Take Control of Pages, 4th Edition Michael E. Cohen, 2023-10-10 Unlock the power of Pages for Mac and iPad! Version 4.0, updated October 10, 2023 Discover how to make the most out of Pages! In this fully revised fourth edition, Michael E. Cohen digs deep into Pages, unearthing the nuggets of knowledge you need to make your work shine. Create complex documents of all sorts on your Mac or iPad, sync them via iCloud, and share them with other people. Apple's Pages word processor is a big, rich app with hundreds of features tucked away in nooks and crannies, making Michael E. Cohen's comprehensive book an essential resource for newbies and experts alike. Whether you prefer to dive into the details or get quick help with a particular feature, this book has got you covered. Note: This edition of the book focuses primarily on the Mac and iPad versions of Pages, although it does cover the iPhone and web versions of the app to a limited extent. In this thoroughly revised fourth edition, Michael expands his already extensive guide, detailing all the changes Apple has made to Pages since the last version of the book was released, including support for macOS 14 Sonoma and iPadOS 17. Among many other new and updated features, learn about using Mail Merge, adding and working with 3D images, and collaborating with other users on a document. You'll also learn how to find features that have been moved or renamed. With Michael's help, you can navigate Pages like a pro. You'll also learn how to:

- Find all the tools you need, whether on a Mac or an iPad
- Do everyday word processing, including working with fonts, tabs, indents, rulers, search and replace, spell checking, and more
- Format longer, more complex documents, with

customized headers, footers, page numbers, tables of content, footnotes, and section breaks • Manage styles, including paragraph styles, character styles, list styles, and object styles • Create your own templates, complete with layout objects • Master the many multi-touch gestures in iPadOS that give you pinpoint control over page elements • Include complex tables and charts and make them look exactly the way you want • Customize layout and manipulate graphics like a pro • Collaborate with others in real time using iCloud • Share your documents across devices, using Mac, iPad, iPhone, or almost any web browser

iWork '09: The Missing Manual Josh Clark, 2009-04-23 With iWork '09, Apple's productivity applications have come of age. Unfortunately, their user guides are stuck in infancy. That's where iWork '09: The Missing Manual comes in. This book quickly guides you through everything you need to know about the Pages word-processor, the Numbers spreadsheet, and the Keynote presentation program that Al Gore and Steve Jobs made famous. Friendly and entertaining, iWork '09: The Missing Manual gives you crystal-clear and jargon-free explanations of iWork's capabilities, its advantages over similar programs -- and its limitations. You'll see these programs through an objective lens that shows you which features work well and which don't. With this book, you will: Produce stunning documents and cinema-quality digital presentations Take advantage of Mac OS X's advanced typography and graphics capabilities Learn how to use the collection of themes and templates included with iWork Get undocumented tips, tricks, and secrets for each program Integrate with other iLife programs to use photos, audio, and video clips Learn why iWork is the topic most requested by Missing Manual fans. One of the few sources available on Apple's incredible suite of programs, iWork '09: The Missing Manual will help you get the best performance out of Pages, Numbers, Keynote, and more in no time.

iWork: The Missing Manual Jessica Thornsby, Josh Clark, 2014-03-18 Apple's iWork is more versatile than ever now that there are versions for Mac, iOS, and even iCloud. The only thing iWork doesn't include is its own how-to guide. That's where this friendly, jargon-free Missing Manual comes in. With complete instructions and helpful examples, you'll quickly learn how to create stunning documents, slideshows, and spreadsheets with iWork's

Pages, Keynote, and Numbers. The important stuff you need to know: Create elegant files in minutes. Save tons of time by using iWork's collection of prebuilt templates and themes. Craft a variety of documents. Use Pages to design attractive newsletters, catalogs, brochures, flyers, and posters. Build eye-popping presentations. Turn Keynote's themes and easy-to-use cinematic effects into beautiful custom slideshows. Organize and clearly convey information. Jazz up your Numbers spreadsheets with charts, images, and videos. Always have your work on hand. Store your files in iCloud and have them sync automatically to your Mac and iOS devices. Work anywhere, any time. My New iPad, 3rd Edition Wallace Wang, 2012 The iPad is cute, lovable, fun to play with, and a bit mysterious. This third edition of the best-selling My New iPad removes the mystery, showing every user how to get the most from their new iPad.

