**Four Days in November: The Assassination of President John F. Kennedy** Vincent Bugliosi,2008-05-17 A book for the ages. —Los Angeles Times Book Review Four Days in November is an extraordinarily exciting, precise, and definitive narrative of the assassination of President John F. Kennedy on November 22, 1963, by Lee Harvey Oswald. It is drawn from Reclaiming History: The Assassination of President John F. Kennedy, a monumental and historic account of the event and all the conspiracy theories it spawned, by Vincent Bugliosi, legendary prosecutor of Charles Manson and author of Helter Skelter. For general readers, the carefully documented account presented in Four Days is utterly persuasive: Oswald did it and he acted alone.

**Nickel and Dimed** Barbara Ehrenreich,2010-04-01 The New York Times bestselling work of undercover reportage from our sharpest and most original social critic, with a new foreword by Matthew Desmond, author of Evicted Millions of Americans work full time, year round, for poverty-level wages. In 1998, Barbara Ehrenreich decided to join them. She was inspired in part by the rhetoric surrounding welfare reform, which promised that a job—any job—can be the ticket to a better life. But how does anyone survive, let alone prosper, on \$6 an hour? To find out, Ehrenreich left her home, took the cheapest lodgings she could find, and accepted whatever jobs she was offered. Moving from Florida to Maine to Minnesota, she worked as a waitress, a hotel maid, a cleaning woman, a nursing-home aide, and a Wal-Mart sales clerk. She lived in trailer parks and crumbling residential motels. Very quickly, she discovered that no job is truly unskilled, that even the lowest occupations require exhausting mental and muscular effort. She also learned that one job is not enough; you need at least two if you want to live indoors. Nickel and Dimed reveals low-rent America in all its tenacity, anxiety, and surprising generosity—a land of Big Boxes, fast food, and a thousand desperate stratagems for survival. Read it for the smoldering clarity of Ehrenreich's perspective and for a rare view of how prosperity looks from the bottom. And now, in a new foreword, Matthew Desmond, author of Evicted: Poverty and Profit in the American City, explains why, twenty years on in America, Nickel and Dimed is more relevant than ever.

**Reality Hunger** David Shields, 2010-02-23 A landmark book, "brilliant, thoughtful" (The Atlantic) and "raw and gorgeous" (LA Times), that fast-forwards the discussion of the central artistic issues of our time, from the bestselling author of *The Thing About Life Is That One Day You'll Be Dead*. Who owns ideas? How clear is the distinction between fiction and nonfiction? Has the velocity of digital culture rendered traditional modes obsolete? Exploring these and related questions, Shields orchestrates a chorus of voices, past and present, to reframe debates about the veracity of memoir and the relevance of the novel. He argues that our culture is obsessed with "reality," precisely because we experience hardly any, and urgently calls for new forms that embody and convey the fractured nature of contemporary experience.

**The Tipping Point** Malcolm Gladwell, 2006-11-01 From the bestselling author of *The Bomber Mafia*: discover Malcolm Gladwell's breakthrough debut and explore the science behind viral trends in business, marketing, and human behavior. The tipping point is that magic moment when an idea, trend, or social behavior crosses a threshold, tips, and spreads like wildfire. Just as a single sick person can start an epidemic of the flu, so too can a small but precisely targeted push cause a fashion trend, the popularity of a new

product, or a drop in the crime rate. This widely acclaimed bestseller, in which Malcolm Gladwell explores and brilliantly illuminates the tipping point phenomenon, is already changing the way people throughout the world think about selling products and disseminating ideas. "A wonderful page-turner about a fascinating idea that should affect the way every thinking person looks at the world." —Michael Lewis

**Sorry Day** Coral Vass, 2018-05 There was a hum of excitement. Flags flickered in the breeze as Maggie's heart danced with delight. 'This is a very special day!' her mother said. Maggie holds tight to her mother as they await the long anticipated apology to show a willingness to reconcile the past for future generations. In the excitement of the crowd Maggie loses touch of her mother's hand as is lost. In a time 'long ago and not so long ago' children were taken from their parents, their 'sorrow echoing across the land'. As the Prime Minister's speech unfolds Maggie is reunited with her mother. But the faces and memories of the stolen generation are all around them. Two stories entwine in this captivating retelling of the momentous day when the then Prime Minister of Australia, Kevin Rudd, acknowledged the sorrows of past and said 'Sorry' to the generation of children who were taken from their homes. The book includes a foreword from Lee Joachim; Chair of Rumbalara Aboriginal Cooperative and Director of Research and Development for Yorta Yorta Nation Aboriginal Corporation.

