The Call of Cthulhu H. P. Lovecraft,2023-08-31 The Call of Cthulhu by H. P. Lovecraft is a short story by American writer H. P. Lovecraft. Written in the summer of 1926, it was first published in the pulp magazine *Weird Tales* in February 1928. Plot: The story consists of three interconnected parts, and is presented as notes belonging to Francis Thurston, a Boston resident investigating the ancient deity Cthulhu. The first part, *The Horror in Clay*, concerns a mysterious clay bas-relief depicting Cthulhu. Thurston finds the bas-relief among the belongings of his great-uncle Professor Angell. The bas-relief was created by sculptor Henry Wilcox in March 1925 while half-asleep. At the time Wilcox was haunted by mysterious visions of Cyclopean cities. Angell also discovered reports of local residents – primarily artists, sculptors, architects, and others of a sensitive psyche – experiencing similar nightmares during that period. The next morning, Wilcox was amazed by his creation and took it to Angell, who noted that the bas-relief was reminiscent of a figurine seized by police from members of a New Orleans religious sect in 1907. In the second chapter, *The Tale of Inspector Legrasse*, police officer John Legrasse reports at an archaeological society's symposium on his participation in a raid of a sect worshipping Cthulhu, from which the figurine was confiscated. The sect's actions were described as depraved and blasphemous. Local residents feared the sect's orgies, and claimed that human sacrifices were made at these orgies. A team of officers led by Legrasse arrived at the scene in search of several missing squatters. The police detained several sect members, but interrogation yielded little result, as the degraded and insane members stubbornly defended the truth of their cult. One sectarian, Old Castro, proclaimed that Cthulhu's time would come when the stars take a certain position. A phrase chanted by the sect turns out to have been previously used by a tribe of Eskimos, as revealed by one of the symposium's participants.

The Days of Afrekete Asali Solomon,2021-10-19 “I didn't feel like I was reading this novel—I felt like I was living it.” —Ann Patchett, author of *The Dutch House* From award-winning author Asali Solomon, *The Days of Afrekete* is a tender, surprising novel of two women at midlife who rediscover themselves—and perhaps each other, inspired by Mrs. Dalloway, Sula, and Audre Lorde's *Zami* Liselle Belmont is having a dinner party. It seems a strange occasion—her husband, Winn, has lost his bid for the state legislature—but what better way to thank key supporters than a feast? Liselle was never sure about her husband becoming a politician, never sure about the limelight, never sure about the life of fundraising and stump speeches. Then an FBI agent calls to warn her that Winn might be facing corruption charges. An avalanche of questions tumbles around her: Is it possible he’s guilty? Who are they to each other; who have they become? How much of herself has she lost—and was it worth it? And just this minute, how will she make it through this dinner party? Across town, Selena Octave is making her way through the same day, the same way she always does—one foot in front of the other, keeping quiet and focused, trying not to see the terrors all around her. Homelessness, starving children, the very living horrors of history that made America possible: these and other thoughts have made it difficult for her to live an easy life. The only time she was ever really happy was with Liselle, back in college. But they’ve lost touch, so much so that when they ran into each other at a drugstore just after Obama was elected president, they barely spoke. But as the day wears on, memories of Liselle begin to shift Selena’s path. Inspired by Mrs. Dalloway and Sula, as well as Audre Lorde’s *Zami*, Asali Solomon’s *The Days of Afrekete* is a deft, expertly layered, naturally funny, and deeply human examination of two women coming back to themselves at midlife. It is a watchful celebration of our choices and where they take us, the people who change us, and how we can reimagine ourselves even when our lives seem set.

When Species Meet Donna J. Haraway,2013-11-30 In 2006, about 69 million U.S. households had pets, giving homes to around 73.9 million dogs, 90.5 million cats, and 16.6 million birds, and spending more than 38 billion dollars on companion animals. As never before in history, our pets are truly members of the family. But the notion of “companion species”—knotted from human beings, animals and other organisms, landscapes, and technologies—includes much more than “companion animals.” In *When Species Meet*, Donna J. Haraway digs into this larger phenomenon to contemplate the interactions of humans with many kinds of critters, especially with those called domestic. At the heart of the book are her experiences in agility training with her dogs Cayenne and Roland, but Haraway’s vision here also encompasses wolves, chickens, cats, baboons, sheep, microorganisms, and whales wearing video cameras. From designer pets to lab animals to trained therapy dogs, she deftly explores philosophical, cultural, and biological aspects of animal-human encounters. In this deeply personal yet intellectually groundbreaking work, Haraway develops the idea of companion species, those who meet and break bread together but not without some indigestion. “A great deal is at stake in such meetings,” she writes, “and outcomes are not guaranteed. There is no assured happy or unhappy ending-socially, ecologically, or scientifically. There is only the chance for getting on together with some grace.” Ultimately, she finds that respect, curiosity, and knowledge spring from animal-human associations and work powerfully against ideas about human exceptionalism.

Limbo Alfred Lubrano,2010-12-22 In *Limbo*, award-winning journalist Alfred Lubrano identifies and describes an overlooked cultural phenomenon: the internal conflict within individuals raised in blue-collar homes, now living white-collar lives. These people often find that the values of the working class are not sufficient guidance to navigate the white-collar world, where unspoken rules reflect primarily upper-class values. Torn between the world they were raised in and the life they aspire too, they hover between worlds, not quite accepted in either. Himself the son of a Brooklyn bricklayer, Lubrano informs his account with personal experience and interviews

with other professionals living in limbo. For millions of Americans, these stories will serve as familiar reminders of the struggles of achieving the American Dream.
