**Control Pest Management Brisbane, Raymond
McConville**

Common Household Pests Phillip Hadlington, Christine Marsden, 1999 *Common Household Pests: A Homeowner's Guide to Detection and Control* is a companion book to the very successful *Termites and Borers: A Homeowner's Guide to Detection and Control* (also written by Phillip Hadlington and Christine Marsden). It follows the same practical, plain-English approach that has made its companion so popular. This book explores non-chemical as well as chemical means of control; includes many practical 'what to do' sections; promotes strategies of prevention as a first measure to achieve control; answers common householder questions about domestic pests; and it helps people to identify harmless and useful insects and spiders, as well as the disease-spreading and dangerous ones.

The Gardener's Guide to Common-sense Pest Control William Olkowski, Sheila Daar, Helga Olkowski, 1995 An abridged version of *Common-Sense Pest Control*, this guide offers solutions to a variety of garden problems, including aphids, slugs, moles, root maggots, cutworms, powdery mildew, crabgrass, Japanese beetles, gypsy moths and other pests. Chemical controls are suggested only as a last resort.
