Antonius C. G. M. Robben

Argentina Betrayed Antonius C. G. M. Robben, 2018-04-25 This riveting analysis of the aftermath of Argentina's massive disappearances uncovers a dynamic of trust and betrayal that has driven relentless confrontations between the state, the military, former insurgents, and bereaved relatives about how to remember, mourn, and punish atrocities committed against fellow citizens.

Unsettling Accounts Leigh A. Payne, 2008-01-11 An Argentine naval officer remorsefully admits that he killed thirty people during Argentina's Dirty War. A member of General Augusto Pinochet's intelligence service reveals on a television show that he took sadistic pleasure in the sexual torture of women in clandestine prisons. A Brazilian military officer draws on his own experiences to write a novel describing the military's involvement in a massacre during the 1970s. The head of a police death squad refuses to become the scapegoat for apartheid-era violence in South Africa; he begins to name names and provide details of past atrocities to the Truth Commission. Focusing on these and other confessions to acts of authoritarian state violence, Leigh A. Payne asks what happens when perpetrators publicly admit or discuss their actions. While mechanisms such as South Africa's Truth and Reconciliation Commission are touted as means of settling accounts with the past, Payne contends that public confessions do not settle the past. They are unsettling by nature. Rather than reconcile past violence, they catalyze contentious debate. She argues that this debate—and the public confessions that trigger it—are healthy for democratic processes of political participation, freedom of expression, and the contestation of political ideas. Payne draws on interviews, unedited television film, newspaper archives, and books written by perpetrators to analyze confessions of state violence in Argentina, Chile, Brazil, and South Africa. Each of these four countries addressed its past through a different institutional form—from blanket amnesty, to conditional amnesty based on confessions, to judicial trials. Payne considers perpetrators' confessions as performance, examining what they say and what they communicate nonverbally; the timing, setting, and reception of their confessions; and the different ways that they portray their pasts, whether in terms of remorse, heroism, denial, or sadism, or through lies or betrayal.

Political Violence and Trauma in Argentina Antonius C. G. M. Robben, 2010-11-24 For decades, Argentina's population was subject to human rights violations ranging from the merely disruptive to the abominable. Violence pervaded Argentine social and cultural life in the repression of protest crowds, a ruthless counterinsurgency campaign, massive numbers of abductions, instances of torture, and innumerable assassinations. Despite continued repression, thousands of parents searched for their disappeared children, staging street protests that eventually marshaled international support. Challenging the notion that violence simply breeds more violence, Antonius C. G. M. Robben's provocative study argues that in Argentina violence led to trauma, and that trauma bred more violence. In this work of superior scholarship, Robben analyzes the historical dynamic through which Argentina became entangled in a web of violence spun out of repeated traumatization of political adversaries. This violence-trauma-violence cycle culminated in a cultural war that disappeared more than ten thousand people and caused millions to live in fear. *Political Violence and Trauma in Argentina* demonstrates through a groundbreaking multilevel analysis the process by which different historical strands of violence coalesced during the 1970s into an all-out military assault on Argentine society and culture. Combining history and anthropology, this compelling book rests on thorough archival research; participant observation of mass demonstrations, exhumations, and reburials; gripping interviews with military officers, guerrilla commanders, human rights leaders, and former disappeared captives. Robben's penetrating analysis of the trauma of Argentine society is of great importance for our understanding of other societies undergoing

similar crimes against humanity.

The Darkening Nation Ignacio Aguiló, 2018-04-12 • It analyses culture during the Argentinian crisis from an interdisciplinary angle (literature, cinema, art and music). • Wide-ranging material: 'highbrow' art (Leonel Luna), popular culture (cumbia villera), cultural products that challenge these distinctions (César Aira, Martín Rejtman), and political art (Grupo de Arte Callejero). • The only book in English to focus comprehensively on race and nation in contemporary Argentina from a cultural studies perspective. • A broad understanding of the crisis (late 1990s to mid-2000s), which implies a more comprehensive account of this event. • Due to its analysis of white middle-class identity in Argentina, the book is also a contribution to the emerging field of whiteness studies in Latin America. • The book looks at a trend that would eventually affect the US and Europe in the aftermath of the 2008 financial crisis: how disaffection caused by neoliberalism triggered in people a concern with national identity which, in many cases, led to a rise of nativism and racism (e.g. Brexit, Trump's election).

Matériel Culture Colleen M. Beck, William Gray Johnson, John Schofield, 2003-09-02 Matériel culture encompasses the material remains of conflict, from buildings and monuments to artefacts and militia, as well as human remains. This collection of essays, from an international range of contributors, illustrates the diversity in this material record, highlights the difficulties and challenges in preserving, presenting and interpreting it, and above all demonstrates the significant role matériel culture can play in contemporary society. Among the many studies are: * the 'culture of shells' * the archaeology of nuclear testing grounds * Cambodia's 'killing fields' * the Berlin Wall * and the biography of a medal * the reappearance of Argentina's 'disappeared' * World War II concentration camps.

