Huden er guden Jon Anders Halvorsen, 2018-09-27
Huden er kroppens største organ. Det er også et av de mest fascinerende. Det beskytter oss mot infeksjoner, former vår identitet og gir oss sanseopplevelser. I Huden er guden tar den anerkjente hudlegen Jon Anders Halvorsen oss med på en spennende reise med huden gjennom livsløpet. Han skildrer og forklarer babyhud, ungdommens skjønnhet og akne, rynker og overdreven soling, før fortellingen ender i alderdommen, og til sist på disseksjonssalen. Med en blanding av populærvitenskap, pasienthistorier og praktiske råd, gir Huden er guden assosiasjoner til medisinske bestselgere som Sjarmen med tarmen, Hjernen er stjernen og Gleden med skjeden. Det er en bok både for dem som vil vite mer om hvordan huden kan holdes sunn og frisk, og til dem som er nysgjerrige på et av våre viktige organer.

Menopocalypse Amanda Thebe, 2020-10-20 A kick-ass book on menopause. Do yourself a favor and pick up this gem. Dr. Jen Gunter, bestselling author of *The Vagina Bible* and *The Menopause Manifesto* Menopause and perimenopause are no laughing matter—but that doesn't stop Amanda Thebe from approaching her 50s with a sense of humor. In this hilarious and personal account, the fitness trainer shares how she lost weight, dealt with her depression, improved her sleep, and overhauled her

diet to survive-and thrive—during menopause. Now you can, too! Includes a Bonus Strength Training Guide for Women Over 40 At a time when menopause has become an urgent topic of public discussion, with the likes of Michelle Obama revealing their struggles for the first time, personal trainer Amanda Thebe shares her journey with bold and big-hearted writing that will be familiar to readers of Glennon Doyle. Readers will come away from the book with: -A better understanding of your own hormones and how they factor in menopause and your overall health; Confidence to speak your truth about your menopause symptoms to your doctor, other health professionals, your family, and friends; -Zero bull-sh*t tips for nutrition, fitness, vagina health, sex, and more. Amanda Thebe was working as a personal trainer and fitness coach when, at age 43, she started experiencing debilitating exhaustion, dizziness, and depression. The busy mother of two boys was used to traveling the world and climbing mountains. Now, she struggled to climb out of bed. After several failed doctors appointments, Thebe saw her gynaecologist, who finally named the source of her struggles: perimenopause, the period of 5-10 years before menopause, when a woman's fluctuating estrogen levels put her at risk of depression, anxiety, headaches, and more ailments related to female hormone health. Empowered by information, Thebe began her journey back to her former self, overhauling her approach to diet, mental health, and exercise. In Menopocalypse, she explains how to deal with migraines, hot flashes, weight gain, exhaustion, poor sleep, vaginal

dryness, and mood swings-offering tips that have worked for her and others. She shares information about hormone therapy. She even shares her own strength-training routine, complete with a suggested workout schedule, easy-to-follow instructions, and pictures of herself doing the exercises, so you can feel empowered, fit, and ready to tackle the day. Menopause isn't fun, sexy, or cool, and a woman might spend one-third of her life in it-but that doesn't mean women should suffer in silence without support. Let the outspoken and honest Amanda Thebe be your guide to surviving-and thriving-during menopocalypse.

Shared Sisterhood Tina Opie, Beth A.

Livingston, 2022-10-11 Gender equity can't happen without racial equity. We need Shared Sisterhood. Bias persists in organizations and society. Despite efforts that have been made in the last few decades, gender and racioethnic equity still hasn't been achieved. What's worse, Black, Indigenous, Asian, and Latina women are being held back more than their White counterparts. We need to change how we strive for equity. We must move beyond individual solutions toward collective action, where people from historically power-dominant and marginalized groups work together, so that all women experience the benefits of professional growth and equity. We need Shared Sisterhood, and anyone, regardless of gender, can join in. Professor Tina Opie first started Shared Sisterhood as a movement to drive gender and racial equity in organizations. Since then, she and professor Beth A. Livingston have worked together to spread the word to leaders across

organizations, with thousands of followers joining the cause. In this book, they explain how to use vulnerability, trust, empathy, and risk-taking to build Shared Sisterhood and break down three key parts of the process: Dig into your own assumptions around racioethnicity, gender, and power Bridge the divide between women of all backgrounds through authentic relationships Advance all women across the organization and beyond Balancing a mix of history, research, and real-life examples—including the authors' own experiences—this book encourages everyone to join Shared Sisterhood and advance equity for all.

