**The First National Bank of Dad** David Owen,2007-04-24 Most parents do more harm than good when they try to teach their children about money. They make saving seem like a punishment, and force their children to view reckless spending as their only rational choice. To most kids, a savings account is just a black hole that swallows birthday checks. David Owen, a New Yorker staff writer and the father of two children, has devised a revolutionary new way to teach kids about money. In *The First National Bank of Dad*, he explains how he helped his own son and daughter become eager savers and rational spenders. He started by setting up a bank of his own at home and offering his young children an attractively high rate of return on any amount they chose to save. If you hang on to some of your wealth instead of spending it immediately, he told them, in a little while, you'll be able to double or even triple your allowance. A few years later, he started his own stock market and money-market fund for them. Most children already have a pretty good idea of how money works, Owen believes; that's why they are seldom interested in punitive savings schemes mandated by their parents. The first step in making children financially responsible, he writes, is to take advantage of human nature rather than ignoring it or futilely trying to change it. My children are often quite irresponsible with my money, and why shouldn't they be? he writes. But they are extremely careful with their own. *The First National Bank of Dad* also explains how to give children real experience with all kinds of investments, how to foster their charitable instincts, how to make them more helpful around the house, how to set their allowances, and how to help them acquire a sense of value that goes far beyond money. He also describes at length what he feels is the best investment any parent can make for a child -- an idea that will surprise most readers.

*The National Parks* Dayton Duncan,Ken Burns,2009-09-08 The companion volume to the twelve-hour PBS series from the acclaimed filmmaker behind *The Civil War*, *Baseball*, and *The War*. America's national parks spring from an idea as radical as the Declaration of Independence: that the nation's most magnificent and sacred places should be preserved, not for royalty or the rich, but for everyone. In this evocative and lavishly illustrated narrative,

Ken Burns and Dayton Duncan delve into the history of the park idea, from the first sighting by white men in 1851 of the valley that would become Yosemite and the creation of the world's first national park at Yellowstone in 1872, through the most recent additions to a system that now encompasses nearly four hundred sites and 84 million acres. The authors recount the adventures, mythmaking, and intense political battles behind the evolution of the park system, and the enduring ideals that fostered its growth. They capture the importance and splendors of the individual parks: from Haleakala in Hawaii to Acadia in Maine, from Denali in Alaska to the Everglades in Florida, from Glacier in Montana to Big Bend in Texas. And they introduce us to a diverse cast of compelling characters—both unsung heroes and famous figures such as John Muir, Theodore Roosevelt, and Ansel Adams—who have been transformed by these special places and committed themselves to saving them from destruction so that the rest of us could be transformed as well. *The National Parks* is a glorious celebration of an essential expression of American democracy.

The Custom of the Army (Novella) Diana Gabaldon, 2012-05-21 Diana Gabaldon, bestselling author of the acclaimed Outlander series, weaves an engrossing tale of war, history, and suspense in this original novella—now available as a standalone e-book—featuring returning hero Lord John Grey. London, 1759. After a high society electric-eel party leads to a duel that ends badly, Lord John Grey feels the need to lie low for a while. Conveniently, before starting his new commission in His Majesty's army, Lord John receives an urgent summons. An old friend from the military, Charlie Carruthers, is facing court-martial in Canada, and has called upon Lord John to serve as his character witness. Grey voyages to the New World—a land rife with savages (many of them on his own side) and cleft by war—where he soon finds that he must defend not only his friend's life but his own.

**The Adventurer's Son** Roman Dial, 2020-02-18 NATIONAL BESTSELLER Destined to become an adventure classic. —Anchorage Daily News Hailed as gripping (New York Times) and beautiful (Washington Post), The Adventurer's Son is Roman Dial's extraordinary and widely acclaimed account of his two-year quest to unravel the mystery of his son's disappearance in the jungles of Costa Rica. In the predawn hours of July 10, 2014, the twenty-seven-year-old son of preeminent Alaskan scientist and National Geographic Explorer Roman Dial, walked alone into Corcovado National Park, an untracked rainforest along Costa Rica's remote Pacific Coast that shelters miners, poachers, and drug smugglers. He carried a light backpack and machete. Before he left, Cody Roman Dial emailed his father: "I am not sure how long it will take me, but I'm planning on doing 4 days in the jungle and a day to walk out. I'll be bounded by a trail to the west and the coast everywhere else, so it should be difficult to get lost forever." They were the last words Dial received from his son. As soon as he realized Cody Roman's return date had passed, Dial set off for Costa Rica. As he trekked through the dense jungle, interviewing locals and searching for clues—the authorities suspected murder—the desperate father was forced to confront the deepest questions about himself and his own role in the events. Roman had raised his son to be fearless, to be at home in earth's wildest places, travelling together through rugged Alaska to remote Borneo and Bhutan. Was he responsible for his son's fate? Or, as he hoped, was Cody Roman safe and using his wilderness skills on a solo adventure from which he would emerge at any moment? Part detective story set in the most beautiful yet dangerous reaches of the planet, The Adventurer's Son emerges as a far deeper tale of discovery—a journey to understand the truth about those we love the most. The Adventurer's Son includes fifty black-and-white photographs.

*Where the Deer and the Antelope Play* Nick Offerman, 2023-10-03 A humorous and rousing set of literal and figurative sojourns as well as a mission statement about comprehending, protecting, and truly experiencing the outdoors, fueled by three journeys undertaken by actor, humorist, and New York Times bestselling author Nick

Offerman Nick Offerman has always felt a particular affection for the Land of the Free—not just for the people and their purported ideals but to the actual land itself: the bedrock, the topsoil, and everything in between that generates the health of your local watershed. In his new book, Nick takes a humorous, inspiring, and elucidating trip to America's trails, farms, and frontier to examine the people who inhabit the land, what that has meant to them and us, and to the land itself, both historically and currently. In 2018, Wendell Berry posed a question to Nick, a query that planted the seed of this book, sending Nick on two memorable journeys with pals—a hiking trip to Glacier National Park with his friends Jeff Tweedy and George Saunders, as well as an extended visit to his friend James Rebanks, the author of *The Shepherd's Life* and *English Pastoral*. He followed that up with an excursion that could only have come about in 2020—Nick and his wife, Megan Mullally, bought an Airstream trailer to drive across (several of) the United States. These three quests inspired some “deep-ish thinking from Nick, about the history and philosophy of our relationship with nature in our national parks, in our farming, and in our backyards; what we mean when we talk about conservation; and the importance of outdoor recreation, all subjects very close to Nick's heart. With witty, heartwarming stories and a keen insight into the human problems we all confront, this is both a ramble through and celebration of the land we all love.
