**Passport to Your National Parks** Eastern National, 2016-08-16 It's here! Now you can stamp your way through the entire National Park System with the newest addition to the Passport To Your National Parks line of products: the Collector's Edition Passport. Beauty and practicality meet artfully in this deluxe version of the popular Passport, taking you above and beyond the original by providing space for Passport stickers and cancellation stamps for every single park, as well as space for extra cancellations. The park sites are color-coded by region, each area featuring a color map that pinpoints park locations. With a spiral binding that makes it easy to lie open flat, a hard cover that ensures durability and longer life, and pages graced with beautiful color photographs, it's the ultimate stamping ground.

Free Parking Morty Sklar, 1990

Yellowstone River - Yellowstone National Park, USA Gary David Blount, Laura G Blount, Normal O The Yellowstone River within Yellowstone National Park is the world's best Yellowstone Cutthroat Trout fishery. The Yellowstone River within the park can be divided into three distinctive sections. The headwaters of the Yellowstone River begin on the east side of the Continental Divide from the Shoshone Mountain Range of Wyoming. The Yellowstone River flows northerly into Yellowstone Lake, elevation 7,733-feet. Yellowstone Lake is the largest lake at this elevation on the continent. The mid-section of the Yellowstone River, which flows out of Yellowstone Lake downstream to the Upper Falls of the Yellowstone River lies the world renown section of the Yellowstone River where hundreds of people flock to on July 15th "Opening Day" every year. The lower section, below the Lower Falls of the Yellowstone River flows through the Canyon of the Yellowstone downstream to the Yellowstone National Park Boundary, by the town of Gardner, Montana is probably the least fished section of the Yellowstone River. The fishing seasons opens July 15th every year which allows the Yellowstone Cutthroat Trout Brood Stock to spawn and gives the Yellowstone Cutthroat Fry time to emerge from the redds before the wade fishermen can step on them. The headwaters and mid-section of the Yellowstone River are the major spawning areas for the Yellowstone Lake Cutthroat Trout Fishery. The Yellowstone River is a premiere dry fly fishing river with prolific hatches of May Flies: Early Blue-Winged Olive (*Baetis tricaudatus*), Late Blue-Winged Olive (*Baetis parvus*), Little Western Blue-Winged Olive (*Ephemerella margarita*), Western Green Drake (*Drunella grandis*), Pale Morning Dun (*Ephemerella inermis* and *Ephemerella infrequens*) and Small Western Green Drake (*Ephemerella flavilinea*); Stone Flies: Salmon Fly (*Pteronarcys californica*), Western Big Golden Stone Fly (*Calineuria californica*), Western Medium Golden Brown Stone Fly (*Isoperla* sp.) and Little Yellow Stone Fly (*Alloperla pallidula*); Caddis: Green Sedge (*Rhyacophila* sp.), Little Tan Short Horn Sedge (*Glossosoma* sp.), Spotted Sedge (*Hydropsyche* sp.) and Giant Orange Sedge (*Dicosmoecus* sp.).

**Moose in Glacier National Park, Montana, USA & Jasper National Park, Canada** David Heath, The moose in Glacier National Park in Montana, USA, and the Moose in Jasper National Park in Alberta, Canada are amazing wildlife to watch. Moose, *Alces alces*, is a mammal I captured in stunning 4K and HD videos and pictures. Moose are majestic and enormous beasts that when encountered properly can be fantastic wildlife viewing. Though crossing the stream coming from Maligne Lake can be trying for a mother moose and her child moose, lol... The best places I have been to observe moose are Yellowstone National Park, Glacier National Park, and Jasper National Park. This eBook will concentrate on the moose I observed on mornings and afternoons near my campsite in Glacier National Park and near the boat launch at Maligne Lake in Jasper National Park. The moose in Yellowstone National Park were viewed while having lunch by the river/stream beneath the roadside waterfall of the Upper Geyser Basin. Four moose were observed across the river in wetland vegetation during my lunch there. I lived in Whitefish, MT for three years and have visited Glacier National Park for two decades. The TV sitcom "Northern Exposure" features moose as a part of the show's opening sort of like "Forrest Gump" the moose who loved Whitefish. My favorite beer while in Montana is "Moose Drool" from Missoula Brewing, lol... Seeing the beauty

