Don't Unplug Chris Dancy, 2018-09-18 Chris Dancy, the world's most connected person, inspires readers with practical advice to live a happier and healthier life using technology In 2002, Chris Dancy was overweight, unemployed, and addicted to technology. He chain-smoked cigarettes, popped pills, and was angry and depressed. But when he discovered that his mother kept a record of almost every detail of his childhood, an idea began to form. Could knowing the status of every aspect of his body and how his lifestyle affected his health help him learn to take care of himself? By harnessing the story of his life, could he learn to harness his own bad habits? With a little tech know-how combined with a healthy dose of reality, every app, sensor, and data point in Dancy's life was turned upside down and examined. Now he's sharing what he knows. That knowledge includes the fact that changing the color of his credit card helps him to use it less often, and that nostalgia is a trigger for gratitude for him. A modern-day story of rebirth and redemption, Chris' wisdom and insight will show readers how to improve their lives by paying attention to the relationship between how we move, what we eat, who we spend time with, and how it all makes us feel. But Chris has done all the hard work: *Don't Unplug* shows us how we too can transform our lives.

Experimenting with Ethnography Andrea Ballester, Brit Ross Winthereik, 2021-05-28 *Experimenting with Ethnography* collects twenty-one essays that open new paths for doing ethnographic analysis. The contributors—who come from a variety of intellectual and methodological traditions—enliven analysis by refusing to take it as an abstract, disembodied exercise. Rather, they frame it as a concrete mode of action and a creative practice. Encompassing topics ranging from language and the body to technology and modes of collaboration, the essays invite readers to focus on the imaginative work that needs to be performed prior to completing an argument. Whether exchanging objects, showing how to use drawn images as a way to analyze data, or working with smartphones, sound recordings, and social media as analytic devices, the contributors explore the deliberate processes for pursuing experimental thinking through ethnography. Practical and broad in theoretical scope, *Experimenting with Ethnography* is an

indispensable companion for all ethnographers. Contributors. Black Feminism in Qualitative Inquiry Venus E. Evans-Winters, 2019-02-13
 Recently, Black women have taken the world stage in national politics, popular culture, professional sports, and bringing attention to racial injustice in policing and the judicial system. However, rarely are Black women acknowledged and highlighted for their efforts to understand the social problems confronting our generation and those generations that came before us. In the post-civil rights era, research faculty and theoreticians must acknowledge the marginalization of Black women scholars' voices in contemporary qualitative scholarship and debates. *Black Feminism in Qualitative Inquiry: A Mosaic for Writing our Daughter's Body* engages qualitative inquiry to center the issues and concerns of Black women as researcher(s) and the researched while simultaneously questioning the ostensible innocence of qualitative inquiry, including methods of data collection, processes of data analysis, and representations of human experiences and identities. The text centers daughtering as the onto-epistemological tool for approaches to Black feminist and critical race data analysis in qualitative inquiry. Advanced and novice researchers interested in decolonizing methodologies and liberatory tools of analysis will find the text useful for cultural, education, political, and racial critiques that center the intersectional identities and interpretations of Black women and girls and other people of color. Daughtering as a tool of analysis in Black feminist qualitative inquiry is our own cultural and spiritual way of being, doing, and performing decolonizing work.

Snap Belinda Bauer, 2018-07-03 A teenage boy hunts for his mother's killer in this Man Booker Prize-longlisted novel by "the true heir to the great Ruth Rendell" (Mail on Sunday, UK). Just before Jack's mother disappeared up the road to get help, she put the eleven-year-old boy in charge of his two sister. As they wait for her on the shoulder of the road in their stifling, broken-down car, the three children bicker, whine and play I-Spy. But their mother never comes back. And after that long, hot summer's day, nothing will ever be the same again. At fifteen-years-old, Jack is still in charge—supporting his sisters any way he can while evading social services. Meanwhile, a young woman across town wakes to find a knife beside her bed, and a note reading I could of killed you. The police are tracking a mysterious burglar they call Goldilocks, for his habit of sleeping in the beds of the houses he robs. But the woman doesn't see the point of involving the police. And Jack, very suddenly, may be on the verge of finding out who killed his mother. The Gold Dagger Award-winning author of *Blacklands* reaffirms her reputation for masterful, twisty crime fiction with this "unnerving suspense novel" (Marilyn Stasio, *The New York Times*).

Lucky Charming Kate Chastain, 2016-12-16 Blissfully shallow and carefree, Kate Chastain was your typical twenty something college co-ed. Well, until reality gave her a wake-up call in the form of a diploma, that is. At a crossroads after graduation, a serendipitous coincidence convinced Kate to abandon life as she knew it and jump feet first into the world of working on mega yachts. At first, she stumbled her way through life as a stewardess, just trying to adjust to her new surroundings and clumsily 'learning the ropes' via trial and error. Like shit-tons of error. But now, nearly ten years and a hit reality show later, Kate is finally ready to share the good, the bad, and the downright shocking details about her life at sea with the world's most rich and famous. It was 2008 and we were anchored off of St. Tropez. I had only been a yachtie for two seasons at the time when I turned to the Captain's wife, and said, You know, I could write a book about all of insane things we see working on these boats.....the sex, the money, the celebrities.... My older, more experienced coworker rolled her eyes and laughed then was quick to dismiss my silly idea, Kate, of course we could all write a book about what we see on yachts. We've all said it for years.....but, if you actually did that, you would never get hired on another yacht again. She went back to polishing the crystal wine glass in her hand and I was confused for a second. But Stacie, if so many people knew about the book that I couldn't get a yacht job, would I still really need one?
