The Palgrave Handbook of Critical Menstruation Studies Chris Bobel, Inga T. Winkler, Breanne Fahs, Katie Ann Hasson, Elizabeth Arveda Kissling, Tomi-Ann Roberts, 2020-07-24 This open access handbook, the first of its kind, provides a comprehensive and carefully curated multidisciplinary and genre-spanning view of the state of the field of Critical Menstruation Studies, opening up new directions in research and advocacy. It is animated by the central question: "what new lines of inquiry are possible when we center our attention on menstrual health and politics across the life course?" The chapters—diverse in content, form and perspective—establish Critical Menstruation Studies as a potent lens that reveals, complicates and unpacks inequalities across biological, social, cultural and historical dimensions. This handbook is an unmatched resource for researchers, policy makers, practitioners, and activists new to and already familiar with the field as it rapidly develops and expands.

Period Power Maisie Hill, 2019-05-02 'Hill's advice is straightforward and no-nonsense' - The Guardian 'A life-transforming book... fascinating - Daily Mail 'Maisie Hill has written a bloody brilliant book (pun intended). Everything you need to know about periods and how they affect you and your life is here. It's revolutionary' - Miranda Sawyer 'Thank GOODNESS for Maisie Hill! Flipping open the lid on a vital conversation. It's about time we claimed the power of our periods!' - Gemma Cairney, broadcaster & co-founder of Boom Shakalaka Productions 'This is such an important book. Maisie's insights and cycle strategy have changed my life and my cycle. Period Power is written with such intelligence, humour and a deep understanding of women's health. If you have a period you need to read this book.' - Anna Jones, author of The Modern Cook's Year A profound and practical blueprint for aligning daily life with your menstrual cycle. Period Power is the handbook to periods and hormones that will leave you wondering why the hell nobody told you this sooner. The hormones of the menstrual cycle profoundly influence our energy, mood and behaviour, but all too often we're taught that our hormones make us unreliable, moody bitches, or that it's our lot in life to put up with 'women's problems'. Maisie Hill, a women's health practitioner, knows the power of working with the menstrual cycle and refuses to accept this theory. Instead, Maisie believes that our hormones are there to serve us and, if utilized correctly, can be used to help you get what you want out of life. Yes, we are hormonal, and that's a very good thing. This revolutionary book reveals everything you need to know about taking control of your menstrual cycle and outlines The Cycle Strategy to help us perform at our best, throughout our cycle. In Period Power you will discover how to: - maximise your natural superpowers each month while making adjustments for the darker days, and use Maisie's favourite tips to improve them - identify your personal patterns, powers and pitfalls for each phase of the menstrual cycle - plan your month to perform at your best in all aspects of your life - figure out if you have a hormonal imbalance and what to do about it. Period Power is a no-nonsense guide with all the tools you need to improve your menstrual health.

**The Female Advantage** Alisa Vitti, 2019-09-24 The bestselling author of WomanCode presents a biohacking program for women, teaching them how to use their natural 28-day cycle to guide their time, diet, fitness, work, and relationships. Women have been conditioned to think of their bodies as

burdens, especially when it comes to our periods. We suffer from cramps, PMS, bloating and mood swings, all while overlooking the extraordinary power that lies within us. We cram as much as possible into our day, striving to accomplish impossible to-do lists, and scheduling our lives based on a 24-hour time cycle, ignoring the intuitive time our bodies naturally keep: a monthly cycle with four hormonal phases that offer incredible advantages. In the FLO presents a simple but revolutionary 4-week solution to manage your energy and time according to your female biochemistry. By working with each phase, you'll support your hormones, unlock peak creativity and productivity, and avoid burnout. You'll know exactly when to eat certain foods, clear your social calendar, or ask for a raise--and you'll have the tools to do so, including: Meal plans and recipes for each phase Charts for phase-specific exercises, work tasks, and relationship activities A daily planner that helps you align with your strengths in each phase A biohacking toolkit for navigating period problems and hormonal birth control Alisa Vitti, functional nutritionist, women's hormone expert, and bestselling author of WomanCode, has been teaching women how to sync with their cycles for nearly twenty years and has witnessed the incredible rewards it offers, including losing stubborn weight, regaining energy, clearing endometriosis and resolving infertility issues. By tapping into this natural power source, you'll get more done with less effort, you'll feel better consistently throughout the month, and you'll enjoy the freedom that comes with living on your own time.

