Of Heart and Mind Peter Alan Olsson M.D., In his new book, *Of Heart and Mind: A Psychiatrist's Poems*, retired physician, psychiatrist, and psychoanalyst Dr. Peter Alan Olsson shares the poetry that made his difficult career meaningful. He notes, "My personal use of poetry, or prose writing, helped me manage soul-sadness by discharging, soothing, containing or sublimating the realities of my work life in psychiatry and psychoanalysis. At a personal level, I often feel that my poems write me in an almost mystical sense. They help me heal my pain, celebrate my artistic gift and express my feelings." As he writes in his poem "My Lovely Dream Dancer": In the delicious, relaxed, loving domain before dawn, we touch like two dream dancers reluctant to awaken ... and the music of our love is too sweet to interrupt. The grasping demands of the day loom like mine fields, but become bearable because we will dance again tonight.

Alan Paton Peter F. Alexander, 1994 This first full biography of South African novelist Alan Paton, author of *Cry, the Beloved Country*, is based on exclusive access to unpublished manuscripts, love letters, and diary extracts. It paints a complex and color portrait of a passionate man and of life in South Africa, with a fascinating history of the rise, and fight against, apartheid. Photos.

A Boyish God Peter Alan Olsson, 2013-01 The playground at Saint Thomas Moore School in Houston has become a terrifying place. When Sister Agnes hears young Will's fiery funeral sermon for a dead bird, she must comfort a group of fearful students. At the forceful insistence of his teachers, Will Powers reluctantly stops his explosive sermon. Will's teacher thinks that his parents, and particularly his father, seem very troubled. The

parents won't return Sister Agnes's phone calls about similar events involving Will. School psychologist Sister Andrea Albright turns for help to a trusted psychiatrist friend, Dr. Tom Tolman. The ensuing therapy is seen from Will's perspective and the helpful adults around him. Those who would aid the boy instead reveal perspectives on psychotherapy's ability to thwart the evil of malignant self-absorption. And along the path of Will's therapy, Sister Andrea and her friend Tom find genuine love and romance. *A Boyish God* is a troubling novel with deep insights. Says the author, I was jolted to my core when I learned that a college friend's son died at the Rev. Jim Jones's side at Jonestown. Two books and over thirty years later, I am still searching for answers...especially about terror prevention. Peter Alan Olsson is a retired psychiatrist/psychoanalyst. His four published nonfiction books are *Malignant Pied Pipers of Our Time: From the Rev. Jim Jones to Osama Bin Laden*; *The Cult of Osama: Psychoanalyzing Bin Laden and His Magnetism for Muslim Youths*; *If I Knew Then What I Know Now: Advice to a Young Psychotherapist*; and *Poems Behind a Psychiatrist's Couch*.

Lullaby Town Robert Crais, 2019-10-01 "Quick, cutting wit . . . a keen ear."—The New York Times Book Review Hollywood's newest wunderkind is Peter Alan Nelsen, the brilliant, erratic director known as the King of Adventure. His films make billions, but his manners make enemies. What the boy king wants, he gets, and what Nelsen wants is for Elvis to comb the country for the wife and infant child the film-school flunkout dumped en route to becoming the third-biggest filmmaker in America. It's the kind of case Cole can handle in his sleep—until it turns out to be a nightmare. For when Cole finds Nelsen's ex-wife in a small Connecticut town, she's nothing like he expects. She has some

unwanted—and very nasty—mob connections, which means Elvis could be opening an East Coast branch of his P.I. office...at the bottom of the Hudson River. “Elvis [Cole] is the greatest . . . [he is] perhaps the best detective to come along since Travis McGee.”—San Diego Tribune “[Crais is] far better at the private-eye-novel racket than most writers.”—Newsweek

Houston's Homegrown Terror Peter Alan Olsson, 2014-03-11 Psychotherapists help police find two homegrown terrorists in the crime thriller *Houston's Homegrown Terror*. When two bombs explode at St. John's High School in Houston, psychotherapists Tom and Andrea Tolman assist their friend, Houston Police Detective Mark Lane, in the intense investigation. They need to find the terrorists before they can strike again! Andrea is a former nun who left her order to marry Tom, a psychiatrist and psychoanalyst with expertise in treating adolescents, and in understanding destructive religious cults and terrorist groups. After 9/11, the couple and the detective became friends when they helped a family threatened by the father's involvement with a Satanic cult. Now, ten years later, they are challenged by these local bombers. The story explains the depth of psychology as well as the powerful motivations of the American homegrown terrorists and their group.

