THE POLICE OFFICER'S GUIDE TO OPERATING AND SURVIVING IN LOW-LIGHT AND NO-LIGHT CONDITIONS Tony L. Jones,2002-01-01 The majority of crimes occur during the hours of darkness, and fully two-thirds of all shooting incidents in which police officers on duty are killed take place during hours of diminished light. The goal of this unique book is to increase officers' awareness that training in low-light and no-light conditions is necessary in order for them to prevail in such situations, to help facilitate correct decision making under these conditions, and to help them understand the use of a myriad of illumination tools available for professional use today. Major topics include: (1) dim-light and no-light doctrine, including navigation techniques, threat location, threat acquisition, and threat identification; (2) flashlight doctrine, including many examples of engaging a threat using a flashlight; (3) low-light weapon sighting systems; (4) techniques used for signalling during dim-light and no-light conditions; and (5) illumination technologies supporting tactical and emergency operations, including infrared systems, thermal imagers, night vision systems, strobe lights, and lasers. Through the use of the techniques described throughout this unique and comprehensive book, the skill, professionalism, and ability of police officers to operate and survive in dim-light, no-light, and artificial light conditions will be enhanced

Phony Ghost Stories Dennis Ford,2023-12-22 Dare if you will to accompany the Ghost Righter, Desmond St. John, his rational collaborator, Duff Cooper, and Ella Nostrova, their Belorussian trance medium, as they free the drear departed trapped in the Forever Purgatory of the Bardo realm. In five shocking encounters, The Ghost Righter rescues— ~ The groping ghost in the Lincroft Inn ~ Atheist ghosts who left this world while unblessing a road in Deland ~ A chain-smoking ghost who haunts the children of Dumberton ~ A narcissist ghost who, out of loyalty to the boss, topples a Mafia family ~ Moldy Girl, a vengeful ghost intent on slaying the men of Downer's Grove Readers, be warned—"God's other door" opens in both directions. The Cosmic Veil that separates this world from the otherworld is crossable. The afterlife is not Summerland. There is no joy in being dead. If the dead

remain in the earth's plane for too long, they become malevolent has-beings. Even the righteous dead turn into hateful things. Say your prayers. Confess your sins. Carry cloves of garlic. Clutch jars of Holy Water. Clutch the jars tightly. Keep the lights on when you encounter these ghosts. All the lights. All the time.

An Dantomine Eerly Jarret Richard Devlin Middleton,Jarret Middleton,2010-09-11 As the Irish-American poet Dallin lays dying, he recalls the surreal geography and traumatic events that lead him to the end. An absence in a wind-beaten house suggests a past but somehow still-looming tragedy; vacancy fills a ghostly barroom and the campus of a condemned university; city streets and desolated forests are populated by no one except the formulations of Dallin's own mind. The ailed poet and his beautifully haunting wife Aisling flee an obscure political persecution that culminates in her planned murder. The impact of her death afflicts Dallin in ways he cannot comprehend and spirals him into his meeting with the mythic celestial escort, An Dantomine Eerly.

Hauntings and Poltergeists James Houran,Rense Lange,2015-08-13 Few people can claim the distinction of experiencing first-hand such occurrences as hauntings and the presence of poltergeists, but countless numbers of people are fascinated by these unexplainable events. Written by the world's most knowledgeable authorities in this field, the essays in this work promote a better understanding of the manifestations of and various

reasons for hauntings and poltergeist phenomena. The experts come from such backgrounds as anthropology, history, philosophy, psychiatry, and sociology, and provide sober yet highly readable in-depth discussions of numerous ideas and rationalizations for hauntings and poltergeists, from a critical and scientific perspective. Divided into three major sections--sociocultural, physical and physiological, and psychological perspectives--this work provides an overview of each perspective and also addresses the general psychology of belief in the paranormal and how that belief relates to experiences with ghosts and poltergeists.
