Magandang Gabi, Bayan Estelle Marie M.

Ladrido, 2017 Why do we get the news we get? This question starts an in-depth exploration of news production practices at Philippine commercial and government television networks. The book reveals that news workers are vulnerable to flows of internal and external power relations in their quest to provide relevant news to audiences. Ladrido does this through: content analysis of news programs; newsroom observations; accompanying beat and general assignment reporters during coverage; and formal and informal interviews with executives, news gathering, and production staff. In their response to power, government and commercial news workers develop varying meanings and practices to journalism values such as public service and autonomy as they work to maintain their authority to be, through their stories, the public's access point to the nation. Ladrido presents the behind-the-scenes, push-and-pull of power within the exclusive world of broadcast news production, which ultimately determines what we see on the news--Back cover.

Scratch the News Cristina De Pastor, 2005 What I learned from writing for the Philippine News from 1999-and Filipinas magazine much later-is that in triumph and tragedy, Filipinos have always found a way to figure prominently in the news. Scratch the news and chances are a Filipino is wedged

somewhere between the folds; he could be the whistleblower, the witness, the victim, the suspect, or the casual bystander. While writing about my community, I've seen how Filipinos and Filipino Americans manage to mix and mingle in the mainstream and try their best to stay out of trouble. The badge model minority seems to apply to our people. Somehow it couldn't be helped. Our vast number will find a way to push us to the forefront of the news, whether we like it or not. It could be the soldier in Iraq awarded for his bravery, or the nurse who helped save lives in 9/11. Whoever they are, Scratch the News honors their lives.

Filipino-American Citizens News ,1949

Filipinos in Hawaii ,1981

Pinoy Capital Benito Vergara,2009 Home to 33,000 Filipino American residents, Daly City, California, located just outside of San Francisco, has been dubbed "the Pinoy Capital of the United States." In this fascinating ethnographic study of the lives of Daly City residents, Benito Vergara shows how Daly City has become a magnet for the growing Filipino American community. Vergara challenges rooted notions of colonialism here, addressing the immigrants' identities, connections and loyalties. Using the lens of transnationalism, he looks at the "double lives" of both recent and established Filipino Americans. Vergara explores how first-generation Pinoys experience homesickness precisely because Daly City is filled with reminders of their homeland's culture, like newspapers, shops and festivals. Vergara probes into the complicated, ambivalent feelings these

immigrants have—toward the Philippines and the United States—and the conflicting obligations they have presented by belonging to a thriving community and yet possessing nostalgia for the homeland and people they left behind.

Subversive Lives Susan F. Quimpo, Nathan Gilbert Quimpo, 2016-07-29 From the 1960s to the 1990s, seven members of the Quimpo family dedicated themselves to the anti-Marcos resistance in the Philippines, sometimes at profound personal cost. In this unprecedented memoir, eight siblings (plus one by marriage) tell their remarkable stories in individually authored chapters that comprise a family saga of revolution, persistence, and, ultimately, vindication, even as easy resolution eluded their struggles. *Subversive Lives* tells of attempts to smuggle weapons for the New People's Army (the armed branch of the Communist Party of the Philippines); of heady times organizing uprisings and strikes; of the cruel discovery of one brother's death and the inexplicable disappearance of another (now believed to be dead); and of imprisonment and torture by the military. These stories show the sacrifices and daily heroism of those in the movement. But they also reveal its messy legacies: sons alienated from their father; daughters abused by the military; friends betrayed; and revolutionary affection soured by intractable ideological differences. The rich and distinctive contributions span the martial law years of Ferdinand Marcos's rule. *Subversive Lives* is a riveting and accessible primer for those unfamiliar with the era, and a resonant history

for those with a personal connection to what it meant to be Filipino at that time, or for anyone who has fought political repression.

Filipino American Psychology Kevin L. Nadal Ph. D., Kevin L. Nadal, 2010 Filipino Americans are projected to become the largest Asian American population by 2010. As the second largest immigrant group in the country, there are approximately 3 million documented and undocumented Filipino Americans in the US.

Filipino Americans are unique in many ways. They are descendants of the Philippines, a country that was colonized by Spain for over three centuries and by the US for almost 50 years. They are the only ethnic group that has been categorized as Asian American, Pacific Islander, Hispanic, and even as their own separate ethnicity. Because of diverse phenotypes, they are often perceived as being Asian, Latino, multiracial, and others. And contrary to the Model Minority Myth, Filipino Americans have experienced several health, psychological, and educational disparities, including lower college graduation rates and higher levels of cardiovascular disease, diabetes, obesity, teen pregnancy, HIV/AIDS, substance abuse, depression, and suicide. Despite these disparaging statistics, Filipino Americans have made significant contributions to the US, ever since their first arrivals in October 1587- from their involvement in the United Farmworkers Movement to their roles in hip-hop culture and their presence in medicine, education, and the arts. However, Filipino Americans have also been referred to as the Forgotten Asian Americans

because of their invisibility in mainstream media, academia, and politics. *Filipino American Psychology: A Collection of Personal Narratives* offers an intimate look at the lives of Filipino Americans through stories involving ethnic identity, colonial mentality, cultural conflicts, and experiences with gender, sexual orientation, and multiraciality. Writers courageously address how they cope with mental health issues- including depression, anxiety, post-traumatic stress, and suicide. Theories and concepts from the book's predecessor, *Filipino American Psychology: A Handbook of Theory, Research, and Clinical Practice* can be applied through the voices of a diverse collection of Filipino Americans.

