**Paris Quiz** Dominique Lesbros, 2009 This fun book is a perfect stocking stuffer, the perfect book to take to Paris to use for a scavenger hunt, and perfect for the armchair traveler who loves trivia. There are more than 400 multiple-choice questions, by arrondissement, ranging from obscure lore to facts about well-known buildings, streets, and statues with fascinating and often humorous histories. Here's a sample: What color are all the illuminated signs on the Champs-Élysées? A) Blue B) Green C) White C: They are required to be white. Advertisers and merchants must conform to the decision of uniformity taken in the interest of aesthetics. Even McDonald's had to swap its yellow M for a white one, making it the only exception in the world. Only pharmacies are allowed to break the rule. In 1836 the Église Saint-Cosme was demolished to make room on the boulevard Saint-Michel. The construction unearthed remains from an old cemetery adjoining the church. What was peculiar about it? A) It was an animal cemetery B) It was a cemetery for clergy C) It was a cemetery for hunchbacks C: The church and its cemetery were located between the rue Racine and the rue des Écoles, on the current site of the Gibert bookstore. Using the shape of the remains (most of the

exhumed spinal columns were curved and presented malformations), it was deduced that it was a cemetery for hunchbacks.

Finding Paris Joy Preble, 2015-04-21 An evocative and compelling story of two sisters who would do anything for each other—perfect for fans of *Thirteen Reasons Why* and *Speak*. Joy Preble's stirring new novel explores the lengths to which sisters go to protect each other, and the winding road that brings two strangers into each other's lives. Sisters Leo and Paris Hollings have only ever had each other to rely on. They can't trust their mother, who hops from city to city and from guy to guy, or their gambler stepfather, who's moved them all to Las Vegas. It's just the two of them: Paris, who's always been the dreamer, and Leo, who has a real future in mind—going to Stanford, becoming a doctor, falling in love. But Leo isn't going anywhere right now, except driving around Vegas all night with her sister. Until Paris ditches Leo at the Heartbreak Hotel Diner, where moments before they had been talking with physics student Max Sullivan. Outside, Leo finds a cryptic note from Paris—a clue. Is it some kind of game? Where is Paris, and why has she disappeared? When Leo reluctantly accepts Max's offer of help, the two find themselves

following a string of clues through Vegas and beyond. But the search for the truth is not a straight line. And neither is the path to secrets Leo and Max hold inside.
