TMI Perez Hilton, Leif Eriksson, Martin Svensson, 2020-10-06 Delicious memoir. . . . catnip for Hollywood gossip hounds. —Publishers Weekly The story of how Mario Lavandeira becomes Perez Hilton, the world's first and biggest celebrity blogger, with millions of readers around the globe. With Perez's help, many promising young artists reached the masses—Katy Perry, Adele, Amy Winehouse, and Lady Gaga, to name a few. Soon Perez was a Hollywood insider, but after a dramatic fallout with Lady Gaga, his blog became increasingly mean. When people called him a bully and a hypocrite for outing gay celebrities, Perez was forced to reevaluate not only his alter ego, but also himself. TMI reveals the man behind the blog in a new, revealing, and still juicy memoir.

Queerly Beloved Diane Anderson-Minshall, Jacob Anderson-Minshall, 2014-05-01 Imagine if, after fifteen years as a lesbian couple, your partner turned to you and said, I think I'm really a man. What would you do? How would you respond? For Diane and Jacob (n□e Suzy) Anderson-Minshall this isn't a hypothetical question. It's what really happened. Eight years later, the couple not only remains together, they still identify as queer, still work in LGBT media, and remain part of the LGBT community. How did their relationship survive a gender transition? The authors explore this question and delve into their relationship to reveal the trials and tribulations they have faced along the way. In doing so, they paint a portrait of love, not only to each other, but to the San Francisco Bay Area, LGBT publishing, and the queer community. *Queerly Beloved* is a love story that flies in the face of expectations and raises questions about the true nature of identity, sexuality,

and love.

Teaching History in an Uncivilized World Philip Bigler, 2012-10-15 Teaching History in an Uncivilized World is the latest book by National Teacher of the Year Philip Bigler. It is a fascinating chronicle of his 23-year odyssey as a high school history and humanities teacher. Widely recognized for his innovative and exciting methods, Bigler explains how as a novice teacher he discovered the power of using historical simulations to motivate students and to help them become active participants in their own learning. These inspiring lessons proved highly effective in teaching important curricular content as President Bill Clinton would later acknowledge: "Through these historic simulations, his students have learned lessons about democracy and the meaning of citizenship, lessons we want every American to know." Despite Bigler's success as a history teacher, he was laid off twice early in his career due to school budgetary crises. Growing frustrated and increasingly disillusioned, Bigler eventually quit teaching and during this three year hiatus, he received an advanced degree at the College of William and Mary and served as an Army historian at Arlington National Cemetery. It was while working at Arlington that Bigler discovered that he missed the daily excitement of teaching history as well as the interaction with his students. In 1985, he returned to the high school classroom a far wiser and better educator. At BCC and McLean High Schools, Bigler taught a variety of history courses and was actively involved in implementing the latest computer technology into his instruction. As the yearbook advisor at McLean, he aggressively upgraded the publication's limited computer resources and introduced the editors and staff to desktop publishing. Widely respected by both staff and students, Philip Bigler was twice selected

by the McLean High School senior class as their “most influential teacher” and was chosen as the school’s Teacher of the Year in 1996. In order to pursue his avid interest in the potential of educational technology to improve student learning, Bigler transferred to Thomas Jefferson High School for Science and Technology in the fall of 1996. There he was selected as the Fairfax County and the Virginia Teacher of the Year. In 1998, Philip Bigler was named the National Teacher of the Year by President Bill Clinton who remarked, “We need more teachers like Philip Bigler...in every classroom in America today for it is they who can make our schools the best in the world.” As the National Teacher of the Year, Bigler was granted a one year sabbatical and traveled extensively speaking to various educational groups and organizations about the importance of teaching. He persuasively argues that “Civilization begins anew with each child” and that “if we fail to teach and educate our young people, we are just one generation removed from barbarism.” Bigler advocates for a return of academic rigor to our nation’s classrooms and the need for strong content standards. Bigler has appeared as a featured guest on The Late Show with David Letterman; Nightline; and the History Channel. Teaching History in an Uncivilized World is an essential book for all of those interested in improving the quality of American education. It is highly readable and contains numerous useful appendices for history teachers. The book is supported by a regularly updated website where additional educational resources and lesson plans are available.

I've Never Been to Vegas, but My Luggage Has Mandy Hale, 2014-03-18 Wrong turns, humiliating flops, painful heartbreaks—and happiness? Yes, believe it or not, they can go hand in hand. Blogger and author Mandy Hale, affectionately known as “The Single