Humanae Vitae, 50 Years Later Charles J. Chaput, 2019 Experts representing a variety of disciplines including history, culture, theology, medicine, law, and psychology reflect upon the Catholic Church's teachings on marriage and licit methods for the regulation of births, on the occasion of the 50th anniversary of the papal document Humanae vitae. *10% Happier* Dan Harris, 2014-03-11 #1 New York Times Bestseller REVISED WITH NEW MATERIAL Winner of the 2014 Living Now Book Award for Inspirational Memoir An enormously smart, clear-eyed, brave-hearted, and quite personal look at the benefits of meditation. —Elizabeth Gilbert Nightline anchor Dan Harris embarks on an unexpected, hilarious, and deeply skeptical odyssey through the strange worlds of spirituality and self-help, and discovers a way to get happier that is truly achievable. After having a nationally televised panic attack, Dan Harris knew he had to make some changes. A lifelong nonbeliever, he found himself on a bizarre adventure involving a disgraced pastor, a mysterious self-help guru, and a gaggle of brain scientists. Eventually, Harris realized that the source of his problems was the very

thing he always thought was his greatest asset: the incessant, insatiable voice in his head, which had propelled him through the ranks of a hypercompetitive business, but had also led him to make the profoundly stupid decisions that provoked his on-air freak-out. Finally, Harris stumbled upon an effective way to rein in that voice, something he always assumed to be either impossible or useless: meditation, a tool that research suggests can do everything from lower your blood pressure to essentially rewire your brain. 10% Happier takes readers on a ride from the outer reaches of neuroscience to the inner sanctum of network news to the bizarre fringes of America's spiritual scene, and leaves them with a takeaway that could actually change their lives.

Womanocode Alisa Vitti,2013 Alisa Vitti found herself suffering through the symptoms of polycystic ovarian syndrome (PCOS), and was able to heal herself through food and lifestyle changes. Relieved and reborn, she made it her mission to empower other women to be able to do the same. As she says,

'Hormones affect everything. Have you ever struggled with acne, oily hair, dandruff, dry skin, cramps, headaches, irritability, exhaustion, constipation, irregular cycles, heavy bleeding, clotting, shedding hair, weight gain, anxiety, insomnia, infertility, lowered sex drive, or bizarre food cravings and felt like your body was just irrational?' With this breadth of symptoms, improving hormonal health is a goal for women at every stage of their lives Alisa Vitti says that medication and anti-depressants aren't the only solutions. The thousands of women she has treated in her Manhattan clinic know the power of her process that focuses on uncovering your unique biological make up. Groundbreaking and informative, WomanCode educates women about hormone health in a way that's relevant and easy to understand. Bestselling author and women's health expert Christiane Northrup, who has called WomanCode the 'Our Bodies, Ourselves of this generation', provides an insightful foreword.

