The Future of Fact ,1998

Letters from Madelyn Elaine K. Sanchez,2016 Madelyn Kubin was a 70-year-old Kansas farm wife. She appeared to be fragile

because of her thinning white hair, macular degeneration, osteoporosis, congestive heart failure, and severe hearing loss. But when her husband Quentin suffered a debilitating stroke, she was forced to summon all of her physical, emotional, and spiritual strengths in order to care for him at home. Madelyn managed her isolation, loneliness, and stress by going to her computer, disengaging her emotional monitor, and writing letters to her daughter Elaine. Madelyn's story of faith, courage, and love is told through her unflinchingly honest and surprisingly funny letters written in real time over the course of six-and-a-half years. Although she prayed every day that she would be a willing channel for God's love and compassion, there were plenty of days she felt like telling God to go find himself another servant. Madelyn wrote unabashedly about her anger, guilt, depression, and grief. When Quentin displayed dementia-related inappropriate sexual behavior, Madelyn eventually learned how to handle it with grace and humor. She was an example of how it is possible, even in the very worst end-of-life situations, to experience mental and spiritual growth.

Without Utterance Ruth Codier Resch, 2012 The catastrophe of losing language is told by a lover of observation willing to dig deep into essential memories of self. The author tells the tender, sometimes horrifying present lived without language, visions of an uncertain future, and unexpected creativity from the chaos. To speak at all was to locate the fewest words to express anything. Returning to language and writing the author uses spare sensory language in vivid touching ways to evoke her experiences for the reader. Non-verbal languages are surprising and transformative parts of her journey through art, music, body practices, and mysticism These Tales are for anyone who loves a journey, stories that incite the imagination, to experience the unthinkable. These are Tales for those who have calamitous chaotic events and illnesses in their lives who yearn to see affirmation that life is, in fact, possible, with possibilities not dreamed, despite circumstances.

The Power of I Believe Robert Lee Fields, 2011-04-13 This book is based on my writings in the journals I kept over six years. I have always had a strong belief in God. These writings reflect my spiritual nature. I wrote this book because many people who have had a stroke do not find the motivation they need during recovery. Family members do not know what to do for them. I thought about my own self and how I was motivated during my recovery. These writings are from my journals that have helped me with my recovery. I am Author & Motivational Speaker for post-stroke recovery to help and inspire others and a Small Business Enterprise: The Power of I Believe, A book of motivation, encouragement and inspirational thoughts after a stroke, a Christian-themed book written to help stroke survivors and others touched by a disability regain their faith and strength as they recover and move forward with their lives. Though I wrote this book with stroke survivors in mind, the feedback I have received through my blog and Facebook page has shown me that The Power of I Believe is a source of inspiration for anyone who needs it. Everyone experiences doubt at some point whether in themselves or in God and this is especially true after a sudden and traumatic event. I know from experience. In December 2006 I experienced a sudden stroke, which left me battling aphasia. As part of my recovery, I returned to the journals I had kept for many years to find the same inspiration that had motivated me throughout my life. Through these meditations, I came to understand The Power of I Believe. Many people who have a stroke simply do not find the motivation they need during recovery. And this is not an experience unique to stroke survivors; anyone struggling with a disability, or even a difficult time in their life, can find it hard to muster the strength they need. The Power of I Believe is written for these people. The Power of I Believe means making the choice to accomplish your goals it means having the determination to keep striving and the faith to know that you will succeed. In this book, I share the thoughts and the inspirations that gave me the determination and faith to keep working to overcome my aphasia and

recover from my stroke. My reflections focus on the power of God, the power of faith, and the power of the mind. Through these inspirational words and thoughts and through my faith, I found the personal strength preserve. I am now back riding my bike, playing golf, swimming, and going to the fitness center. While most books for stroke survivors focus on specific exercises and tasks that will help a survivor to recover and regain functioning, The Power of I Believe is focused on instilling the strength and faith necessary during the recovery process. www.robertleefields.com/

My Stroke of Luck Kirk Douglas, 2003-01-07 My stroke taught me so much, and for all that it stole, it gave me even more. In the process of healing, my life has changed for the better. Now I want to share what I have learned. In this vivid and very personal reflection upon his extraordinary life as an actor, author, and legend in his own time, Kirk Douglas offers a candid and heartfelt memoir of where it all went right in his life -- even after suffering a debilitating stroke. Revealing not only the incredible physical and emotional toll of his stroke but how it has changed his life for the better, Douglas shares the lessons that saved him and helped him to heal. Alongside his heartfelt advice and insight, he also recalls warm memories of some of the most famous figures of our time -- including Burt Lancaster, Michael J. Fox, and Gary Cooper -- as well as others who have soared to greatness in the face of adversity. Charming, soulful, and filled with personal photographs, My Stroke of Luck is an intimate look at the real person behind the fabulous talent -- and at a life lived to its very fullest.