Woman” to her half-million social-media followers, is living an adventurous life that proves even our lowest lows and messiest mess-ups can point us toward our joy-filled destiny as single women. In *I’ve Never Been To Vegas, But My Luggage Has*, Mandy delivers heart-to-heart, often hilarious stories from a life filled with love and loss, glamour and goose bumps, faith and friendship, big dreams and battle scars. She shares the bittersweet euphoria of her high-school romance, the panic-stricken cluelessness of her first day on a stressful job, and the foot-in-mouth horror of her red-carpet interview with a music legend. Along the way, Mandy dollops personal anecdotes with encouraging insights. From thrilling first kisses to crushing break-ups, from soaring career milestones to promising flights that never quite got off the ground, she unfolds in often uproarious detail the zigzags along the path toward a pinnacle moment: sharing a table and a pinch-me-I’m-dreaming conversation with her lifelong hero. In the end, Mandy turns Sin City’s infamous marketing slogan on its head: What happens in her life doesn’t stay in her life. She shares even her darkest moments in witty, winsome ways that make us not only feel her pain, but also laugh with her and apply her hard-won nuggets of inspiration to our own lives. “Happily Ever After” might not look or feel quite like what we expect, but as Mandy is discovering—and as we can discover along with her—it is well within our reach.

Intoxicated Mel Y. Chen, 2023-11-03 In *Intoxicated* Mel Y. Chen explores the ongoing

imperial relationship between race, sexuality, and disability. They focus on nineteenth-century biopolitical archives in England and Australia to show how mutual entanglements of race and disability take form through toxicity. Examining English scientist John Langdon Down's characterization of white intellectual disability as Asian interiority and Queensland's racialization and targeting of Aboriginal peoples through its ostensible concern with black opium, Chen explores how the colonial administration of race and disability gives rise to "intoxicated" subjects often shadowed by slowness. Chen charts the ongoing reverberations of these chemical entanglements in art and contemporary moments of political and economic conflict or agitation. Although intoxicated subjects may be affected by ongoing pollution or discredited as agents of failure, Chen affirmatively identifies queer/crip forms of unlearning and worldmaking under imperialism. Exemplifying an undisciplined thinking that resists linear or accretive methods of inquiry, Chen unsettles conventional understandings of slowness and agitation, intellectual method, and the toxic ordinary.

Holly Hagan - Not Quite A Geordie Holly Hagan, 2015-04-02 'I wasn't going to get anywhere without causing a stir. The way I saw it, if people don't gossip or talk about you, you are not making waves. And I was making huge rip curls on Geordie Shore.' Now into its tenth season, Holly Hagan has had viewers of Geordie Shore glued to their screens ever since the very first episode. Since appearing as a fresh-faced eighteen-year-old in 2011, Holly has captivated audiences with her hot tub antics and flame-red hair as the Geordies have flirted their way around the world, from Newcastle to Magaluf, Cancun and Australia. Fame and fortune, though, came at a price - the road from the call centre to the

celebrity circuit has been far from smooth. In this action-packed, revealing, funny and sometimes heart-breaking memoir, Holly recounts her life in and out of the limelight with brutal honesty - from her childhood days when she was badly bullied, her shocking take on sex and dating and what really goes on behind-the-scenes on the UK's biggest reality TV show, including the truth behind her blossoming relationship with housemate Kyle. Filled with genuinely touching stories and inside accounts of what they don't show you on TV, Holly has laid herself bare, first physically and now emotionally. If you think you know all there is to know about Holly from *Geordie Shore*, think again.

VisionMongers David duChemin, 2009-11-11 For those who want to make the transition into the world of vocational photography—staying true to your craft and vision, while fusing that craft with commerce VisionMongers is a great place to begin your journey. With a voice equally realistic and encouraging, photographer David duChemin discusses the experiences he's had, the lessons he's learned, and the practices he's adopted in his own winding journey to becoming a successful working photographer. When it comes to this personal, honest combination of craft and commerce, there is no single path to success. Everyone's goals are different, as is everyone's definition of success. As such, VisionMongers does not prescribe a one size-fits-all program. Instead, duChemin candidly shares ideas, wisdom, and inspiration to introduce you to, and help you navigate, the many aspects of transforming your passion into your vocation. He addresses everything from the anxiety-riddled question "Am I good enough?" to the basics—and beyond—of marketing, business, and finance, as well as the core assumption that your product is great and your craft is always improving. Along the way, duChemin

features the stories of nine other photographers—including Chase Jarvis, Gavin Gough, and Zack Arias—whose paths, while unique, have all shared a commitment and passion for bringing their own vision to market. With VisionMongers, you'll learn what paths have been taken—what has worked for these photographers—and you'll be equipped to begin the process of forging your own.

Still Standing Carrie Prejean, 2009-11-09 When a California beauty queen had the audacity – the nerve – to stand up for traditional marriage in front of a national televised audience, well then, the liberal media went crazy. They called her every vile name in the book – while feminists around the country were oddly silent. Like Sarah Palin, Laura Bush, Ann Coulter and so many before her, Carrie Prejean was vilified for not being the modern American woman that NOW had in mind. But through it all, Carrie Prejean, former Miss California, maintained her composure, courage, faith—and stood her ground.

