Reading Tarot with the right side of the brain  
Teresa Michelsen's one-of-a-kind self-study program helps students develop a long-lasting, intuitive approach to Tarot reading that works with any Tarot deck! Instead of memorizing standard card meanings and spreads, readers are encouraged to use their own life experiences and knowledge to craft a personal understanding of the cards. Organized like a study guide, this book includes study goals, progress activities, and easy exercises for exploring the suits, court cards, major arcana, and a variety of reading techniques (reversals, dignities, timed readings, large spreads). Michelson also discusses the underlying structures and patterns in the Tarot and how various cards are related to astrology, numerology, psychology, and myth. Practical aspects of Tarot reading: difficult clients, readers block, good questions, and ethical issues are also covered.
