The Reality of Professional Pet Sitting Suzanne Roth,1999-03-15 DO YOU OR DOES SOMEONE YOU KNOW DREAM OF WORKING WITH PETS/ANIMALS? Has PROFESSIONAL PET SITTING been considered? THE REALITY OF PROFESSIONAL PET SITTING was written mainly to help potential pet sitters decide IF they want to pursue pet sitting as a career, and goes on to give helpful advice. It helps to know the advantages and disadvantages before pouncing into pet sitting. It tells the truth, the whole truth, and nothing but the truth. A professional sitter must be ready for anything while visiting a client's home, and taking care of their pets. It is an enormous responsibility. The book provides a candid look at the author's experiences (as of 2010, she is a 20-year veteran!) - complete with illustrations and helpful advice. It is NOT just for potential sitters, however - it is said that ALL PET LOVERS WILL ENJOY IT! The book has gotten great reviews from pet lovers as young as 8!. Hopefully, it will also help enlighten pet owners to the fact that there is ANOTHER OPTION TO KENNELING their pets when they are away on a weekend escapade, a lengthy vacation, or a business trip. It will also bring to their attention that there is no need to rush home from work to walk their dog(s), since most pet sitters offer mid-day walking services.

Canine Enrichment for the Real World Allie Bender,Emily Strong,2019-11-08 In the world of dogs, there is now more awareness than ever of the need to provide enrichment, especially in shelters. But what exactly is enrichment? The concept is pretty straightforward: learn what your dog's needs are, and then structure an environment and routine that allows them to engage in behaviors they find enriching. To truly enrich your dog's life, you should offer them opportunities to engage in natural or instinctual behaviors. Aside from the limitations we have to place on a dog in today's modern, busy world, the biggest constraint to enriching your dog's life is your imagination! What the experts say about Canine Enrichment: Don't let the word "enrichment" in the title fool you into thinking that the scope of this book is too narrow or not something you will find valuable. It focuses comprehensively on meeting your dog's needs and is written in a holistic, science-based, practical, straightforward, and easy-to-understand way. I love this book! Ken Ramirez, author of Animal Training: Successful Animal Management Through Positive Reinforcement Canine Enrichment is a deep dive into what dogs really need and how we can provide it. It's a great book for dog lovers who want to go beyond the standard superficialities of "dogs need exercise." Just the chapter on agency is worth the price of the book! Patricia McConnell, Ph.D., CAAB Emeritus, author of The Other End of the Leash and The Education of Will The scope of this book is ambitious and the authors deliver, navigating the subject of enrichment with depth and relevance. Caregivers will gain critically important perspectives and practical information to improve the lives of their animals. Susan G. Friedman, Ph.D., Professor Emeritus, Utah State University, and founder of Behavior Works, LLC