Culturematic Grant David McCracken, 2012 McCracken (Chief Culture Officer: How To Create a Living, Breathing Corporation) defines a culturematic as a little machine for making culture and a what if tool. They are small, cheap, open-ended, broadly focused experiments designed to uncover ideas we can't possibly guess we need and to generate a range of options. These experiments allow companies, marketers, innovators, and individuals to adapt to constant change and examine options with little risk or expense. Many will fail, but some will scale up. McCracken describes several successful culturematics, discusses the theory behind them, and includes instructions on how to tailor these experiments to specific industries, as well as how to use them personally for improvement or self-discovery and what they can mean to corporations. He makes clear

the differences between culturematics and stunts or pranks and maintains a website (culturematic.com) in support of ongoing conversation on the subject. Verdict Engagingly written and accessible to both business and lay people, the book will have broad appeal to entrepreneurs, marketers, inventors, artists, and people looking for a creativity boost in their professional or personal lives.-Rachel Owens, Daytona State Coll. Lady Gaga Emily Herbert, 2010-03-09 This revealing biography goes behind the popstar persona to tell the inside story of Lady Gaga's rise to fame. A true original, Gaga found fame the hard way, playing the grimy bars and burlesque shows of New York City, before finally relocating to Los Angeles to begin work on what would become her debut album *The Fame*. Constantly en vogue and always in the public eye, this is the biography of the rise of Gaga, from her early life as a teenage protégé, to her life as one of the most respected musicians and most recognized entertainers on the planet. This book lifts the lid on Lady Gaga, going beyond the familiar narrative to reveal new insight into her vision, artistry, and business savvy.

Hedda Hopper's Hollywood Jennifer Frost, 2011-01-10 Before Liz Smith and Perez Hilton became household names in the world of celebrity gossip, before Rush Limbaugh became the voice of conservatism, there was Hedda Hopper. In 1938, this 52-year-old struggling actress rose to fame and influence writing an incendiary gossip column, "Hedda Hopper's Hollywood," that appeared in the Los Angeles Times and other newspapers throughout Hollywood's golden age. Often eviscerating moviemakers and stars, her

column earned her a nasty reputation in the film industry while winning a legion of some 32 million fans, whose avid support established her as the voice of small-town America. Yet Hopper sought not only to build her career as a gossip columnist but also to push her agenda of staunch moral and political conservatism, using her column to argue against U.S. entry into World War II, uphold traditional views of sex and marriage, defend racist roles for African Americans, and enthusiastically support the Hollywood blacklist. While usually dismissed as an eccentric crank, Jennifer Frost argues that Hopper has had a profound and lasting influence on popular and political culture and should be viewed as a pivotal popularizer of conservatism. The first book to explore Hopper's gossip career and the public's response to both her column and her politics, Hedda Hopper's Hollywood illustrates how the conservative gossip maven contributed mightily to the public understanding of film, while providing a platform for women to voice political views within a traditionally masculine public realm. Jennifer Frost builds the case that, as practiced by Hopper and her readers, Hollywood gossip shaped key developments in American movies and movie culture, newspaper journalism and conservative politics, along with the culture of gossip itself, all of which continue to play out today.

Star Struck Sam Riley, 2009-12-09 This balanced examination looks at America's pervasive celebrity culture, concentrating on the period from 1950 to the present day. *Star Struck: An Encyclopedia of Celebrity Culture* is neither a stern critic nor an apologist for celebrity infatuation, a phenomenon that sometimes supplants more weighty matters yet constitutes one of our nation's biggest exports. This encyclopedia covers American celebrity culture from 1950 to 2008, examining its various aspects—and its

impact—through 86 entries by 30 expert contributors. Demonstrating that all celebrities are famous, but not all famous people are celebrities, the book cuts across the various entertainment medias and their legions of individual stars. It looks at sports celebrities and examines the role of celebrity in more serious pursuits and institutions such as the news media, corporations, politics, the arts, medicine, and the law. Also included are entries devoted to such topics as paranoia and celebrity, one-name celebrities, celebrity nicknames, family unit celebrity, sidekick celebrities, and even criminal celebrities.

The Brand Bubble John Gerzema, Edward LeBar, 2008-11-03 How to use brands to gain and sustain competitive advantage Companies today face a dilemma in marketing. The tried-and-true formulas to create sales and market share behind brands are becoming irrelevant and losing traction with consumers. In this book, Gerzema and LeBar offer credible evidence--drawn from a detailed analysis of a decade's worth of brand and financial data using Y&R's Brand Asset Valuator (BAV), the largest database of brands in the world--that business is riding on yet another bubble that is ready to burst--a brand bubble. While most managers still see metrics like trust and awareness as the backbone of how brands are built, Gerzema asserts they're dead wrong--these metrics do not add to increased asset value. In fact, by following them, they actually hasten the declining value of their brands. Using a five-stage model, *The Brand Bubble* reveals how today's successful brands--and tomorrow's--have an insatiable appetite for creativity and change. These brands offer consumers a palpable sense of movement and direction thanks to a

powerful energized differentiation. Gerzema reveals how brands with energized differentiation achieve better financial performance than traditional brands have. Plus, Gerzema helps readers develop energized differentiation in their own brands, creating consumer-centric and sustainable organizations.