**Technology for Physical Educators, Health Educators, and Coaches** Seth E. Jenny, Jennifer M. Krause, Tess Armstrong, 2020-03-24 A wide variety of technology is available to physical educators, health teachers, and coaches—but technology is only helpful if people know how to use it effectively. This text will help health and physical education teachers and coaches improve their abilities by learning to effectively use technology in the areas of instruction, assessment, management, communication, professional development, and advocacy. The effective use of technology as outlined in this book can improve student and athlete performance and assessment and motivate active and healthy lifestyles among students. An important distinction with this book is that it goes beyond simply discussing the technology tools—it helps readers understand how to use technology to improve instruction. Practical examples of how to use various technological tools are included for different settings and a variety of age groups (child to adult). Readers will learn about the effective use of technology in physical education, health education, and coaching. *Technology for Physical Educators, Health Educators, and Coaches* is a practical, hands-on text that offers a number of useful tools: What Does the Research Say? sidebars that provide evidence for which technologies do and do not work in physical education, health education, and sport coaching, with accompanying explanations Tips, examples, and interviews from seasoned professionals on various types of technology Chapter objectives, key terms, review questions, and open-ended discussion questions, which could prove useful for online discussion boards Instructor ancillaries, including PowerPoint presentations and learning management system (LMS)—ready quizzes for each chapter, that help instructors organize, plan, teach, and assess content effectively Online web resource that offers a variety of tools, including additional practitioner interviews; links to websites, videos, and podcasts; sample handouts, and other activities and resources from practicing professionals. The online web resource will be updated annually to keep current with the changing technology. Social media accounts (@Tech4HPECoach) on Twitter and Facebook allow readers to further connect and share ideas. Use the hashtag #Tech4HPECoach across various social media platforms too! (The web resource is included with all new print books and some ebooks. For ebook formats that don't provide access, the web resource is available separately.) The text is organized into six parts. Part I focuses on how technology can assist in meeting specific goals, objectives, and national standards within physical

education, health education, and sport coaching. Part II covers technology for class and team management as well as communication technology, while part III explores how to leverage technology to facilitate teaching and learning, including within a traditional classroom, online, and with special populations. The authors address how to use technology for assessment in part IV, and part V delves into how technology can benefit professional development and advocacy. In part VI, the authors detail the all-important legal and financial aspects of technology.

**Fix Your Period** Nicole Jardim, 2020-04-28 "Nicole Jardim walks the talk, and I am confident that Fix Your Period will help ignite the hormone balance you are seeking and restore your vitality." --Sara Gottfried, MD, New York Times bestselling author of The Hormone Cure A life-changing step-by-step natural protocol to ignite lasting hormone balance and improve everything from PMS, period pain, and heavy periods to irregular cycles and missing periods, from Nicole Jardim, certified women's health coach and co-host of the podcast The Period Party. For most women, getting their period sucks. Bloating. Cramps. Acne. Aches. Moodiness. Messiness. No wonder we call it The Curse! For many, it's not just an inconvenience—it's a colossal life disruption, forcing them to miss work, school, appointments, or dates. We've been encouraged to medicate away common period problems with birth control and ibuprofen, and just survive the mood swings as best we can. But as Nicole Jardim explains, periods aren't a nuisance, they're information. When you learn to decode your period (or lack thereof), you'll be able to recognize the underlying hormone imbalances causing your period problems and know how to fix them naturally with Jardim's proven six-week protocol to resolve even the most challenging hormone imbalances and menstruation issues. Joining the ranks of books by Jolene Brighten, Sara Gottfried, and Aviva Romm, Nicole Jardim's Fix Your Period is essential for women plagued by PMS, irregular, painful, or heavy periods, PCOS, Endometriosis, or fibroids—and for anyone who wants to take charge of her hormonal health—and regain control of her life—naturally.

**She's In CTRL** Anne-Marie Imafidon, 2022-09-08 'A practical and positive guide to using tech to change women's lives for the better' - Caroline Criado Perez, author of Invisible Women: exposing data bias in a world designed for men 'A powerful and inspiring call to action from one of Britain's brightest minds'- Yomi Adegoke, award-winning journalist, author of Slay in Your Lane etc. Why are women so under-represented in the tech world? Why does this matter? What can we do about it? A book that asks essential questions and provides long-overdue practical solutions. Perfect for readers of Invisible Women. Why do so many of us - particularly women - feel the tech world is beyond reach? Women are woefully under-represented in tech - they represent roughly a mere quarter of the UK STEM workforce. This means an ever-increasing series of big decisions are made by a small number of people, mainly men. So what are the challenges for all of us who want to wrest back control? How do we get past the gatekeepers? When we do, what are the opportunities that will open up - for us in our individual roles, and for the future of tech?. Dr Imafidon shows we have more agency than we think, drawing on her own experience and the stories of other pioneers and innovators to provide examples, exercises and practical guidance for how to get started and take control. There will always be problems. But, as we know, women are problem-solvers.
