Invisible Romans Robert C. Knapp,2011 Robert Knapp brings invisible inhabitants of Rome and its vast empire to life. He seeks out the ordinary men, housewives, prostitutes, freedmen, slaves, soldiers, and gladiators, who formed the fabric of everyday life in the ancient Roman world, and the outlaws and pirates who lay beyond it. He finds their own words preserved in literature, letters, inscriptions and graffiti and their traces in the nooks and crannies of the histories, treatises, plays and poetry created by members of the elite. He tracks down and pieces together these and other tell-tale bits of evidence cast off by the visible mass of Roman history and culture, and in doing so recreates a world lost from view for two millennia. We see how everyday Romans sought to survive and thrive under the afflictions of disease, war, and violence, and to control their fates before powers that variously oppressed and ignored them. Chapters on each of the main groups reveal how their worlds were linked in need, dependence, exploitation, hope and fear. Slaves and ex-soldiers merge into the world of the outlaw; slaves become freedmen; the sons of freedmen enlist as soldiers; and the concerns of women transcend every boundary. We see them all at last in the tumult of a great empire that shaped their worlds as it reshaped the wider world around them.

Garden of Sins Maria O'Hara,Don Both,2021-05-10 I will manipulate your head and he will manipulate your body - until there is nothing left of you. Until you are completely addicted - until you can only think of us and nothing else matters to you. Until you are completely obsessed with us. There is no good and evil with us. No dark or light. With us, there is only the abyss. If you are ready to fall, let us push you off. Do not say we did not warn you - and do not expect us to catch you. Nevertheless, the fall will be unforgettable, baby girl. Are you ready? Caden and Carter Rush

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

The First Collection of Criticism by a Living Female Rock Critic Jessica Hopper,2015-05-12 Jessica Hopper's music criticism has earned her a reputation as a firebrand, a keen observer and fearless critic not just of music but the culture around it. With this volume spanning from her punk fanzine roots to her landmark piece on R. Kelly's past, The First Collection leaves no doubt why The New York Times has called Hopper's work influential. Not merely a selection of two decades of Hopper's most engaging, thoughtful, and humorous writing, this book documents the last 20 years of American music making and the shifting landscape of music consumption. The book journeys through the truths of Riot Grrrl's empowering insurgence, decamps to Gary, IN, on the eve of Michael Jackson's death, explodes the grunge-era mythologies of Nirvana and Courtney Love, and examines emo's rise. Through this vast range of album reviews, essays, columns, interviews, and oral histories, Hopper chronicles what it is to be truly obsessed with music. The pieces in The First Collection send us digging deep into our record collections, searching to re-hear what we loved and hated, makes us reconsider the art, trash, and politics Hopper illuminates, helping us to make sense of what matters to us most.