The Biographies of Rechungpa Peter Alan Roberts, 2007-03-12 This book traces the lifestory of Rechungpa (1084-1161) - the student of the famous teacher Milarepa - using rare and little-known manuscripts, and discovers how the image of both Milarepa and Rechungpa underwent fundamental transformations over a period of over three centuries. Peter Alan Roberts compares significant episodes in the life of Rechungpa as portrayed in

a succession of texts, and thus demonstrates the evolution of Rechungpa's biography. This is the first survey of the surviving literature which includes a detailed analysis of their dates, authorship and interrelationships. It shows how Rechungpa was increasingly portrayed as a rebellious, volatile and difficult pupil, as a lineage from a fellow-pupil prospered to become dominant in Tibet. Written in a style that makes it accessible to broad readership, Roberts' book will be of great value to anyone with an interest in the fields of Tibetan literature, history or religion.

Shoot/Get Treasure/Repeat Mark Ravenhill, 2014-02-03 Shoot/Get Treasure/Repeat is an epic cycle of plays exploring the personal and political effect of war on modern life. The plays that make up Shoot/Get Treasure/Repeat began life at the 2007 Edinburgh Festival Fringe as Ravenhill for Breakfast (produced by Paines Plough), winning a Fringe First award, and the Jack Tinker Spirit of the Fringe award. They form a collage of very different scenes, with each taking its title from a classic work. The plays were presented in April 2008 in various venues across London, from Notting Hill to a Victorian warehouse in Shoreditch, via Sloane Square and the South Bank. Shoot/Get Treasure/Repeat was originally developed in association with the National Theatre Studio and Paines Plough, and was first produced as Ravenhill for Breakfast at the Traverse Theatre, Edinburgh in August 2007 by Paines Plough, with the support of David Johnson.

Context-Aware Systems and Applications, and Nature of Computation and Communication Phan Cong Vinh, Nguyen Ha Huy Cuong, Emil Vassev, 2018-03-15 This book constitutes the refereed post-conference proceedings of the International Conferences ICCASA and ICTCC 2017, held in November 2017 in Tam Ky City, Vietnam.

The 23 revised full papers presented were carefully selected from 31 submissions. The papers of ICCASA cover a wide spectrum in the area of context-aware-systems. CAS is characterized by its self- facets such as self-organization, self-configuration, self-healing, self-optimization, self-protection used to dynamically control computing and networking functions. The papers of ICTCC cover formal methods for self-adaptive systems and discuss natural approaches and techniques for computation and communication.

Ravenhill Plays: 3 Mark Ravenhill, 2013-10-24 'Ravenhill has more to say, and says it more refreshingly and wittily, than any other playwright of his generation' Time Out Shoot/Get Treasure/Repeat: 'A dramatic cycle that is, in its way, epic, but is splintered into many small shards... touches deftly on the impact of war on everyone involved' Financial Times Over There: 'Ravenhill explores postwar Germany's division and unification through the power battles between twin brothers. The result is fantastically clever and ingenious' Guardian A Life in Three Acts: 'By turns charming, funny, informative and, in its final segment, lump-in-the-throat moving as Bourne charts the loss of friends and lovers to Aids, and contemplates old age' Guardian Ten Plagues: 'A remarkable song-cycle... it's the portrait of grief beyond measure that's so affecting and which this moving hour of solitudinous lamentation, confusion and defiance brings beautifully to the fore.' Telegraph Ghost Story: 'both a satire and a moving story about illness' Guardian The Experiment: 'Mark Ravenhill keeps things creepy in his monologue, The Experiment, in which he plays the satiny-voiced, slippery narrator... The story, and the narrator's level of complicity, keeps shifting. Ravenhill asks us to consider which version, if any, might be acceptable, and how much we might be willing to avert our eyes from for the greater good.'

