't loose and there is no electrical problem. What are you dealing with?!? Your child keeps telling you family history they should not know. You ask them who told them and they tell you about meeting their grandparent. They describe in vivid detail what they look like and what they said. But their grandparent is dead. There's no way this could happen, right? What are you dealing with?!? Every time you are alone the TV changes channels or turns on and off. Your pictures fly off your dresser, like someone angrily knocked them down. You feel like someone is watching you. You feel angry for no reason. What are you dealing with?!? You feel uneasy when you are home, like someone is watching you and wants to hurt you. You have severe headaches that seem to dissipate as soon as you leave the house. You had the house checked for environmental causes, but there's no mold, or fumes the inspector can find to explain your pain or illness. Things seem to move, you keep finding your wedding pictures on the floor. Then you wake up with 3 deep scratches on you. Now it's time to worry. What are you dealing with?!? You feel indestructible and engage in risky behavior. You start craving things you never wanted before and saying things that seem to just jump out of your mouth. You find yourself being confronted by friends and family for things you don't remember doing. Your appearance undergoes subtle changes. You feel out of control. What's going on here?!? You believe that anyone who is not the same faith as you is lost and deluded. You judge others harshly, yet make excuses for your own bad behavior. You take lessons and quotes from the Bible [or other sacred texts] without looking at the context to make your point. You think everyone who is spiritual is wrong. What are you doing? You read a book and now you are ready to summon your angels. So you sit down and go through the process. You don't get a name right away, but you keep trying. Eventually you can really feel them and things are looking up. Your angels speak to you consistently. You get what you want, but then things seem to go awry. What are you dealing with? If ANY of this sounds familiar you need this book!

Haunted Ground Darryl V. Catherine, 2011-08-10 This fascinating and insightful tour through present-day meetings of Spiritualists, UFOlogists, and dowsers illuminates our obsession with the paranormal and challenges the misunderstanding of the paranormal as a marginal or inconsequential feature of America's religious landscape. According to a 2005 Gallup poll, 75 percent of Americans believe in some form of paranormal activity. The United States has had a collective fascination with the paranormal since the mid-1800s, and it remains an integral part of our culture. *Haunted Ground: Journeys through a Paranormal America* examines three of the most vibrant paranormal gatherings in the United States—Lily Dale, a Spiritualist summer camp; the Roswell UFO Festival; and the American Society of Dowsers' annual convention of water witches—to explore and explain the reasons for our obsession with the paranormal. Both academically informed and thoroughly entertaining, this book takes readers on a road trip through our nation, guided by professor of American religion Darryl V. Catherine, PhD. The author interprets seemingly unrelated case studies of phantasmagoria collectively as an integral part of the modern discourse about nature as ultimate reality. Along the way, Dr. Catherine reveals how Americans' interest in the paranormal is rooted in their anxieties about cultural, political, and economic instability—and in a historic sense of alienation and homelessness.

My Haunted Attachment Christopher Saint Booth, Kristina Rake M a, 2021-11-06 Did you ever wonder why someone left a beautiful antique in the alley, threw away or even buried a valuable possession? A tragic event can remain and attach itself to material things such as clothing, dolls, furniture, paintings, jewelry and even houses. It then can transfer its dark energy on to you, altering your personality making you feel out of control and even destroy your life. Compiled here are the true case files documenting, real evidence of haunted attachments and how it effects its owners or should I say its victims. If you play with paranormal fire you're going to get 'burnt'. This book and documentary is very personal to me as I went through the most difficult time in my life filming our latest documentary *The Attached*. This was the first time I picked up an attachment during an investigation at St. Albans Sanatorium. I was attacked in Isolation Cell 7. St. Albans has over 14 Isolation Cells that you can visit if you dare. Something at St. Albans attached to my back and I remember spinning around like a chicken with its head cut off. It was heavy, like human baggage taking a stronghold on my frame. I remember screaming Get off me, Get off me. After eventually it subsiding. I felt lighter as it calmed down enough to be able to leave. Within six months after I almost died. Leaving out the gory-building details, getting straight to the point, I was checked into the hospital with some form of thing residing inside the middle of me. It was ruled out as a tumor yet they found a large unknown entity living inside of me. It was successfully removed but that entity remains at Harvards Medical University in a specimen jar as it had stem cells and teeth. Was this some form of an attachment or just a coincidence, you decide as you read on....BTW: Isolation Cell 7 is where patient Rebecca was kept..