Argentina Jill Hedges, 2011-06-30 In the early 20th century, Argentina possessed one of the world's most prosperous economies, yet since then Argentina has suffered a series of boom-and-bust cycles that have seen it fall well behind its regional neighbours. At the same time, despite the lack of significant ethnic or linguistic divisions, Argentina has failed to create an over-arching post-independence national identity and its political and social history has been marred by frictions, violence and a 50-year series of military coups d'etat. In this book, Jill Hedges analyses the modern history of Argentina from the adoption of the 1853 constitution until the present day, exploring political, economic and social aspects of Argentina's recent past in a study which will be invaluable for anyone interested in South American history and politics.

Executive Decree Authority John M. Carey, Matthew Soberg Shugart, 1998-05-13 This book offers a theory that predicts when executives should turn to decree and when legislatures should accept this method of policy-making.

Borderlands Hastings Donnan, Thomas M. Wilson, 2012-07-10 This book examines how different kinds of security and insecurity manifest and interconnect at state borders, encompassing the personal and the political, the social and the economic, in ways that reinforce or undermine the identities of those whose lives these borders frame.

The Routledge Companion to Indigenous Repatriation Cressida Fforde, C. Timothy McKeown, Honor Keeler, 2020-03-05 This volume brings together Indigenous and non-Indigenous repatriation practitioners and researchers to provide the reader with an international overview of the removal and return of Ancestral Remains. The Ancestral Remains of Indigenous peoples are today housed in museums and other collecting institutions globally. They were taken from anywhere the deceased can be found, and their removal occurred within a context of deep power imbalance within a colonial project that had a lasting effect on Indigenous peoples worldwide. Through the efforts of First Nations campaigners, many have returned home. However, a large number are still retained. In many countries, the

repatriation issue has driven a profound change in the relationship between Indigenous peoples and collecting institutions. It has enabled significant steps towards resetting this relationship from one constrained by colonisation to one that seeks a more just, dignified and truthful basis for interaction. The history of repatriation is one of Indigenous perseverance and success. The authors of this book contribute major new work and explore new facets of this global movement. They reflect on nearly 40 years of repatriation, its meaning and value, impact and effect. This book is an invaluable contribution to repatriation practice and research, providing a wealth of new knowledge to readers with interests in Indigenous histories, self-determination and the relationship between collecting institutions and Indigenous peoples.

Queering Acts of Mourning in the Aftermath of Argentina's Dictatorship Cecilia Sosa, 2014 Shows how the experience of violence in Argentina shed light on a new sense of being together that goes beyond bloodline ties.

Borders, Conflict Zones, and Memory Donna R. Gabaccia, Franca Iacovetta, 2018-12-07 This volume pays tribute to Luisa Passerini, whose scholarship has had a major impact on feminist and other scholars around the world. First known internationally for developing new conceptual approaches to oral history and memory studies based on the recognition of the subjective nature of memory, Passerini has more recently written about autobiography, the history of emotions and concepts of belonging in Europe, and reimagining a more inclusive Europe. In this book, scholars from North America, South America and Europe engage Passerini's groundbreaking insights into the nature of subjectivity, intersubjectivity, autobiography, and love in relation to the themes of borders, emotions, and memory. The contributions deal with topics including Mennonite refugee women's food memories; the testimonies of far-left Chilean women who survived brutal sexualized violence; and memories of the war between East and West Pakistan, and India and Pakistan. Other contributions to the volume situate and reflect on Passerini's career-encompassing scholarship. Passerini speaks with the editors of her latest work on oral and visual memories of human movement, and also offers a thoughtful response to the essays, whose authors represent a transnational and multi-generational group of scholars. This book was originally published as a special issue of *Women's History Review*.

Reinventing the Family in Uncertain Times Marie-Pierre Moreau, Catherine Lee, Cynthia Okpokiri, 2023-08-10 This edited volume looks at the reproduction and transformation of family norms in contemporary times. Set against a context of far-right politics calling for a return to more conservative identity politics and family norms, and building on late 20th century social movements which challenged

essentialist and functionalist understandings of identities and families, it considers a variety of non-traditional family structures. Written by scholars based in Argentina, Ghana, Italy, Portugal, the UK, and the USA, the chapters question what 'counts' as a family in contemporary times and considers how the discourses of power which operate in institutional and geographical contexts impact how families are recognized and valued. The book includes analysis of non-traditional and non-heteronormative families such as single-parent families, childless families, families with animal companions, LGBTQ families, families across the Global South, mixed heritage families and families of friends. Drawing on post-structuralist, critical, and feminist theories the contributors discuss how power relationships linked to gender, class, ethnicity, sexuality, dis/ability and other in/equalities intersect and operate in defining what counts as a family.