of the Big Sky Country's "Crown of the Continent" made me want to move to that part of Montana! I have logged nearly 12 full summers in the glacier backcountry and it is by far my favorite place to be on earth. Glacier National Park is my favorite national park by far in our national park system! I have camped numerous times over the years at Kootenai Lakes campground whose campsites can sometimes flood, lol... moving you even closer to the shoreline-hugging beasts. Canada also has some sweet gems in their Parks Canada system and great large wildlife viewing such as moose as well.

*Gallatin River - Yellowstone National Park, USA* Gary David Blount, Normal 0 The Gallatin River originates from the northwest flank of Three Rivers Peak from Gallatin Lake in Yellowstone National Park. Gallatin Lake is just over 9,000-feet above sea level. The Gallatin River flows 13-miles northwesterly, before it begins to run parallel with Highway 191. For the next 12-miles the Gallatin River remains within Yellowstone National Park and is easily accessed from the many roadside pullouts along Highway 191. In this 12-mile section of the Gallatin River there are three significant tributaries, Fan Creek, Bacon Rind Creek and Specimen Creek entering the river. These three tributaries are used by the Gallatin River Westslope Cutthroat Trout, Rainbow Trout, Brown Trout, Grayling and Mountain Whitefish for spawning and these tributaries supply recruitment back into the Gallatin River. The Gallatin River area within Yellowstone National Park is full of wildlife: Elk, Bison, Moose, Deer, Black Bears, Grizzly Bears, Wolves, Coyotes, Beavers, River Otters, Bald Eagles, Ospreys and Great Blue Herons. There are trails up every tributary which makes for easy access into the back country. The Gallatin River from its source, Gallatin Lake downstream to Highway 191 is icy cold, small and contains little habitat for large trout. From Fan Creek downstream to the Yellowstone National Park boundary the Gallatin River is lined sparsely with willows, pine forest and meadows. This section contains superb trout habitat, riffles, runs, pools and brush lined undercut banks. From the Yellowstone National Park boundary downstream to Bozeman, Montana the river flows swiftly through Gallatin Canyon. This section of the Gallatin River sees a lot of guided whitewater float trips during spring run-off and most of the summer.

The New Figurative Art of David Park Paul Chadbourne Mills, 1988

**National Geographic Guide to the State Parks of the United States** National Geographic Society (U.S.), 2008 Offers tips from parks staff; suggests trails for biking, hiking, and flower gazing; with photographs and maps.

A Clearing In The Distance Witold Rybczynski, 2013-07-23 In a brilliant collaboration between writer and subject, Witold Rybczynski, the bestselling author of *Home* and *City Life*, illuminates Frederick Law Olmsted's role as a major cultural figure at the epicenter of nineteenth-century American history. We know Olmsted through the physical legacy of his stunning landscapes -- among them, New York's Central Park, California's Stanford University campus, and Boston's Back Bay Fens. But Olmsted's contemporaries knew a man of even more extraordinarily diverse talents. Born in 1822, he traveled to China on a merchant ship at the age of twenty-one. He cofounded *The Nation* magazine and was an early voice against slavery. He managed California's largest gold mine and, during the Civil War, served as the executive secretary to the United States Sanitary Commission, the precursor of the Red Cross. Rybczynski's passion for his subject and his understanding of Olmsted's immense complexity and accomplishments make his book a triumphant work. In *A Clearing in the Distance*, the story of a great nineteenth-century American becomes an intellectual adventure.

