**The Soviet Union and Revolutionary Iran** Aryeh Yodfat, 2011-02-28 Relations between the USSR and Iran during the period from the overthrow of the Shah and the establishment of the Islamic Republic up to early 1983 are reviewed in this book. It begins with a brief survey of Russian-Persian relations in earlier years, with a focus on the developments that served as a background to the current events. It examines Soviet attitudes and reactions to Iran's foreign and internal policy and highlights the way in which the Soviets often raise events of which they do not approve in order to draw Iran closer to them. In particular, the book discusses the Soviet response to the Iran-Iraq war and the position of the Tudeh Party and the other leftists within Iran. Iran's policy towards the USSR is treated at length and it is shown that it is suspicious of a tacit USA-USSR agreement over the fate of Iran.

Khomeini's attempts to isolate Iran from both East and West are also reviewed. This book was one of the first to discuss this crucial dimension in Middle East politics and it makes a significant contribution to our understanding of the forces driving the Iranian Revolution.

**Iraq and Iran (RLE Iran A) Jasim M**

Abdulghani, 2012-04-27 Behind the Iran-Iraq war rests a history of conflict stretching back to the Ottoman Turks and the Persians. This book examines the deep-seated and complex factors involved in the rivalry between these two nations. It focuses particularly on the period between 1969 and 1984, a time that saw both the rise of the Ba'th party in Iraq and Khomeini's return to power in Iran. These changes did much to escalate tensions. The Ba'th party's ideological, socialist regime and its emphasis on political secular concerns stood in marked contrast to Iran under Khomeini and his efforts to spread an Islamic revolution among the nation's Shiite majority. The author discusses how these differences have affected three long-term problems: Iraq's and Iran's rivalry for dominance in the Arabian Gulf region; disputes over the Shatt al-Arab waterway, which serves as a boundary between the two nations; and the Kurdish rebellion in Iraq, supported by Iran. The volume also looks at the most recent episodes of crisis and analyzes the evolution of the Iran-Iraq war and its implications both regionally and globally. Unlike other studies of Iraq's relations with Iran, Abdulghani's is distinguished by its systematic and comprehensive synthesis which interlocks legal, cultural, historical and political issues that have characterized relations between the two countries.

**The Battle of the Ayatollahs in Iran Alex**

Vatanka, 2021-04-08 Understanding the foreign policy agenda and behavior of the Islamic Republic

of Iran is a critical challenge for the world. But where do the principal Iranian regime actors come from in terms of political background, experiences and interests? Which types of ambitions or policy conflicts have dominated and shaped foreign policy debates since 1979? This book explains the internal policy process in Tehran by following two regime personalities, Ali Khamenei, the Supreme Leader, and Akbar Hashemi Rafsanjani, who before his death in January 2017 held some of the most powerful political positions in Iran. No two men have been more influential in dictating the regime's decision-making processes since 1979. Yet little is known about how their competing worldviews and interests, their key moments of dispute – both personal or policy-based – or their personal ambitions have informed the trajectory of Iranian politics. The book analyzes Khamenei and Rafsanjani's own words and writings - and accounts of them given by others - to reveal how the domestic policy contest has shaped Tehran's actions on the regional and international stage. Comprising primary and secondary Iranian sources - including untapped memoirs, newspaper reports, and Iranian electronic media and personal interviews - the book highlights the principal rivalries over the lifespan of the Islamic Republic and offers new insights into the present and future of Iranian foreign policy.

*Moscow and the Middle East* Robert O.

**Shaping the Current Islamic Reformation B.A.**

Roberson, 2004-08-02 The essays that comprise this study eschew stereotypical representations of a politicized Islam in the Mediterranean Region. The contributors consider the reality that lies behind current issues in the area and the role that an embedded Islam has played or may play in the region.

*Iran and the United States* Hooman

Peimani, 1999-09-30 A variety of political, economic, social, and security factors have created a situation conducive to the gradual formation of a regional grouping in West Asia. The countries of the Persian Gulf, Caucasus, and Central Asia are gradually gathering around Iran, a rising regional power. Regional and international isolation, sanctions, the Iran-Iraq War, and financial difficulties deprived Iran of its suppliers and forced it to develop itself to meet its needs. Iran has long-term interests in these three neighboring and energy-producing regions where the United States also has strategic interests. Peimani argues that the current unfriendly relations between the two countries are counterproductive for both and damage their interests. They can and must cooperate in these regions as their interests are not opposite and antagonistic, but different and compatible. Their interests require stability in these regions, for which the two should cooperate. As he points out, they must and can normalize their relations, among other factors, to preserve their long-term interests in these regions and elsewhere.