Children's Books on the Big Screen Meghann Meeusen, 2020-06-04 In *Children's Books on the Big Screen*, Meghann Meeusen goes beyond the traditional adaptation approach of comparing and contrasting the similarities of film and book versions of a text. By tracing a pattern across films for young viewers, Meeusen proposes that a consistent trend can be found in movies adapted from children's and young adult books: that representations of binaries such as male/female, self/other, and adult/child become more strongly contrasted and more diametrically opposed in the film versions. The book describes this as binary polarization, suggesting that starker opposition between concepts leads to shifts in the messages that texts send, particularly when it comes to representations of gender, race, and childhood. After introducing why critics need a new way of thinking about children's adapted texts, *Children's Books on the Big Screen* uses middle-grade fantasy adaptations to explore the reason for binary polarization and looks at the results of polarized binaries in adolescent films and movies adapted from picture books. Meeusen also digs into instances when multiple films are adapted from a single source such as *The Wonderful Wizard of Oz* and ends with pragmatic classroom application, suggesting teachers might utilize this theory to help students think critically about movies created by the Walt Disney corporation. Drawing from numerous popular contemporary examples, *Children's Books on the Big Screen* posits a theory that can begin to explain what happens—and what is at stake—when children's and young adult books are made into movies.

Invasion of the Bible Thumpers Skookum Maguire, 2007-10 Drawing upon his personal experiences while living and working in the Pacific Northwest, Skookum Maguire creates a compelling collection of short stories depicting the lives of ordinary people in this majestic part of the United States. Each story vividly examines the struggles of our daily lives. In the title story, *Invasion of the Bible Thumpers*, a business owner strives to save his livelihood, his marriage, and his home, only to be undermined by a trusted employee. *A Time for Mourning* chronicles the story of Harley, a lovesick logger, and a tragic accident that follows. *Invasion of the Bible Thumpers* is a literary roller-coaster ride down the emotional tracks of love, fear, and triumph, artfully positioning modernity against human individualism.

Growing into My Genes Neil Rudin, 2010-10-04 Sensing that he is beckoned by his ancestors to help preserve their memories, the author embarks on a fascinating journey to discover more about his Eastern-European Yiddish heritage and to bring his ancestors to life. Growing up in the 40's and 50's in Detroit as the only child and grandchild of an immigrant family steeped in old country culture, his maternal grandparents became his closest friends. The portrayal of the author's idyllic childhood from the innocent perspective of a youth, creates a realistic context tinged with tenderness, pathos, and humor. Most of the reminiscences are presented in a short story format. The stories are supplemented by a useful genealogical appendix outlining the processes the author

employed. The appendix also contains several historical essays focusing on the socio-political background of the period as well as an interesting essay on the history and importance of Yiddish in this culture. The unique integration of memoirs, genealogical research and historical studies enhances and enriches our ability to understand the full context of this ancestral heritage. In his case, the author was able to grasp the full significance of his family history and its profound influence on his life.

Reaching Key Financial Reporting Decisions Stella Fearnley, Vivien Beattie, Tony Hines, 2011-08-04 The regulatory framework for financial reporting, auditing and governance has changed radically in recent years, as a result of problems identified from the Enron scandal and more recently from the drive to implement global standards. In a key regulatory change, a company audit committee is now expected to play a significant

role in agreeing the contents of the financial statements and overseeing the activities of the auditors. Finance Directors, Audit Committee Chairs and Audit Engagement Partners are required to discuss and negotiate financial reporting and auditing issues, a significant process leading to the agreement of the published numbers and disclosures, and to the issuing of the auditor's report which accompanies them, but which is entirely unobservable by third parties. *Reaching Key Financial Reporting Decisions: How Directors and Auditors Interact* is a fascinating, behind-the-scenes examination of this closed process. The authors draw on the results of face to face interviews, and an extensive survey of finance directors, audit committee chairs and audit partners, and present nine company case studies highlighting the process of discussion and negotiation and the methods by which the agreed financial reporting outcome was reached. Detailed analysis of the case studies: Allows those involved in the process to benchmark their behaviours against those of others Enables a comparison between the previous and current regulatory environments to see what has changed, and sheds light on the sorts of behaviours the current regulatory framework encourages Evaluates the effectiveness of the changed regulatory regime, providing evidence relevant to current policy debates concerning the value of audit, IFRS and the relative merit of rules-based versus principles-based accounting standards in relation to professional judgement and compliance The unprecedented access and unique insights offered by this book make it invaluable for audit firm staff and partners, audit committee chairs and company directors involved in agreeing the published financial statements, as well as those who have an interest in the financial statements, but do not have access to the negotiation process.