**National Parks of the USA: Activity Book** Claire Grace, Kate Siber, 2020-04-07 The perfect companion to the best-selling reference *National Parks of the USA*, this lushly illustrated activity book is packed with wildlife and nature facts, park trivia, spotters guides, and a kaleidoscope of activities including coloring, puzzles, quizzes, and more. Get ready for a journey like no other! Follow the park animals as you find your way through a seemingly never-ending maze, spot the difference between some amazing creepy crawlies, complete a ferocious crossword full of hungry predators,

find your feathered park friends in a bird word search, design your very own national park, and so much more! Use the spotters guide for each park to see if you can find grunting northern elephant seals, fluttering hummingbirds, bounding snowshoe hares, and lots of other wonderful creatures. Bite-sized information and awesome facts about the national parks are scattered throughout, with over 50 stickers to get creative with at the back of the book. Celebrate the wonder of America's national parks with this fun-filled activity book. Just what you need for any long trip! Brimming with facts, activities, and beautiful illustrations, the National Parks of the USA series of books immerses young people in the wonders of America's outdoors. Learn about the wonderful wildlife, stunning scenery, and rare plants that inhabit these precious outdoor spaces. Celebrate these beautiful and rare locations, and be awed by the diversity and grandeur of the national parks' living landscapes.

USA National Park the Journal for All 62 Parks of the United States Becky & mountains, National Park Press, 2020-10-13 Is traveling to all U.S. National Parks on your bucket list? From Acadia to Zion and every park in between this all-in-one journal will help keep you organized and track your National Park adventures. There is even space for all your National Park stamps! Keep the memories of a lifetime for a lifetime with this well-thought-out journal. You will cherish these priceless experiences for many years to come. This journal is ideal for adults and kids alike who enjoy touring the United States in search of National Park adventures. Makes a unique gift for a National Parks pass holder or a 4th grader participating in Every Kid In A Park. Convenient 6 x 9 size is small enough for travel but big enough to write in. Soft, flexible cover is perfect to pack in a backpack or suitcase. Key Features: Map of all 62 U.S. National Parks: The back cover includes a map for quick reference of the United States and its territories labeled with all 62 National Parks, including the newest National Park, White Sands. There is also a bonus map on the inside, track your routes, add stickers, etc to personalize it. The possibilities are endless! National Parks Tracking Log: National Parks tracking log includes the state/states where it's located as well as the year it was established. Features a bubble next to each National Park to check off or fill in each time you visit a National Park. Space to record the dates you visit each National Park. Perfect to keep your journeys organized and view how many National Parks you've visited at a quick glance. Pages for each National Park: Each National Park includes two pages for you to fill in everything you would want to remember about your visit. Fill-in sections include: dates of your visit, city/state you entered the park through, weather, who you traveled with, where you stayed, what you did, your favorite memory, sights, wildlife, hikes/stories/adventures, notes for next time, whether you'd visit the National Park again, a 10-star rating system for you to rate each National Park, and space for National Park passport stamps that you collect at each park. Bonus Pages: extra pages for notes. Beautiful coloring pages to enjoy your free time.

*Bringing Nature Home* Douglas W. Tallamy, 2009-09-01 "If you cut down the goldenrod, the wild black cherry, the milkweed and other natives, you eliminate the larvae, and starve the birds. This simple revelation about the food web—and it is an intricate web, not a chain—is the driving force in *Bringing Nature Home*." —The New York Times As development and subsequent habitat destruction accelerate, there are increasing pressures on wildlife populations. But there is an important and simple step toward reversing this alarming trend: Everyone with access to a patch of earth can make a significant contribution toward sustaining biodiversity. There is an unbreakable link between native plant species and native wildlife—native insects cannot, or will not, eat alien plants. When native plants disappear, the insects disappear, impoverishing the food source for birds and other animals. In many parts of the world, habitat destruction has been so extensive that local wildlife is in crisis and may be headed toward extinction. *Bringing Nature Home* has sparked a national conversation about the link between healthy local ecosystems and human well-being, and the new paperback edition—with an expanded resource section and updated photos—will help broaden the movement. By acting on Douglas Tallamy's practical recommendations, everyone can make a difference.

The National Parks DK, 2020-10-06 Get your kids excited about the great outdoors! This travel guide for kids will highlight the diverse beauty and

wonder of the USA's most beautiful natural spaces. From the giant redwoods of Sequoia to the geysers of Yellowstone, this educational book is a fun, child-friendly travel guide that covers all 62 National Parks in the USA.
