Essays into Vietnamese Pasts K. W. Taylor, John K. Whitmore, 2018-05-31 Essays that demonstrate ways to read the pasts of Vietnam through detailed analyses of its art, chronicles, legends, documents, and monuments. The book's many voices undermine the idea of a single Vietnamese past. All the essays, while varied, are connected by their common concerns with language and text.

Hành Trình Văn Hoá: A Journey Through Vietnamese Culture Tri C. Tran, Minh-Tam Tran, 2013-12-02 This intermediate textbook continues to develop students' skills in listening, speaking, reading, and writing Vietnamese at the second-year language learning level. The book is presented as a linguistic and cultural journey of a family through twelve selected cities in Vietnam. Each chapter is organized into sections on dialogue, grammar, reading, practice exercises, and vocabulary.

Continuing Vietnamese Binh Nhu Ngo, 2021-02-16 Quite simply the most serious early intermediate textbook currently available for thoughtful American students at the university level.--Professor Stephen O'Harrow, Director, Center for Southeast Asian Studies, University of Hawai'i at Manoa This is a second-year, intermediate Vietnamese language course designed for high school, college or self-study. Continuing Vietnamese is your next step toward master; it follows the best-selling, linguistically-based Elementary Vietnamese, and helps you progress to an intermediate level of communicating in Vietnamese. Invaluable for anyone planning to travel, study or work in Vietnam, this complete language course has been extensively tested at Harvard University. The accompanying native-speaker audio helps to develop listening comprehension and ensure correct pronunciation. The book contains ten lessons, each composed of two parts. Part 1, the dialogue part, introduces the learner to conversational Vietnamese as it's currently spoken in Hanoi so that the learner will be able to participate in engaging conversation on a variety of topics. Part 2, the narrative part, includes written materials that are characteristic of formal Vietnamese. It aims to develop the learner's reading and writing skills as well as speaking skills. The lessons focus on various aspects of life in present-day Vietnam, including topics such as culture, history, geography, economy, theater, music, tourism, literature, poetry, cinema and sports. Each lesson helps you to learn Vietnamese by building your Vietnamese proficiency using several complementary elements to thoroughly develop your skills in reading, writing, listening and speaking. Key features of Continuing Vietnamese include: Online audio recordings offering native speakers' renditions of all the dialogues and narratives, vocabulary, grammar and usage explanations, everyday Vietnamese expressions, pronunciation drills and exercises, and even some popular Vietnamese proverbs. Exercises and practice activities which hone your skills throughout the learning process. Cultural notes that help bring Vietnam to life. A contemporary focus on today's Vietnamese speech patterns. A format that sharpens all four language skills: listening, speaking, writing and reading. All media content is alternatively accessible on the Tuttle Publishing website.

Culture, Ritual and Revolution in Vietnam Shaun Kingsley Malarney, 2020-01-10 Originally published in 2002 Culture, Ritual and Revolution in Vietnam is a study of the history and consequences of the revolutionary campaign to transform culture and ritual in northern Vietnam. Based upon official documents and several years of field research in Thinh Liet Commune, a Red River delta community near Hanoi, it provides the first detailed account of the nature of revolutionary cultural reforms in Vietnam as how those reforms continue to animate contemporary socio-cultural life. The study examines the key foci of revolutionary cultural change, such as the articulation of a new moral system, the attempts to eliminate explanations that invoke supernatural causality, the creation of socialist weddings and funerals, and the development of innovation ties to commemorate war dead. By examining debates over culture, ritual, and morality that have emerged between residents, notably between men and women, and party members and non-party

members, the study shows how ideas and values that preceded the revolution have entered into a creative dialogue with those that were articulated by the revolution, and how this has produced an innovative set of ritual and other practices, particularly since the relaxation of the cultural reform agenda in the post-1986 period.