**Persian Service** Annabelle Sreberny, Massoumeh Torfeh, 2014-01-16 Rumour and speculation in Iran have been rife for generations that the BBC has had a hand in every political upheaval in the country. In this vein the BBC has become a notable element in the complex and tortured narrative of Anglo-Iranian relations. The BBC Persian Service was initially developed in 1940 to prepare and broadcast British war-time propaganda. And it has since been seen by many in Iran as an integral part of British policy-making in the region. Thirty years ago, the Shah of Iran regarded the BBC Persian Service radio as his 'enemy number one' and held it responsible for promoting the revolution of 1979. Only a couple decades earlier, the BBC Persian Service was widely accused for having been complicit in the CIA-led 1953 coup against Prime Minister Mohammad Musaddiq. And a decade earlier, the BBC Persian Service was strongly linked to the British-planned removal of Reza Shah in 1941. The BBC Persian service has frequently been perceived as an entity which was not simply a vehicle to record the changes occurring in Iran and throughout the Middle East, but rather an active agent of change. In this book, Annabelle Sreberny and Massoumeh Torfeh track the history of the BBC Persian Service, critically analysing both the assumptions that the BBC is a standard bearer for objective reporting and representations of it as a simple tool of Western interests. Also examining the history of relations between the Foreign Office and the BBC Persian Service, they demonstrate that these have never been pre-defined or rigid. Instead, they

explore how both institutions have moved from an interest in what can crudely be called state-orchestrated 'propaganda' to a more subtle advocacy of fair and balanced journalism as the best agent of British values and influence.

Geopolitics of the New Middle East Şaban Kardaş, Bülent Aras, 2023-06-26 This edited book takes a critical look at the geopolitics of the broader Middle East and North Africa (MENA) region. It scrutinizes some of the perennial issues shaping the regional security agenda, as well as the emerging geopolitical trends in the wake of a decade of turmoil triggered by the demands for political and economic reforms. The contributors explore the geopolitical implications of the structural transformation process in the MENA region and beyond, which has unleashed destabilizing forces and multifaceted conflicts, with the involvement of many local, regional and global actors. They also look at how some of the regional actors have reacted to the risks and security challenges produced by the wave of instability and conflicts, and conducted their foreign policy in this volatile period of fluid alliances. Other contributors explore the roles and perspectives of major extra-regional actors, delving deeper into how they have adjusted their policies towards the emergence of a new order and reshuffling of alignments. This book will be of interest to researchers and advanced students of politics, international relations, and political geography. It was originally published as a special issue of the Journal of Balkan and Near Eastern Studies.

### **Mass Protests in Iran Masoud**

Kazemzadeh,2023-09-05 Mass Protests in Iran: From Resistance to Overthrow explores the various waves of protests in Iran over the past 44 years, surveying their causes, consequences, and outcomes. The author argues that the regime and its support base of fundamentalist groups constitute a minority in Iran and lack legitimacy, and thus the regime uses repression and violence to secure its rule. The result is a pre-revolutionary situation and a shifting political landscape of overthrows, constant mass protests and mass repression. Kazemzadeh's analysis highlights the factors that would assist the fundamentalist regime in succeeding in suppressing these protests, and the factors that would assist the Iranian people in defeating the fundamentalist regime. Written in an accessible style, this timely book offers a much-needed contribution to the literature on Iranian politics. It will be of interest to students and scholars, as well as policy makers, interested in Middle Eastern studies, social movements, protest movements, political science and sociology.

*Persian Literature and Modernity* Hamid Rezaei Yazdi, Arshavez Mozafari, 2018-12-07 *Persian Literature and Modernity* recasts the history of modern literature in Iran by elucidating the bonds between the classical tradition and modernity and exploring textual, generic and discursive formations through heterodoxical investigations. This is first done through the rehabilitation of concepts embedded in tradition, including the *munāzirah* (debate), *Ahrīman* (the demonic), *tajarrud* (radical aloneness) and *nārizāyatī* (discontent). Following this are broader structural and processual treatments, including the emergence of the genre of the social novel, the international dimension of Persian and Persianate canon formation, and the development of salvage ethnography and anthropological discourse in Iran. Covering literary experiments from the twelfth to the twentieth centuries, the chapters in this volume make a case for stepping outside the bounds of orthodox literary scholarship in Iranian studies with its associated political and orientalist determinants in order to provide a more nuanced conception of literary modernity in Iran. Offering an alternative reading of modernity in Persian literature, this book is an invaluable

resource for scholars and students interested in the history of modern Iran and Persian Literature.