iWork Portable Genius Guy Hart-Davis, 2014-02-19 Maximize your use of Apple's unique office productivity suite Dedicated Mac fans love the convenience and practicality of Numbers spreadsheets, Pages word processing, and Keynote presentations, the components of the iWork suite. This guide cuts to the chase, packed with tips and advice for getting the most from the newest version of these applications. It provides the basics on each application and how they work together, intermediate information, and cool ways to enhance your presentations and documents and create reports that analyze and interpret

your data. The iWork productivity suite provides spreadsheet, word processing, and presentation applications that Mac users love; this guide helps you make the most of each one. Presents the essential information about the newest version of iWork in addition to tips and more advanced advice for making Numbers, Pages, and Keynote produce exactly what you want. Shows how to create compelling and lively presentations, use formulas and functions to generate reports, format a variety of documents, and much more. iWork Portable Genius offers Mac aficionados the hip tips and tricks that maximize the power of the iWork suite.

iWork '05 Jim Elferdink, 2005-09-21 Introduced by Apple in January 2005, iWork '05 is an innovative new suite of document and presentation software that's the same caliber as Apple's groundbreaking digital media applications and that's wholly dedicated to what Mac users like you care about most: artistry and creativity. iWork '05 isn't about office productivity--it's about creating slick and stylish documents and cinema-quality digital presentations that say precisely what you want them to say. While iWork '05 helps you create stunning documents and presentations, the suite doesn't come with any in-depth documentation of its own. That's where iWork '05: The Missing Manual comes in. The book that should have been in the box, it gives you everything you need to master iWork '05. Seamlessly integrated with the wildly popular iLife '05 and designed to take advantage of the advanced typography and graphics engine of Mac OS X, iWork is actually two separate programs: Pages and Keynote 2. Pages is a brand-new, streamlined word processor and page layout program that allows nonprofessionals to quickly and painlessly produce gorgeous brochures, newsletters, letters, invitations, product data sheets, and more. You

can start documents from scratch or use one of the 40 professionally designed templates as a starting point. Keynote 2 is a significant upgrade to Keynote, Apple's PowerPoint-like presentation software that allows you to build unique presentations, demonstrations, storyboard animations, interactive slideshows, and more. Like every Missing Manual, this one is refreshingly entertaining and scrupulously detailed. iWork '05: The Missing Manual gives you all the essentials of Pages and Keynote 2, including an objective look at each program's capabilities, its advantages over similar programs, and its limitations. The book delivers countless goodies that you won't find anywhere else: undocumented tips, tricks, and secrets for getting the very best results from both exciting new applications. With the iWork '05 suite and iWork '05: The Missing Manual, you are totally equipped to give your work the style it deserves.

Take Control of Your Digital Legacy, 2nd Edition Joe Kissell, 2024-02-02 Preserve your data for posterity! Version 2.0.1, updated February 2, 2024 How do you want to be remembered? A will takes care of your physical possessions, but what about your digital life—photos, email, files, online accounts, and so on? If you want to pass your electronic ephemera on as part of your digital legacy, turn to tech expert Joe Kissell for advice on dealing with large quantities of data, file formats, media types, the need for a “digital executor,” and more. We all have digital data that's important to us now, but a lot of it could also be important to our children, friends, and relatives long after we're gone. But you have to take concrete steps now to make sure that data is preserved in the right way and handled according to your wishes. It's not all about posterity either, since following Joe's advice will also help loved ones access your key accounts and important info if you're

temporarily incapacitated, which can happen at any time. The book will help you with these essential tasks:

- Identify your key digital assets: online accounts, photos, audio files, videos, passwords, documents, email, and more.
- Plan for each type of digital asset based on your priorities for today, for shortly after you are no longer around, and for posterity. Joe explains the ideal file formats to use, how to deal with social media sites, the best ways to digitize paper documents and photos, and strategies for sharing passwords with family members, among much else.
- Communicate your wishes in a “digital will” and designate someone to be its “digital executor.” The book includes a template document that you can develop into a personalized digital will.
- Preserve your data for the future. You’ll consider types of archival storage media, cloud-based storage services, backups, and what instructions to provide about maintaining your data as file formats and storage media types evolve. Whether you just want to ensure that your heirs get copies of your favorite family photos and a few key documents or you want to catalog and preserve tens of thousands of digital items, this book helps you make smart decisions about your digital legacy. Questions answered include:

- What strategies can I use for sorting and preserving email and instant messages?
- How can I ensure that my email account(s) will be available to those wrapping up my estate?
- What if I have digital data that should be destroyed when I die?
- What should I do with my huge photo collection (both digital and paper)?
- How should I pass on control of my Apple, Google, and Microsoft accounts?
- How can I make my passwords and passkeys available to those who will need them—but keep them private for now?
- What should I think about when handing down purchased audio and video files?
- What should happen to my Facebook account when I’m no longer around?
- What choices are available

for keeping my digital archive available and backed up? • How long should I expect archival media to last? • Should I write an autobiography? • Are online digital legacy services any good? • How will organizing all this stuff benefit me while I'm alive?
