The Big Book of Quotes M. Prefontaine, 2015-10-19 The Big Book of Quotes is a collection of over 3,500 quotations from some of the greatest minds that ever existed. This is a book which you can just pick up anytime and carry on where you left off last time. It is for those who want to pep up a speech, a presentation or an email and for those who just want to jump start their brains with thought provoking or amusing quotations. The essence of the best quotes are that they express a truth or an insight in a short and often amusing way. Thoughts expressed succinctly have tremendous power. They can inspire and motivate, they can get a message across and they can provide insight. I hope this book will prove useful, amusing and the quotes will resonate with you.

Fifteen Thousand Useful Phrases Grenville Kleiser, 2015-03-17 The study of words, phrases, and literary expressions is a highly interesting pursuit. There is a reciprocal influence between thought and language. What we think molds the words we use, and the words we use react upon our thoughts. Hence a study of words is a study of ideas, and a stimulant to deep and original thinking. We should not, however, study sparkling words and sonorous phrases with the object of introducing them consciously into our speech. To do so would inevitably lead to stiltedness and superficiality. Words and phrases should be studied as symbols of ideas, and as we become thoroughly familiar with them they will play an unconscious but effective part in our daily expression.

Positive Quotes for Every Day Patricia Lorenz, 2010-01-01 Positive Quotes for Every Day contains an inspiring quote for each day of the year, and each

quote is followed by a reflection and an action step to help keep the reader focused on the positive throughout the year. This book presents quotations that will comfort and encourage readers, no matter what circumstances they encounter each day. Varied sources are quoted, from Aristotle to Mark Twain to Mohandas Gandhi to Mae West. Positive Quotes for Every Day not only presents the reader with brilliant quotes, it gives readers action steps to help readers apply the quotes to their daily lives. This title explores various circumstances, emotions, and themes--from dealing with grief to handling disappointment to finding joy in the little things every day. Positive Quotes for Every Day is portable, and a ribbon bookmark is attached.

150 Really Useful English Phrases Jenny Smith, 2018-02-21 Do you want to become more fluent in English? Do you want to understand everyday language

and not just 'textbook' English? I taught English for many years and saw that many students get stuck at the high beginner/intermediate stage. They learn the basics and then can't move forward. This problem used to really frustrate me because I had lots of excellent students who were just stuck and eventually they would give up. I thought for a long time about what was wrong and then decided that it wasn't that the student didn't have ability but that what they were studying and how they were studying was not effective. I saw that even though they had good basic English they would read textbooks full of their native language (not English). I used to think 'why are they reading all this German etc about English and not just reading English instead. I decided to see if I could fix this problem. I started assigning students homework like 'watch this English drama with subtitles and then without' or 'read a short article every night for a month'. I found the results were amazing. My students started becoming much more fluent and confident. This convinced me that the best way to become fluent was to read or watch real English that was interesting to the students. So I started writing short stories using easy to understand English mixed with idioms and phrasal verbs that native English speakers use all the time. In this book I have added explanations in English so you don't mix up English and German in your mind. I have also included easy to understand examples which I recommend you note down in your notebook so you can remember them easily. In my opinion, learning idioms, phrasal verbs and useful phrases is the best way to move your English forward as you will be using the vocabulary that English speakers use every day. If you would like to become more fluent and understand everyday English phrases then get started today and press the button on the top right.
