Firewalls Don't Stop Dragons Carey Parker,2018-08-24 Rely on this practical, end-to-end guide on cyber safety and online security written expressly for a non-technical audience. You will have just what you need to protect yourself—step by step, without judgment, and with as little jargon as possible. Just how secure is your computer right now? You probably don't really know. Computers and the Internet have revolutionized the modern world, but if you're like most people, you have no clue how these things work and don't know the real threats. Protecting your computer is like defending a medieval castle. While moats, walls, drawbridges, and castle guards can be effective, you'd go broke trying to build something dragon-proof. This book is not about protecting yourself from a targeted attack by the NSA; it's about armoring yourself against common hackers and mass surveillance. There are dozens of no-brainer things we all should be doing to protect our computers and safeguard our data—just like wearing a seat belt, installing smoke alarms, and putting on sunscreen. Author Carey Parker has structured this book to give you maximum benefit with minimum effort. If you just want to know what to do, every chapter has a complete checklist with step-by-step instructions and pictures. The book contains more than 150 tips to make you and your family safer. It includes: Added steps for Windows 10 (Spring 2018) and Mac OS X High Sierra Expanded coverage on mobile device safety Expanded coverage on safety for kids online More than 150 tips with complete step-by-step instructions and pictures What You'll Learn Solve your password problems once and for all Browse the web safely and with confidence Block online tracking and dangerous ads Choose the right antivirus software for you Send files and messages securely Set up secure home networking Conduct secure shopping and banking online Lock down social media accounts Create automated backups of all your devices Manage your home computers Use your smartphone and tablet safely Safeguard your kids online And more! Who This Book Is For Those who use computers and mobile devices, but don't really know (or frankly care) how they work. This book is for people who just want to know what they need to do to protect themselves—step by step, without judgment, and with as little jargon as possible.

The Everything Guide to Remote Work Jill Duffy,2022-02-08 Discover the secret to being productive and successful no matter where you are with this essential guide to remote work. During COVID-19, working from home became the new normal. Now, both employers and employees find that the remote work they were forced to adjust to may be, well, better—financially, sustainably, and even in terms of overall morale and productivity. But working from home is not without its challenges. It can be difficult to eliminate distractions, strike a solid work/life balance, and maintain social connections that are crucial in the workplace. Whether you're trying to find and land a job from the comfort of your home, learning to manage a virtual team, or dream of living a digital nomad lifestyle, The Everything Guide to Remote Work has everything you need to be successful. You'll learn to optimize your own workplace culture, whether it's in your home office or a constantly changing backdrop. So whether your company continues to work remotely full time or you only have to go to the office a few days a week, you'll be armed with all the tools you'll need to make the most out of this new lifestyle.

Broke Millennial Erin Lowry,2017-05-02 WASHINGTON POST "COLOR OF MONEY" BOOK CLUB PICK Stop Living Paycheck to Paycheck and Get Your Financial Life Together (#GYFLT)! If you're a cash-strapped 20- or 30-something, it's easy to get freaked out by finances. But you're not doomed to spend your life drowning in debt or mystified by money. It's time to stop scraping by and take control of your money and your life with this savvy and smart guide. Broke Millennial shows step-by-step how to go from flat-broke to financial badass. Unlike most personal finance books out there, it doesn't just cover boring stuff like credit card debt, investing, and dealing with the dreaded "B" word (budgeting). Financial expert Erin Lowry goes beyond the basics to tackle tricky money matters and situations most of us face #IRL, including: - Understanding your relationship with moolah: do you treat it like a Tinder date or marriage material? - Managing student loans without having a full-on panic attack - What to do when you're out with your crew and can't afford to split the bill evenly - How to get "financially naked" with your partner and find out his or her "number" (debt number, of course) . . . and much more. Packed with refreshingly simple advice and hilarious true stories, Broke Millennial is the essential roadmap every financially clueless millennial needs to become a money master. So what are you waiting for? Let's #GYFLT!

Keeper of the Lost Cities Shannon Messenger,2012-10-02 At age 12, Sophie learns that the remarkable abilities that have always caused her to stand out identify her as an elf. After being brought to Eternalia to hone her skills, she discovers that she has secrets buried in her memory for which some would kill.

Creole Families of New Orleans Grace Elizabeth King,1921

Android Internals - Volume I Jonathan Levin,2014-10-24 An in-depth exploration of the inner-workings of Android: In Volume I, we take the perspective of the Power User as we delve into the foundations of Android, filesystems, partitions, boot process, native daemons and services.

Relax and Enjoy Your Food: Save Your Money, Your Health, and Your Sanity by Separating Fact from Flapdoodle. Craig Good,2020-08-22 A lot of people worry about eating the wrong food. Well-funded campaigns have spent years convincing you that some foods are good, some are bad, and some are downright evil. It doesn't have to be that way. Relax and Enjoy Your Food uses science and a little common sense to take away all that anxiety, and save you some money to boot. Once you let go of some ideas, it all gets simpler. There are no superfoods, no junk foods, and there aren't even any health foods. There is just food, all of which provides some combination of the same seven basic things that all food does. That's why the most specific advice you can get is to eat a variety of foods, mostly plants, not too much or too little. That's it. The diet and wellness industries, along with the supplement industry, have deep pockets and ill intent. Their primary victims are women, but everybody gets caught up in their web. After reading this book you'll be able to leave all that behind, eat a healthy diet, even reach and maintain a healthy weight. In short, you'll be able to relax and enjoy

your food.

Building a Second Brain Tiago Forte,2022-06-14 “One of my favorite books of the year. It completely reshaped how I think about information and how and why I take notes.” —Daniel Pink, bestselling author of Drive A revolutionary approach to enhancing productivity, creating flow, and vastly increasing your ability to capture, remember, and benefit from the unprecedented amount of information all around us. For the first time in history, we have instantaneous access to the world’s knowledge. There has never been a better time to learn, to contribute, and to improve ourselves. Yet, rather than feeling empowered, we are often left feeling overwhelmed by this constant influx of information. The very knowledge that was supposed to set us free has instead led to the paralyzing stress of believing we’ll never know or remember enough. Now, this eye-opening and accessible guide shows how you can easily create your own personal system for knowledge management, otherwise known as a Second Brain. As a trusted and organized digital repository of your most valued ideas, notes, and creative work synced across all your devices and platforms, a Second Brain gives you the confidence to tackle your most important projects and ambitious goals. Discover the full potential of your ideas and translate what you know into more powerful, more meaningful improvements in your work and life by Building a Second Brain.
