**What's a Cellphilm?** Katie MacEntee,Casey Burkholder,Joshua Schwab-Cartas,2016-07-27 What's a Cellphilm? explores cellphone video production for its contributions to participatory visual research. There is a rich history of integrating participants' videos into community-based research and activism. However, a reliance on camcorders and digital cameras has come under criticism for exacerbating unequal power relations between researchers and their collaborators. Using cellphones in participatory visual research suggests a new way forward by working with accessible, everyday technology and integrating existing media practices. Cellphones are everywhere these days. People use mobile technology to visually document and share their lives. This new era of democratised media practices inspired Jonathan Dockey and Keyan Tomaselli to coin the term cellphilm (cellphone + film). The term signals the coming together of different technologies on one handheld device and the emerging media culture based on people's use of cellphones to create, share, and watch media. Chapters present practical examples of cellphilm research conducted in Canada, Hong Kong, Mexico, the Netherlands and South Africa. Together these contributions consider several important methodological questions, such as: Is cellphilm a new research method or is it re-packaged participatory video? What theories inform the analysis of cellphilms? What might the significance of frequent advancements in cellphone technology be on cellphilms? How does our existing use of cellphones inform the research process and cellphilm aesthetics? What are the ethical dimensions of cellphilm use, dissemination, and archiving? These questions are taken up from interdisciplinary perspectives by established and new academic contributors from education, Indigenous studies, communication, film and media studies.

**Twelve Years a Slave** Solomon Northup,2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Urban Dictionary covers the language that encompasses the trials and tribulations that anyone under 30 encounters--and leaves everyone over 30 scratching their heads but wanting to know more.

**The Song Machine: Inside the Hit Factory** John Seabrook,2015-10-05 An utterly satisfying examination of the business of popular music. –Nathaniel Rich, The Atlantic There's a reason today's ubiquitous pop hits are so hard to ignore—they're designed that way. The Song Machine goes behind the scenes to offer an insider's look at the global hit factories manufacturing the songs that have everyone hooked. Full of vivid, unexpected characters—alongside industry heavy-hitters like Katy Perry, Rihanna, Max Martin, and Ester Dean—this fascinating journey into the strange world of pop music reveals how a new approach to crafting smash hits is transforming marketing, technology, and even listeners' brains. You'll never think about music the same way again. A Wall Street Journal Best Business Book

**Achtung-Panzer!** Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

**Fresh from the Farm 6pk** Rigby,2006

**I Will Survive** Gloria Gaynor,2014-03-11 I Will Survive is the story of Gloria Gaynor, America's Queen of Disco. It is the story of riches and fame, despair, and finally salvation. Her meteoric rise to stardom in the mid-1970s was nothing short of phenomenal, and hits poured forth that pushed her to the top of the charts,

including Honey Bee, I Got You Under My Skin, Never Can Say Goodbye, and the song that has immortalized her, I Will Survive, which became a #1 international gold seller. With that song, Gloria heralded the international rise of disco that became synonymous with a way of life in the fast lane - the sweaty bodies at Studio 54, the lines of cocaine, the indescribable feeling that you could always be at the top of your game and never come down. But down she came after her early stardom, and problems followed in the wake, including the death of her mother, whose love had anchored the young singer, as well as constant battles with weight, drugs, and alcohol. While her fans always imagined her to be rich, her personal finances collapsed due to poor management; and while many envied her, she felt completely empty inside. In the early 1980s, sustained by her marriage to music publisher Linwood Simon, Gloria took three years off and reflected upon her life. She visited churches and revisited her mother's old Bible. Discovering the world of gospel, she made a commitment to Christ that sustains her to this day.

**Studies in Motion** Kevin Kerr, 2014-01-12 The stop-motion sequences of pioneer photographer Eadweard Muybridge captured the moving body on film for the first time and laid the foundation for modern cinema. Yet the man behind the camera lived a life filled with Victorian melodrama: infidelity, jealousy, betrayal, murder, and an abandoned child. Tried for murder after killing his wife's lover, he was acquitted on the basis of justifiable homicide. Those events, which predate his subsequent obsession with stopping time and freezing motion, become the ghosts that haunt Muybridge in the fictional world of Governor General's Award-winning dramatist Kevin Kerr's play, *Studies in Motion*. Cast of 4 women and 8 men.
