Gun control : options for improving the National Instant Criminal Background Check System : report to congressional requesters,2002

Improving the National Instant Criminal Background Check System United States. Congress. Senate. Committee on the Judiciary,2001

Criminal History Records and Background Checks Brian Wilkins,2015 There is widespread interest in obtaining access to criminal history record information from reliable sources for the purpose of screening an individual's suitability for employment, licensing, or placement in positions of trust. The interest is based on a desire or perceived need to evaluate the risk of hiring or placing someone with a criminal record in particular positions and is intended to protect employees, customers, vulnerable persons, and business assets. Employers and organizations are subject to potential liability under negligent hiring doctrines if they fail to exercise due diligence in determining whether an applicant has a criminal history that is relevant to the responsibilities of a job and determining whether placement of the individual in the position would create an unreasonable risk to other employees or the public. This book addresses to what extent states conduct FBI record checks for selected employment sectors and face any challenges; states have improved the completeness of records, and remaining challenges that federal agencies can help mitigate; and private companies conduct criminal record checks, the benefits those checks provide to employers, and any related challenges.

Background Checks Under Fire Angela L. Preston,2014-11-15 Those responsible for the background screening programs in their organizations are accountable at some level to establish a program that is legally compliant. A legal manual for the non-expert, this book provides detailed discussion of legal challenges to background checks. It explains how to defend against claims and how to implement the best practices to keep the organization out of court. Security professionals, risk management professionals, in house and general counsel, human resource professionals, and corporate attorneys who lack expertise in this specific area of law will find this to be an essential resource.

Justice and Law Enforcement U S Government Accountability Office (G,U. S. Government Accountability Office (,2013-06 The U.S. Government Accountability Office (GAO) is an independent agency that works for Congress. The GAO watches over Congress, and investigates how the federal government spends taxpayers dollars. The Comptroller General of the United States is the leader of the GAO, and is appointed to a 15-year term by the U.S. President. The GAO wants to support Congress, while at the same time doing right

by the citizens of the United States. They audit, investigate, perform analyses, issue legal decisions and report anything that the government is doing. This is one of their reports.

Terrorist Screening and Brady Background Checks for Firearms ,2005 Historically, terrorist watch list checks were not part of the firearms background check process implemented pursuant to the Brady Handgun Violence Prevention Act. Such watch lists were not checked, because being a known or suspected terrorist is not a disqualifying factor for firearm transfer/possession eligibility under current federal or state law. Nevertheless, if a person is a known or suspected terrorist, it suggests that there may be an underlying factor (e.g., illegal immigration or fugitive status) that could bar him from legal firearms possession. For a time, moreover, all Brady background check records for approved firearm transfers were destroyed almost immediately, precluding the opportunity to use the background check system to screen for known and suspected terrorists.

Law Enforcement Officer Craig A. Zendzian,2002-07-01 Investigators and polygraph examiners look for inconsistencies, contradictions, changes in answers or misrepresentations between the Application and Pre-screening Form & Questionnaire. The background interview and polygraph test provide an opportunity for an investigator to engage in face-to-face contact with an applicant. Although the process may at times appear to resemble an interrogation, it is not intended to place you in a disadvantageous position. People who are well prepared and ready to discuss their personal history with an interviewer are those who do well. Prepare for a background check, interview or polygraph test by filling out forms and answering questions that have actually been used by investigators. This guide provides valuable insights into background checks and interviews, as seen through the eyes of investigators. You will complete our 3-step process of filling out an Application, Pre-Screening Form & Questionnaire and respond to Background Interview questions. Emphasis is placed upon eliminating costly mistakes that end in rejection. Statements and information that you are likely to provide on forms, and during interviews, often leading to elimination are closely examined. Deceit, inconsistencies with other responses made on forms, lying, or falsely representing personal information are discussed. Learn how to analyze your own written and oral responses and answers to questions, by referring to numerous helpful hints that are included in the guidebook. Arrive at a finished product that is an accurate assessment of your character and background that you can defend. See how the Application, Pre-Screening Form & Questionnaire, Background Interview and Polygraph Test are interrelated and lead to red flags when inconsistencies in responses and statements arise. This guide introduces the practice of threshold of tolerance, which explains how departments deal with distinguishing between acceptable and unacceptable types of behavior, such as with cases of reported drug usage. Learn about the drug criteria used by federal agencies that is in practice today and is being adopted by local and state law enforcement agencies. Includes sample questions commonly used by investigators who conduct background interviews with applicants, and focus upon the following areas: (number of questions in parenthesis). Employment History (20) Military History (7) Criminal History (40) Educational History (6) Organizational Membership (3) Financial History (4) Weapon

How to Do a Background Check Scott Fowler,2013-10-09 Need a background check done? Do your own!Knowing where to find the right background information -- and how to read it -- comes with experience. While it's true that anyone can do a very basic criminal search on another person without training or education in the criminal justice field, they may not necessarily understand the information they receive. Doing a proper background check of any kind is much more complicated than just running a name and looking to see what pops up.In this new book by search expert Scott Fowler, you'll learn how to find the background information you need, just like the professionals. Check criminal history... tenant history... education verification... plus lots more. Plus, Fowler delves into the newest search types: media and terrorist watch list checks. Missing this information could prove costly. Fowler takes you by the hand and shows you what to look for when searching social media profiles and international watch lists.You'll also learn the insider tips and tricks the pros would rather keep to themselves. Without knowing these insider secrets, you may find yourself with a tenant you don't want... or an employee you shouldn't have hired. Make the right choices by getting the right info today. Download this book and find the information you need to make the right decisions.