Magandang Gabi, Bayan Estelle Marie Ladrido, 2014

Bound by War Christopher Capozzola, 2020-07-28 A sweeping history of America's long and fateful military relationship with the Philippines amid a century of Pacific warfare Ever since US troops occupied the Philippines in 1898, generations of Filipinos have served in and alongside the US armed forces. In *Bound by War*, historian Christopher Capozzola reveals this forgotten history, showing how war and military service forged an enduring, yet fraught, alliance between Americans and Filipinos. As the US military expanded in Asia, American forces confronted their Pacific rivals from Philippine bases. And from the colonial-era Philippine Scouts to post-9/11 contractors in Iraq and Afghanistan, Filipinos were crucial partners in the exercise of US power. Their service reshaped Philippine society and politics and brought thousands of Filipinos to

America. Telling the epic story of a century of conflict and migration, *Bound by War* is a fresh, definitive portrait of this uneven partnership and the two nations it transformed.

Some People Need Killing Patricia

Evangelista,2023-10-17 New York Times Book Review

Editors' Choice • A "journalistic masterpiece"

(The New Yorker) about a nation careening into violent autocracy—told through harrowing stories of the Philippines' state-sanctioned killings of its citizens—from a reporter of international renown "Tragic, elegant, vital . . . Evangelista risked her life to tell this story."—Tara

Westover, #1 New York Times bestselling author of *Educated* ONE OF THE NEW YORK TIMES BOOK REVIEW'S TEN BEST BOOKS OF THE YEAR A BEST BOOK OF THE YEAR: The New Yorker, Time, The Economist, Chicago Public Library "My job is to go to places where people die. I pack my bags, talk to the survivors, write my stories, then go home to wait for the next catastrophe. I don't wait very long."

Journalist Patricia Evangelista came of age in the aftermath of a street revolution that forged a new future for the Philippines. Three decades later, in the face of mounting inequality, the nation discovered the fragility of its democratic institutions under the regime of strongman Rodrigo Duterte. *Some People Need Killing* is Evangelista's meticulously reported and deeply human chronicle of the Philippines' drug war. For six years, Evangelista chronicled the killings carried out by

police and vigilantes in the name of Duterte's war on drugs—a war that has led to the slaughter of thousands—immersing herself in the world of killers and survivors and capturing the atmosphere of fear created when an elected president decides that some lives are worth less than others. The book takes its title from a vigilante whose words seemed to reflect the psychological accommodation that most of the country had made: "I'm really not a bad guy," he said. "I'm not all bad. Some people need killing." A profound act of witness and a tour de force of literary journalism, *Some People Need Killing* is also a brilliant dissection of the grammar of violence and an important investigation of the human impulses to dominate and resist.

Plundering Paradise Robin Broad, John

Cavanagh, 1994-08-29 An account of the ongoing environmental devastation in the Philippines

Resistance to the Spanish-American and Philippine Wars Charles Quince, 2017-10-04

Following the sinking of the USS Maine in Havana Harbor in 1898, pro-war arguments in the American press led public opinion to favor engaging in the Spanish-American War--or so goes the popular version of events. Yet there was a substantial anti-imperialist segment of the public that tried to halt the advance towards conflict. Drawing on contemporary sources, the author analyzes the anti-war arguments that preceded the Spanish-American War and continued during the war in the Philippines. News articles, letters to editors, opinion pieces and the yellow journalism of the day show how anti-war groups ultimately failed to stop a war with Spain.

Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can
		14. Embracing eBook Trends ◦ Integr ation of Multim edia	

now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Philippine News books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Philippine News books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase

several of them for educational or professional purposes. By accessing Philippine News versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Philippine News books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you

can access a vast library of resources on any subject imaginable. Whether youre a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are

designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Philippine News books and manuals, several

platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Philippine News

books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many

universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library

of America, which provides a vast collection of digitized books and historical documents. In conclusion, Philippine News books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by

educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Philippine News books and manuals for download and embark on your journey of knowledge?

**FAQs About
Philippine News
Books**

- | | | |
|---|---|--|
| <p>1. Where can I buy Philippine News books? Bookstores : Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in</p> | <p>physical and digital formats.</p> <p>2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers.