The Moronic Inferno Martin Amis, 2010-12-23
At the age of ten, when Martin Amis spent a year in Princeton, New Jersey, he was excited and frightened by America. As an adult he has approached that confusing country from many arresting angles, and interviewed its literati, filmmakers, thinkers, opinion makers, leaders and crackpots with characteristic discernment and wit. Included in a gallery of Great American Novelists

are Norman Mailer, Gore Vidal, Truman Capote, Joseph Heller, William Burroughs, Kurt Vonnegut, John Updike, Paul Theroux, Philip Roth and Saul Bellow. Amis also takes us to Dallas, where presidential candidate Ronald Reagan is attempting to liaise with born-again Christians. We glimpse the beau monde of Palm Beach, where each couple tries to out-Gatsby the other, and examine the case of Claus von Bulow. Steven Spielberg gets a visit, as does Brian de Palma, whom Amis asks why his films make no sense, and Hugh Hefner's sybaritic fortress and sanitised image are penetrated. There can be little that escapes the eye of Martin Amis when his curiosity leads him to a subject, and America has found in him a superlative chronicler.

Love and Laughter in the Time of Chemotherapy
Manjusha Pawagi, 2017-10-10 Manjusha Pawagi, a successful family court judge, has written a not-so-typical memoir about her experience with cancer. Wryly funny and stubbornly hopeful, this is her quirky take on what it's like to face your own mortality when, to be honest, you thought you'd live forever. She describes how even the darkest moments of life can be made worse with roommates; details how much determination it takes to ignore the statistics; and answers the age-old question: what does it take to get a banana popsicle around here?

Playing God Anthony Youn M.D., Alan Eisenstock, 2019-09-17 "I am a doctor." Every year, thousands of medical school graduates utter these four simple words. But as you will see in *Playing God*, earning an M.D. is just the first step to

becoming a real physician. In this page-turning, thrilling, and moving memoir, Dr. Anthony Youn reveals that the true metamorphosis from student to doctor occurs not in medical school but in the formative years of residency training and early practice. It is only through actually saving and losing patients, taking on the medical establishment, wrestling with financial and emotional survival, and fighting for patients' lives that a young doctor becomes a mature and competent physician. Dr. Youn takes you from the operating rooms of a university surgery residency program to the gleaming offices of top Beverly Hills plastic surgeons to opening the doors of his empty clinic as a new doctor with no money, no patients, and mountains of debt. *Playing God* leaves you with an unexpected answer to that profound question: "What does it mean to be a doctor?" In *Playing God*, you will take a journey through the world of surgery, hospitals, and the practice of medicine unlike any that you have traveled before.

1868 St. Bernard Parish Massacre, The: Blood in the Cane Fields C. Dier, 2017 Days before the tumultuous presidential election of 1868, St. Bernard Parish descended into chaos. As African American men gained the right to vote, white Democrats of the parish feared losing their majority. Armed groups mobilized to suppress these recently emancipated voters in the hopes of regaining a way of life turned upside down by the Civil War and Reconstruction. Freedpeople were dragged from their homes and murdered in cold blood. Many fled to the cane fields to hide from

their attackers. The reported number of those killed varies from 35 to 135. The tragedy was hidden, but implications reverberated throughout the South and lingered for generations. Author and historian Chris Dier reveals the horrifying true story behind the St. Bernard Parish Massacre.

Why should one go vegan? Is veganism the positive change the world needs? Vegan Voices: Essays by Inspiring Changemakers is a comprehensive collection of compelling testimonials about how our food choices are deeply connected to the pressing challenges and issues of our time. Areas covered include personal and global health; the devastation of animal agriculture to the environment; society's collective loss of compassion and connection to our kindred animals; and the desire for a world of greater peace, harmony, and inclusivity. The book points to the need for a cultural and spiritual transformation in which we embrace the commonalities between all living beings as a source of positive change and healing. Author and editor Joanne Kong has brought together the most inspiring and influential changemakers from around the world at the forefront of the vegan movement.
