Moments of Grace Laurie Blefeld, 2018-04-18 Sharing our stories, who we are, what we love, how we feel, why we fear, connects us to one another. Weaving moments of grace with spiritual practices that have grounded her through life's challenges, Laurie Blefeld invites the reader into her sacramental stories. You will find yourself in Laurie's stories and reclaim bits and pieces of your own. Our days are a stream of moments - some devastating, some down to earth and some filled with ineffable meaning. Laurie Blefeld has written a book full of tender moments that warm the heart and remind us to be grateful for and conscious of how laced with grace our lives really are. This is a book to enjoy and treasure. -Gunilla Norris, author of *Sheltered in the Heart* and *Companions on the Way: A Little Book of Heart-full Practices* Laurie's transformational stories, told in her authentic and lyrical voice, are evocative of the highs and lows in everyone's life. Laurie's generous prose connects us to her family's living history - and through it to our own. She is a natural spiritual teacher. *Moments of Grace* is luminous, warm, comforting and filled with such good practices. - Dr. Joan Borysenko, from the Foreword

The Courage Habit Kate Swoboda, 2018-05-01 What kind of life would you live if you didn't allow your fears to hold you back? The Courage Habit offers a powerful program to help you conquer your inner critic, work toward your

highest aspirations, and build a courageous community. Are your fears preventing you from living the life you truly want? Do you ever wish that you had a better job, lived in a different city, or had more authentic and nurturing relationships? Many people believe that they would do more, accomplish more, and feel more fulfilled if only they could rid themselves of that fearful inner voice that constantly whispers, "you can't do it." In *The Courage Habit*, certified life coach Kate Swoboda offers a unique program based in cognitive behavioral therapy (CBT) and acceptance and commitment therapy (ACT) to help you act courageously in spite of fear. By identifying your fear triggers, releasing yourself from your past experiences, and acting on what you truly value, you can make courage a daily habit. Using a practical four-part program, you'll learn to understand the emotions that arise when fears are triggered, and to pause and evaluate your emotional state before you act. You'll discover how to listen without attachment to the self-defeating messages of your inner critic, understand the critic's function, and implement respectful boundaries so that your inner voice no longer controls your behavior. You'll reframe self-limiting life narratives that can—without conscious awareness—dictate your day-to-day decisions. And finally, you'll nurture more authentic connections with family, friends, and community in order to find support and reinforce the life changes you're making. If you feel like something is holding you back from landing your dream job, moving to a new city, having a satisfying love relationship, or simply taking advantage of all life has to offer—and if you have a sneaking suspicion that that something is you—then this one-of-a-kind guide will show you how to finally break free from self-doubt and start living your best life.

The Paris of Toulouse-Lautrec Henri de Toulouse-Lautrec,Sarah J. S. Suzuki,2014 Though deeply engaged with painting and drawing, Toulouse-Lautrec's lasting contribution to artistic practice was as a graphic artist. Through his prints and posters, advertisements, and contributions in reviews and magazines, he brought the language of the late-nineteenth-century French avant-garde to a broad public. He ushered in the first print boom of the modern era; taking advantage of lithography's new potential for colour and scale, he made both posters for the streets of Paris and prints for the new bourgeois collector's living room. During his short career, he created more than 350 prints and 30 posters, as well as lithographed theatre programmes and covers for books and sheet music. The Museum of Modern Art's collection of this material is stellar, encompassing over 100 prints and posters, his most important book projects, and many magazines, journals and other examples of printed ephemera. Featuring an overview essay by Sarah Suzuki, Associate Curator in the Department of Drawings and Prints at MoMA, this publication presents thematically organized groupings of Toulouse-Lautrec's prints from the Museum's collection, each accompanied by an illuminating essay on the theme.

Antifascisms David Ward,1996 This book is an in-depth analysis of three of the most crucial years in twentieth-century Italian history, the years 1943-46. After more than two decades of a Fascist regime and a disastrous war experience during which Italy changed sides, these years saw the laying of the political and cultural foundations for what has since become known as Italy's First Republic. Drawing on texts from the literature, film, journalism, and political debate of the period, Antifascisms offers a thorough survey of the personalities and positions that informed the decisions taken in this crucial phase of modern Italian history.

Maw #1 Jude Ellison S. Doyle,2021-09-15 What happens when one woman becomes the real monster society has always made her out to be? Dragged by her sister Wendy to a feminist retreat on the remote island of Angitia, Marion Angela Weber hopes to gain some perspective and empowerment... that isn't at the bottom of a bottle. But everything is horribly derailed after an assault on their first night there. The violent encounter awakens something in Marion she never imagined, triggering warped mutations in her body, and awakening a hunger she can't bring herself to name. When the townsfolk react with suspicion and violence, what unforgivable act will transform Marion into the very monster they've made her out to be?

#SoBasic Sara Celi, Marion Archer, 2018-12-19 Life was going great. I had a job at one of the best TV stations in the city, a huge online following, friends I loved, and a future so bright I needed designer shades to dull the glare. Until the day it all fell apart. Losing my job was the first in an epic string of events that left me questioning everything. Did I really want to work in TV news? What would happen if I made a career change? Who would I be if I did? And most of all, did Mr. Sexy-and-brooding-in-the-apartment-upstairs actually like me, or not? I needed answers--fast. Life had once seemed **#SoBasic**, and now it wasn't at all. Not even close. Could I figure it all out while keeping my pride, and my high heels, in tact?
