Research-Practice Partners Assess Their First Joint Project Suzanne L. Wenzel,2008-05 Two investigators joined forces to test an intervention to improve services for patients with co-occurring mental disorders. The researchers¿ applied theoretical understanding & the counselors¿ intimacy with patient responses combined to strengthen the intervention. However, counselors¿ discomfort with some protocols & changes reflecting the dynamic nature of the community-based research setting complicated the study execution & interpretation. The intervention improved the counselors¿ ability to identify & respond appropriately to patients¿ co-occurring disorders. The experience also demonstrated the advisability of consulting collaboratively with clinic staff during the planning of studies & the pre-testing of study protocols. Chart.

The Royals Next Door Karina Halle,2021-08-31 One of PopSugar's Top Summer Reads of 2021! An ordinary summer goes royally awry when a prince and princess move next door, bringing their handsome bodyguard with them, from New York Times bestselling author Karina Halle. Piper Evans: elementary school teacher by day--avid romance reader and anonymous podcaster by night. She has a quiet, reclusive life, taking care of her mother, who lives with mental illness, avoiding her regrettable ex, who bartends in town, and trying to make inroads in the tight-knit island community that still sees her, five years in, as an outsider. And she's happy with how things are--really--until British royals rent the property next to hers and their brooding bodyguard decides she's a security threat. Piper quickly realizes that one person's fairy tale is an ordinary woman's nightmare as a media frenzy takes over the island and each run-in with Harrison Cole is hotter and more confusing than the last. But beneath Harrison's no-nonsense exterior lies a soft heart, one that could tempt a woman who's sworn off attachments into believing in white knights. But when Piper finds herself smack in the middle of a royal scandal that rocks the island she'll need more than Harrison's strong arms to shield her--she'll have to do a little rescuing herself. With careers, hearts, and friendships on the line, Piper and Harrison will have to decide what they're willing to give up for a chance at their own happily ever after.