*SECRETS OF THE IRANIAN REVOLUTION* Manouchehr Bibiyan, 2010-04-15 This intriguing book by Manouchehr Bibiyan, producer and president of Los Angeles based JAAM-E-JAM Television Network, is a rare political document and a credible historical primary source on the history of modern Iran. Based on the many interviews of Mr. Manouchehr Bibiyan and his staff with Iranian public figures over the years, *Secrets of the Iranian Revolution* is a unique and rare glimpse behind the scenes of one of the most turbulent modern revolutions. Mr. Manouchehr Bibiyan, the producer and president of JAAM-E-JAM Television Network, continues to be a prominent, influential, active and permanent presence in the arenas of music, culture and politics as he has for the more than fifty-three years in Iran and the United States. He was born on November 22, 1933 in Tehran. After completing high school and higher education in Tehran and Tel Aviv, he soon contributed to the field of Journalism. Prior to the Iranian Revolution, Manouchehr Bibiyan was Iran's biggest producer of Iranian music and for twenty-five years (1954-1979), he produced eighty percent of Iran's music. During the Shah's regime, Iran's national radio and television produced about ten percent of Iran's music. Therefore, throughout this period it primarily broadcast the music produced by Manouchehr Bibiyan's music company, Apollon. As President of Apollon Music Company, he introduced the most successful and celebrated Iranian singers to the Iranian public. With the cooperation of

young and talented songwriters and composers, Mr. Bibiyan introduced pop and jazz to Iranians, revolutionizing Iran's music industry. During the Iranian Revolution and with the likelihood of the imminent establishment of an Islamic republic, Manouchehr Bibiyan left Iran and established residency in Los Angeles. In 1980, he founded Pars Video in order to preserve Iranian music, language and culture outside Iran. A year later, in 1981, in response to historic necessity, he founded JAAM-E-JAM Television. This medium was a bridge between the displaced Iranians in their first few years of exile and a link to the larger community in America. Within a few short years, JAAM-E-JAM Television was broadcasting its programs nationwide and currently it broadcasts worldwide via satellite. JAAM-E-JAM Television broadcasts a program entitled Tribun-e-Azaad (Open Forum) consisting of interviews conducted by the author, Manouchehr Bibiyan, and his staff with world leaders and political figures. Open Forum became a medium for recording, preserving and presenting the secrets of history. Both Iranian and world statespersons participated in the forum. For the first time in history, Iranian statespersons from the old regime of the Shah narrated the historical events and revealed the secrets of the causes and consequences of the Iranian Revolution for the hundreds of thousands of viewers of JAAM-E-JAM Television.

**Iran-Turkey Relations, 1979-2011** Suleyman Elik, 2013-03 Both Turkey and Iran are large and important countries in the Middle East; how these two countries relate to each other is of crucial

importance both for the region and for the wider world. This book explores the diplomatic, security and energy relations of these two middle power states since 1979, analysing the impact of religious, political and social transformation on their bilateral relationship. It considers the nature of Turkey-Iran relations in the context of middle power relations theory, and goes on to look at diplomatic crises that have taken place between Turkey and Iran since 1979. The author analyses Turkey and Iran's security relations with the wider Middle East, including the Kurdish-Turkish War, the Kurdish-Iranian War and the Kurdish-Arab War, and their impact on regional politics.

**Iran under the Ayatollahs (Routledge Revivals)**

Dilip Hiro, 2013-09-05 First published in 1985, this is a comprehensive study of the Middle East's most strategic country, set against the background of the Islamic heritage of Iran and the rise and fall of the Pahlavi dynasty. Dilip Hiro describes the various phases through which the Islamic revolution has passed, gives an incisive account of the first Gulf War, and provides an historical survey of Iran's relations with the West, the Soviet bloc, and other countries of the region.

Soundtrack of the Revolution Nahid

Siamdoust, 2017-01-18 "A lovely tribute to the courage and creativity of Iran's musicians . . . filled with hope and sadness—and the universal human desire for freedom." —Joe Klein, Time Music was one of the first casualties of the Iranian Revolution. It was banned in 1979, but it quickly crept back into Iranian culture and politics. Now, more than forty years on, both the children of the

revolution and their music have come of age. Soundtrack of the Revolution offers a striking account of Iranian culture, politics, and social change to provide an alternative history of the Islamic Republic. Drawing on over five years of research in Iran, including during the 2009 protests, Nahid Siamdoust introduces a full cast of characters, from musicians and audience members to state officials, and takes readers into concert halls and underground performances, as well as the state licensing and censorship offices. She closely follows the work of four musicians—a giant of Persian classical music, a government-supported pop star, a rebel rock-and-roller, and an underground rapper—each with markedly different political views and relations with the Iranian government. Taken together, these examinations of musicians and their music shed light on issues at the heart of debates in Iran—about its future and identity, changing notions of religious belief, and the quest for political freedom. Music will continue to offer an opening for debate and defiance. As the 2009 Green Uprising and the 1979 Revolution before it have proven, the invocation of a potent melody or musical verse can unite strangers into a powerful public. “Paints a vivid portrait of the struggles over popular music in the Islamic Republic.” —Mark LeVine, author of Heavy Metal Islam
