Satya Komatineni,Dave MacLean

Iconography and the Professional Reader Kathryn Kerby-Fulton, Oxford Bodleian Library Douce 104 is the only extant manuscript of William Langland's fourteenth-century work *Piers Plowman* that is both illustrated and annotated, providing material evidence of interpretation by professional readers -- the artists, scribes, and annotators who constructed the work's meaning in an early fifteenth-century Anglo-Irish colonial context. Kathryn Kerby-Fulton and Denise L. Despres examine this evidence for what it can tell us about the politics of late-medieval manuscript preparation and the scholarly direction of manuscript use. Kerby-Fulton and Despres reconstruct, in vital detail, the lineaments of the community of professional readers and the pressures that produced it. And they show us the roles played by the manuscript's production team -- scribe, illustrator, annotator, rubricator, and even an elusive commissioning patron -- as all involved in the act of reading and interpreting. Overall, they offer a picture that both brings to life the ideologies and rivalries that affected bookshop practices and demonstrates the meditative, mnemonic, performative, and subversive nature of late-medieval reading.

Murray's English Reader Lindley Murray,Jeremiah Goodrich,1824

Theory into Practice: A Reader in Modern Literary Criticism Ryan Johnson,1992-08-25 Students of literary theory have been well provided for by the publication of various Readers in literary theory. However, the relation between theory and critical practice still presents a problem to the general reader. This book brings together essays by major critics which apply theory to practice in an accessible way. This will help a general literary readership gain a better understanding of the various types of theoretical criticism, see theory being applied to practice powerfully and persuasively, and encourage students to use theory in their own critical writing.

A Greek Reader's Apostolic Fathers Alan S.

Bandy,2018-09-25 The writings from the postapostolic period of the early church (ca. 70-150 CE), known as the Apostolic Fathers, comprise the earliest extant Christian writings outside of the New Testament. The Apostolic Fathers furnish us with an invaluable repository of insights related to the issues, theology, and exegetical practices during this period in church history. Due to the frequent allusions to and quotations of the Gospels and Epistles, the Apostolic Fathers are also an important witness to the text of the New Testament. While several Greek-English diglot editions exist offering excellent English translations, this is the first annotated version of the Greek text that provides a contextual English gloss for all vocabulary occurring less than thirty times in the Greek New Testament. A Greek

Reader's Apostolic Fathers will help one develop the necessary skills for an advanced familiarity and fluency in the Greek texts of early Christianity. This reader is designed primarily as a textbook for an advanced Greek readings course, but is intended for general reading or scholarly research as well.
