**Class and Community in Provincial Ireland, 1851-1914** Brian Casey, 2018-04-26 This book explores the experience of small farmers, labourers and graziers in provincial Ireland from the immediacy of the Famine until the eve of World War One. During this period of immense social and political change, they came to grips with the processes of modernisation. By focusing upon east Galway, it argues that they were not an inarticulate mass, but rather, they were sophisticated and politically aware in their own right. This study relies upon a wide array of sources which have been utilised to give as authentic a voice to the lower classes as possible. Their experiences have been largely unrecorded and this book redresses this imbalance in historiography while adding a new nuanced understanding of the complexities of class relations in provincial Ireland. This book argues that the actions of the rural working class and nationalists has not been fully understood, supporting E.P. Thompson's argument that 'their aspirations were valid in terms of their own experiences'.

**Paul Cullen Citizen and Soldier** Kevin Baker, 2012 This book shows the iconic spirit of the digger - the teamwork, valuing trust and using initiative; showing courage, compassion and endurance and the mateship, a sense of selfless sacrifice, of loyalty to the end.

**Help My Unbelief** Geert Lernout, 2010-02-11 From the very beginning James Joyce's readers have considered him as a Catholic or an anti-Catholic writer, and in recent years the tendency has been to recuperate him for an alternative and decidedly liberal form of Catholicism. However, a careful study of Joyce's published and unpublished writings reveals that throughout his career as a writer he rejected the church in which he had grown up. As a result, Geert Lernout argues that it is misleading to divorce his work from that particular context, which was so important to his decision to become a writer in the first place. Arguing that Joyce's unbelief is critical for a fuller understanding of his work, Lernout takes his title from Ulysses, I believe, O Lord, help my unbelief. That is, help me to believe or help me to unbelieve?, itself a quote from Mark 9: 24. This incisive study will be of interest to all readers of Joyce and to anyone interested in the relationship between religion and literature.

**Population, providence and empire** Sarah Roddy, 2016-05-16 This electronic version has been made available under a Creative Commons (BY-NC-ND) open access license. Over seven million people left Ireland over the course of the nineteenth century. This book is the first to put that huge population change in its religious context, by asking how the Irish Catholic, Anglican and Presbyterian churches responded to mass emigration. Did they facilitate it, object to it, or limit it? Were the three Irish churches themselves changed by this demographic upheaval? Focusing on the effects of emigration on Ireland rather than its diaspora, and merging two of the most important phenomena in the story of modern Ireland - mass emigration and religious change - this study offers new insights into both nineteenth-century Irish history and historical migration studies in general. Its five thematic chapters lead to a conclusion that, on balance, emigration determined the churches' fates to a far greater extent than the churches determined emigrants' fates.

*Rome in Australia* Christopher Dowd,2008-07-15 Based on extensive archival research, this study shows how, in the age of ultramontanism, nineteenth-century Australian Catholicism was shaped by successive Roman interventions in local conflicts, sometimes ill-informed and harsh but tending towards a judicious balance of forces.

The Shamrock and the Lily Mary C. Kelly,2005 Ireland's tumultuous heritage combined with the promise of cosmopolitan New York to forge a new Irish-American immigrant identity. Between the Great Irish Famine and the creation of the Irish Free State, the New York Irish world preserved as much from the old country as it adopts from the new. The Shamrock and the Lily illuminates a set of remarkable transatlantic connections dominated by the road to Ireland's independence, in an absorbing study of a people driven from a troubled past toward freedom for themselves and for those they left behind.

**Thorps in a Changing Landscape** Paul Cullen,Richard Jones,David N. Parsons,2011 The authors consider the siting of 'thorps' and 'throps' in relation to the landscape and to soil types in particular. Amply demonstrating the value of an interdisciplinary approach to the study of early medieval settlement in England, the authors are able to draw important conclusions about the changes in farming that swept the country during this period and by association the process of village nucleation. By examining both the chronology of place-names in 'thorp' and 'throp' and their qualifying elements (notably the presence or absence of personal names), it appears possible to chart both the speed at which arable enterprises farmed in severalty converted to communal cultivation as well as the direction in which the changes spread. There is a sense of real excitement as many fresh insights are revealed in the course of the book--P. [4] of cover.