**Scandalmonger** William Safire, 2000-02-02 A presidential hopeful has taken a beautiful, vulnerable woman as his mistress, though both are married to others. His rival for the presidency of the United States has even more sensational secrets to guard about his own past. An ambitious journalist unearths the stories of the private lives of both, and he hefts in his hand what he calls the hammer of truth. The time is the end of the eighteenth century. The political figures whose intimate lives are about to be revealed are Alexander Hamilton and Thomas Jefferson. The journalist out to shape the course of the young nation's history is that scurrilous scoundrel Callender, the fugitive from Scottish sedition law who pioneered the public exposure of men in power. The women he makes famous are the mysterious Maria Reynolds and the slave Sally Hemings. The novelist and Pulitzer Prize-winning columnist William Safire brings these real characters in our history to life. He recounts the dramatic clash of the Founders and the first journalists -- drawn from actual events of the nation's beginnings -- that has special relevance for our time. Scandalmonger is dramatized history at its best and presidential politics at its most fascinating. For those who think that Washington sex scandals and lurid journalism are recent developments, this novel will be a revelation, for Safire shows vividly how media intrusiveness into private lives -- and politicians' cool manipulation of the press -- are as old as the Constitution. The scandalmonger of the title is James Thomson Callender, a writer with a poisonous quill pen who is secretly on the payroll of Vice President Jefferson. When Callender publishes documents leaked to him about a secret Congressional investigation into Treasury Secretary Hamilton's

financial dealings, Hamilton counters with a confession of an affair with the blackmailing Mrs. Reynolds -- admitting to a sin but not a crime. Callender's scathing newspaper attacks on Hamilton and on President John Adams as a hoary-headed incendiary so incensed the Federalists in power that they enacted the Sedition Act to crush freedom of speech. The scoundrel was convicted and jailed, but his widely reported martyrdom after an unfair trial angered many voters and helped to sweep the Jeffersonians into power. The new President pardoned his partisan publicist but refused to reward him -- indeed, cut him off in favor of less divisive supporters. Broke and betrayed, Callender set out to wreak vengeance on his former hero by breaking the story of Jefferson's fathering of children with his slave Sally Hemings -- an account that would be scornfully disbelieved until largely authenticated by DNA evidence almost two centuries later. Central to the story of Scoundrel is the enigmatic allure of Maria Reynolds, a haunting adventuress who in real life bedazzled both Hamilton and his arch-enemy, Aaron Burr, and, in this novel, attracted the reviled scoundrel as well. Much of the dialogue of Presidents Washington, Adams, Jefferson, Madison, and Monroe is drawn from their letters. The accounts of libel and sedition trials to suppress the opinions of Callender and his bombastic newspaper antagonist, Peter Porcupine, are accurate. Hamilton's passionate and ironic defense of freedom of the press is true (although the notes of his speech were fleshed out by Safire, a former White House speechwriter). In a unique Underbook, the author scrupulously sets forth his scholarly sources, separating fiction from dramatized history -- and in so leveling with the reader, truly re-creates the passionate controversies of an era that presages our times.

**Games and Rules** Beat Suter,Mela Kocher,René Bauer,2019-03-31 Why do we play games and why do we play them on computers? The contributors of »Games and Rules« take a closer look at the core of each game and the motivational system that is the game mechanics. Games are control circuits that organize the game world with their (joint) players and establish motivations in a dedicated space, a »Magic Circle«, whereas game mechanics are constructs of rules designed for interactions that provide gameplay. Those rules form the base for all the excitement and frustration we experience in games. This anthology contains individual essays by experts and authors with backgrounds in Game Design and Game Studies, who lead the discourse to get to the bottom of game mechanics in video games and the real world - among them Miguel Sicart and Carlo Fabricatore.

**Minor Histories** Mike Kelley,2004-02-06 The second volume of writings by Los Angeles artist Mike Kelley, focusing on his own work. What John C. Welchman calls the blazing network of focused conflations from which Mike Kelley's styles are generated is on display in all its diversity in this second volume of the artist's writings. The first volume, *Foul Perfection*, contained

thematic essays and writings about other artists; this collection concentrates on Kelley's own work, ranging from texts in voices that grew out of scripts for performance pieces to expository critical and autobiographical writings. *Minor Histories* organizes Kelley's writings into five sections. *Statements* consists of twenty pieces produced between 1984 and 2002 (most of which were written to accompany exhibitions), including *Ajax*, which draws on Homer, Colgate-Palmolive, and Longinus to present its eponymous hero; *Some Aesthetic High Points*, an exercise in autobiography that counters the standard artist bio included in catalogs and press releases; and a sequence of creative writings that use mass cultural tropes in concert with high art mannerisms—approximating in prose the visual styles that characterize Kelley's artwork. *Video Statements and Proposals* are introductions to videos made by Kelley and other artists, including Paul McCarthy and Bob Flanagan and Sheree Rose. *Image-Texts* offers writings that accompany or are part of artworks and installations. This section includes *A Stopgap Measure*, Kelley's zestful millennial essay in social satire, and *Meet John Doe*, a collage of appropriated texts. *Architecture* features a discussion of Kelley's *Educational Complex* (1995) and an interview in which he reflects on the role of architecture in his work. Finally, *Ufology* considers the aesthetics and sexuality of space as manifested by UFO sightings and abduction scenarios.
