Freedom, Reason, and the Polis: Volume 24, Part 2 David Keyt, Fred D. Miller (Jr.), 2007-07-02 What is the nature of law? Does our obligation to obey the law extend to unjust laws? From what source do lawmakers derive legitimate authority? What principles should guide us in the design of political institutions? These essays by prominent contemporary philosophers explore how these questions were addressed by ancient political thinkers. Classical theories of human nature and their implications for political theory are examined, as is the meaning of freedom and coercion in Plato's thought and his idea that philosophers should be political rulers. Other essays ask what we can learn from ancient thinkers like Aristotle about the principles of constitutional design or the limits of political obligation.

The Condition of England Question Michael Levin, 1998-07-15 The book views the 'hungry forties' through the writings of the conservative Thomas Carlyle, the liberal John Stuart Mill and the socialist Friedrich Engels. It is unsurprising that one of the most fraught decades of modern British history produced socio-political literature of such interest and intensity. The rapid growth of industrial cities, the emergence of working-class organizations and rising middle class power as well as revolutions abroad in 1848 made this a tumultuous time. These writers provide extensive, diverse and high quality reflections on the tensions produced in this key period of transition to an industrial, democratic society.

At Freedom's Edge William Cohen, 1991 Cohen presents a thorough treatment of the efforts of the freedmen's Bureau to restructure the southern labor system, showing how heavily this organization was influenced by questions involving black mobility.

The Enchanted Quest of Dana and Ginger Lamb Huffman Klinkowitz, Julie, Jerome Klinkowitz, 2009-10-20 Bestselling authors, sensational lecturers, documentary filmmakers, amateur archaeologists, spies for FDR--Dana and Ginger Lamb led the life of Indiana Jones long before the movie icon was ever scripted. We blaze the trail, Ginger said, and the scientists follow. The Enchanted Quest of Dana and Ginger Lamb is the first biography of this captivating, entrepreneurial couple. In southern California, they started married life in 1933 by building a canoe. With only \$4.10 in their pockets, they paddled to Central America and through the Panama Canal. Three years later they returned triumphant, bearing a photographic record of the amazing trek that made them famous. After releasing their bestselling book, *Enchanted Vagabonds*, the two became exactly that. They relentlessly lectured for the public and mooned for the media until they were able to fund more exotic voyages to remote jungles and rivers. So convincing were they on the circuit that their most powerful fan, President Franklin Roosevelt, coerced J. Edgar Hoover into hiring the Lambs as spies in Mexico. After World War II, they launched their Quest for the Lost City, which yielded another book and documentary. Drawing on historical records, the Lambs'

books and letters, and recently declassified espionage documents, biographers Julie Huffman-Klinkowitz and Jerome Klinkowitz show how the Lambs succeeded in marketing their conquests and films to armchair explorers around the world and how they became, in popular imagination, the quintessential American adventurers.

Jewish Pirates of the Caribbean Edward Kritzer,2009-11-03 In this lively debut work of history, Edward Kritzer tells the tale of an unlikely group of swashbuckling Jews who ransacked the high seas in the aftermath of the Spanish Inquisition. At the end of the fifteenth century, many Jews had to flee Spain and Portugal. The most adventurous among them took to the seas as freewheeling outlaws. In ships bearing names such as the Prophet Samuel, Queen Esther, and Shield of Abraham, they attacked and plundered the Spanish fleet while forming alliances with other European powers to ensure the safety of Jews living in hiding. Filled with high-sea adventures—including encounters with Captain Morgan and other legendary pirates—Jewish Pirates of the Caribbean reveals a hidden chapter in Jewish history as well as the cruelty, terror, and greed that flourished during the Age of Discovery.

Delia Webster and the Underground Railroad Randolph Paul Runyon,2014-07-11 In this captivating tale, Randolph Paul Runyon follows the trail of the first woman imprisoned for assisting runaway slaves and explores the mystery surrounding her life and work. In September 1844, Delia Webster took a break from her teaching responsibilities at Lexington Female Academy and accompanied Calvin Fairbank, a Methodist preacher from Oberlin College, on a Saturday drive in the country. At the end of their trip, their passengers—Lewis Hayden and his family—remained in southern Ohio, ticketed for the Underground Railroad. Webster and Fairbank returned to a near riot and jail cells. Webster earned a sentence to the state penitentiary in Frankfort, where the warden, Newton Craig, married and a father, became enamored of her and was tempted into a compromising relationship he would come to regret. Hayden reached freedom in Boston, where he became a prominent businessman, the ringleader in the courthouse rescue of a fugitive slave, and the last link in the chain of events that led to the Harpers Ferry Raid. Webster, the focal point at which these lives intersect, remains an enigma. Was she, as one contemporary noted, A young lady of irreproachable character? Or, as another observed, a very bold and defiant kind of woman, without a spark of feminine modesty, and, withal, very shrewd and cunning? Runyon has doggedly pursued every historical lead to bring color and shape to the tale of these fascinating characters.