Contemporary Hispanic Crime Fiction G. Close, 2016-04-30 This study examines representations of the cityscape and of a so-called new urban violence in both detective-centered and detectiveless crime fiction produced in Spanish America and Spain during recent decades. It documents the emergence and permutations of this production as an index not only of local perceptions of contemporary urban experience and of a contemporary urban ecology of fear, but also as a transnational index of the globalization of literary forms and markets. It centers on the inscription of urban space in novels set in the metropolitan centers of the Hispanic World: Mexico City, Bogota, Buenos Aires, and Barcelona.

The American Detective Novel in Translation Daniel Peter LINDER MOLIN, 2011-09-01 Empleando una metodología propia de los estudios descriptivos de traducción, se analiza un corpus de cuatro novelas del autor norteamericano Raymond Chandler (The Big Sleep, 1939; Farewell, My Lovely, 1940; The Little Sister, 1949; y The Long Goodbye, 1954) y las traducciones al español publicadas en Argentina y España.

Racism and Discourse in Latin America Van Teun A. Dijk, 2009-10-26 Racism and Discourse in Latin America investigates how public discourse is involved in the daily reproduction of racism in Latin America. The essays examine political discourse, mass media discourse, textbooks and other forms of text, and talk by the white symbolic elites, looking at the ways these discourses express and confirm prejudices against indigenous people and against people from African descent. The essays show that ethnic and racial inequality in Latin America continue to exacerbate the chasm between the rich and the poor, despite formal progress in the rights of minorities during the last decades. Teun A. van Dijk brings together a multidisciplinary team of linguists and social scientists from eight Latin American countries (Mexico, Guatemala, Colombia, Venezuela, Brazil, Argentina, Chile, and Peru), creating the first work in English that provides comprehensive insight into discursive racism across Latin America.

Shakespeare in the World of Communism and Socialism Irena Makaryk, Joseph G Price, 2013-12-11 The works of William Shakespeare have long been embraced by communist and socialist governments. One of the central cultural debates of the Soviet period concerned repertoire, including the usefulness and function of pre-revolutionary drama for the New Man and the New Society. Shakespeare survived the byzantine twists and turns of Soviet cultural politics by becoming established early as the Great Realist whose works should be studied, translated, and emulated. This view of Shakespeare as a humanist and realist was transferred to a host of other countries including East Germany, Hungary, Poland, China, and Cuba after the Second World War. Shakespeare in the Worlds of Communism and Socialism traces the reception of Shakespeare from 1917 to 2002 and addresses the relationship of Shakespeare to Marxist and communist ideology. Irena R. Makaryk and Joseph G. Price have brought together an internationally-renowned group of

theatre historians, practitioners, and scholars to examine the extraordinary conjunction of Shakespeare and ideology during a fascinating period of twentieth-century history. Roughly historical in their arrangement, the essays in this collection suggest the complicated and convoluted trajectory of Shakespeare's reputation. The general theme that emerges from this study is the deeply ambivalent nature of communist Shakespeare who, like Feste's 'chev'ril glove,' often simultaneously served and subverted the official ideology. Contributors: Alexey Bartoshevitch Laura Raidonis Bates Maria Clara Versiani Galery Lawrence Guntner Werner Habicht Maik Hamburger Martin Hilský Krystyna Kujawska-Courtney Irena R. Decolonizing Patagonia Lucas Savino, 2022-02-25 In *Decolonizing Patagonia: Mapuche Peoples and State Formation in Argentina*, Lucas Savino examines Indigenous efforts for self-determination, territorial autonomy, and decolonization in Northern Patagonia, Argentina. Through an analysis of the ways in which Mapuche activists organize in particular localities in the province of Neuquén, this book contributes to broader theoretical understandings of collective identity formation and Indigenous activism under multicultural neoliberal regimes of citizenship. Building on interdisciplinary contributions on state formation, citizenship, and collective identity formation, Savino demonstrates that territorial struggles and the importance of the local political level are crucial for understanding how collective identities are configured.

Populism and Ethnicity Raanan Rein, 2020-06-03 Juan Perón's decade-long regime, from 1946 to 1955, is often presented as Nazi-fascist and antisemitic – claims that are strongly rooted in Argentina's collective unconscious and popular culture. Challenging this widely held view, Raanan Rein asserts that there was greater Jewish support for Perón than previously believed, and that fewer antisemitic incidents took place in Argentina during Perón's rule than during any other period in the twentieth century. Recovering the silenced voices of Jewish Argentines who supported Peronism from the beginning, *Populism and Ethnicity* is a historical, sociological, and political analysis that describes the many positive changes experienced by the Jewish community as a direct result of Perón's presidencies. Perón and his wife Eva gave numerous speeches denouncing antisemitism, and Perón's Argentina was the first Latin American country to open an embassy in the newly established State of Israel. Arguing that no president before Perón so unambiguously rejected discrimination against Jews, Rein shows that many Jews secured more important posts in government in the 1940s and 1950s than in previous years, among them members of the Argentine Jewish Organization, which became a section of the ruling Peronist party. Deconstructing the myth of antisemitism during Perón's regime, *Populism and Ethnicity* looks deep into the heart of international memory for the truth behind Jewish-Argentine relations.
